*Auto/biographical narratives of the Americas are marked by the underlying themes of movement and belonging. This collection proposes that the impact of the historic or contemporary movement of peoples to, in, and from the Americas—whether chosen or forced—motivates the ways in which identities are constructed in this contested space. Such movement results in a cyclical quest to belong, and to understand belonging, that reverberates through narratives of the Americas. The volume brings together essays written from diverse national, cultural, linguistic, and disciplinary perspectives to trace these transnational motifs in life writing across the Americas. Drawing on international scholars from the seemingly disparate regions of the Americas—North America, the Caribbean, and Latin America—this book extends critical theories of life writing beyond limiting national boundaries. The scholarship included approaches narrative inquiry from the fields of literature, linguistics, history, art history, sociology, anthropology, political science, pedagogy, gender studies, critical race studies, and indigenous studies. As a whole, this volume advances discourse in auto/biography studies, life writing, and identity studies by locating transnational themes in narratives of the Americas and placing them in international and interdisciplinary conversations.*

Pulp History brings to life extraordinary feats of bravery, violence, and redemption that history has forgotten. These stories are so dramatic and thrilling they have to be true. In Devil Dog, the most decorated Marine in history fights for America across the globe—and returns home to set his country straight. Smedley Butler took a Chinese bullet to the chest at age eighteen, but that did not stop him from running down rebels in Nicaragua and Haiti, or from saving the lives of his men in France. But when he learned that America was trading the blood of Marines to make Wall Street fat cats even fatter, Butler went on a crusade. He threw the gangsters out of Philadelphia, faced down Herbert Hoover to help veterans, and blew the lid off a plot to overthrow FDR.

When the Second World War air raids threaten their safety in the city, Carrie and her brother Nick are evacuated to a small Welsh village. There's mean Mr Evans, who won't let the children eat meat; but there ' s also kind Auntie Lou. Then there's Hepzibah Green, the witch at Druid ' s Grove who makes perfect mince pies, and the ancient skull with its terrifying curse... For adults and young people aged eight and over. Emma Reeves has created a stunning stage adaptation of Nina Bawden ' s most loved classic account of life as an evacuee in the 1940s, which opened at the Lillian Bayliss Theatre in November 2006. Ever witness a miracle up front? Do you know anybody who has seen many and lived to tell it all? If your answer is no, you should read my book "Wounded." It is based on a true story of one man's struggles throughout his life. It will take you to the depths of poverty like no other. It will display how hard it is for someone to survive lacking the basic needs in life. The main character is a man named Santiago Jim Nunez. He is a Mexican American born in East Los Angeles, CA in 1949. He lived through foster homes since the age of six years old till he was 18 years old. His struggles continued when he went to fight in the Vietnam War. He was critically wounded and returned home. Only to discover a world where nobody cared about the veterans coming back from Nam. The aftermath and pain that came with it was draining. The lengthy battles with the VA to the constraints of money and resources. The battle between good and evil showdowns the ultimate test of faith. The battle is constantly fought throughout the entire book. This story is through the eyes of a young, battle weary soldier, adjusting to civilian life. The horrors that came home with Jim were relentless. They also took a toll on his personal relationships and his family. With nowhere to turn for help and the VA's lack to acknowledge veteran issues, Jim turned to the Lord for help. His faith would be tested in the most crucial times of his life. Throughout all the good and bad times, Jim never lost his faith. It is the biggest reason he conquered his demons and is here to share his story today. His story is one that is not here to glamourize his mistakes. What it is here for is to instill hope and faith in others who feel alone. To help those who have gone through the same pitfalls as he has. Others who feel like they have no place to turn for help. The same way he felt when he came back from Vietnam. It is here to give thanks to the many who helped him with his struggles along the way. It is here to give thanks to the Lord for all his blessings he has endured through life. The great changes he made to make life worth living and fighting for.

Even if you don't happen to be a celebrity, this book will teach you methods for striking publishing gold—conceptualizing, selling, and marketing a memoir—while dealing with the complicated emotions that arise during the creation of your work. If you've ever been told that "You should really write a book" and you've decided to give it a try, this book is for you. It hones in on the three key measures necessary for aspiring authors to conceptualize, sell, and market their memoirs. Written especially for those who don't happen to be celebrities You Should Really Write a Book reveals why and how so many relatively unknown memoirists are making a name for themselves. With references to more than four hundred books and six memoir categories, this is essential reading for anyone wanting to write a commercially viable memoir in today's vastly changing publishing industry. The days are long gone when editors and agents were willing to take on a manuscript simply because it was based on a "good" idea or even because it was well written. With eyes focused on the bottom line, they now look for skilled and creative authors with an established audience, too. Brooks and Richardson use the latest social networking, marketing, and promotional trends and explain how to conceptualize and strategize campaigns that cause buzz, dramatically fueling word-of-mouth and attracting attention in the publishing world and beyond. Full of current examples and in-depth analysis, this guide explains what sells and why, teaches writers to think like publishers, and offers guidance on dealing with complicated emotions—essential tools for maximizing memoir success.

On the heels of her mother's death, Hope Logan reluctantly returned to her grandparents' home place in search of a journal that revealed explosive crimes and atrocities of the past that had haunted her grandma for nearly sixty-five years. Bitterness, unforgiveness, and anger consumed her as she set out to solve the mystery that surrounded her grandma's life. The dark evil secret that was contained in the journal only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness, unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity. Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. She is retired from Union County Public Schools where she was an Administrative Assistant to the Assistant Superintendent. She has two daughters and four grandchildren who also reside in the Old North State. Lola was a buckshot-riddled stray, lost on a Memphis highway. Cody was rejected from seven different homes. Ace had been sprayed with mace and left for dead on a train track. They were deemed unadoptable. Untrainable. Unsalvageable. These would become the same dogs America relied on when its worst disasters hit. In 1995, Wilma Melville volunteered as a canine search-and-rescue (SAR) handler with her Black Labrador Murphy in the aftermath of the Oklahoma City bombing. At the time, there were only fifteen FEMA certified SAR dogs in the United States. Believing in the value of these remarkable animals to help save lives, Wilma knew many more were needed in the event of future major disasters. She made a vow to help 168 dogs receive search-and-rescue training in her lifetime—one for every Oklahoma City victim. Wilma singlehandedly established the National Disaster Search Dog Foundation (SDF) to meet this challenge. The first canine candidates—Ana, Dusty, and Harley—were a trio of golden retrievers with behavioral problems so severe the dogs were considered irredeemable and unadoptable. But with patience, discipline, and love applied during training, they proved to have the ability, agility, and stamina to graduate as SARs. Paired with a trio of firefighters, they were among the first responders searching the ruins of the World Trade Center following 9/11—setting the standard for the more than 168 of the SDF's search-and-rescue dogs that followed. Beautiful and heart-wrenching, Hero Dogs is the story of one woman's dream brought to fruition by dedicated volunteers and firefighters—and the bonds they forged with the incredible rescued-turned-rescuer dogs to create one of America's most vital resources in disaster response.

Just for a moment imagine yourself the spouse or even the parent of someone in prison. What images come to your mind? In her story, the author challenges us to think outside of our own mindsets. Through the writer's eyes you will see glimpses of what it is really like from the outside looking in. It is her hope that as you read you will not only recognize things that have "imprisoned" you but that you will be set free from those things. Isaiah 61:1 The Spirit of the Lord is upon me because the Lord hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound... ----- Regina Moody currently lives in Kinston, Alabama. She and Mickey have been married for 19 years. They have one son (Braxton Lee Moody). She is employed full time as a nurse. She and her family attend New Life Worship Center in Samson, Alabama. In recent years, she has served on many Kairo's outside teams. (An international ministry designed to help women who have loved ones incarcerated). Presently she helps with a local jail ministry.

Faith. Trust. Triumph. "I'm sorry," the doctor said. "He is permanently and totally blind. There is nothing we can do for him." George and Sarah Hingson looked at each other, devastated. Their six-month-old son, Michael was a happy, strawberry blond baby boy, healthy and normal in every way except one. When the Hingsons switched on a light or made silly faces, Michael did not react. Ever. "My best suggestion is that you send him to a home for the blind," the doctor continued. "He will never be able to do anything for himself." Forty-seven years later, a yellow Labrador retriever puppy was born in the whelping unit of Guide Dogs for the Blind in San Rafael, California. The puppy's name was Roselle. On September 11, 2001, she saved Michael's life. This is Roselle's story too. —From the Introduction Every moment in Michael Hingson's and Roselle's lives seemed to lead up to this day. When one of four hijacked planes flew into the World Trade Center's north tower on September 11, 2001, Michael Hingson, a district sales manager for a data protection and network security systems company, was sitting down for a meeting. His guide dog, Roselle, was at his feet. Paired for twenty-one months, man and dog spent that time forging a bond of trust, much like police partners who trust their lives to each other. Michael couldn't see a thing, but he could hear the sounds of shattering glass, falling debris, and terrified people flooding around him and Roselle. However, Roselle sat calmly beside him. In that moment, Michael chose to trust Roselle's judgment and not to panic. They were a team. Thunder Dog is a story that will forever change your spirit and your perspective. It illuminates Hingson's lifelong determination to achieve parity in a sighted world and how the rare trust between a man and his guide dog can inspire an unshakable faith in each one of us.
