Rescued from a Dumpster on the Upper West Side of Manhattan, a discarded diary brings to life the glamorous, forgotten world of an extraordinary young woman. For more than half a century, the red leather diary lay silent, languishing inside a steamer trunk, its worn cover crumbling into little flakes. When a cleaning sweep of a New York City apartment building brings this lost treasure to light, both the diary and its owner are given a second life. Recovered by Lily Koppel, a young writer working at the New York Times, the journal paints a vivid picture of 1930s New York—horseback riding in Central Park, summer excursions to the Catskills, and an obsession with a famous avant-garde actress. From 1929 to 1934, not a single day's entry is skipped. Opening the tarnished brass lock, Koppel embarks on a journey into the past, traveling to a New York in which women of privilege meet for tea at Schrafft's, dance at the Hotel Pennsylvania, and toast the night at El Morocco. As she turns the diary's brittle pages, Koppel is captivated by the headstrong young woman whose intimate thoughts and emotions fill the pale blue lines. Who was this lovely ingénue who adored the works of Baudelaire and Jane Austen, who was sexually curious beyond her years, who traveled to Rome, Paris, and London? Compelled by the hopes and heartaches captured in the pages, Koppel sets out to find the diary's owner, her only clue the inscription on the frontispiece—"This book belongs to . . . Florence Wolfson." A chance phone call from a private investigator leads Koppel to Florence, a ninety-year-old woman living with her husband of sixty-seven years. Reunited with her diary, Florence ventures back to the girl she once was, rediscovering a lost self that burned with artistic fervor. Joining intimate interviews with original diary entries, Koppel reveals the world of a New York teenager obsessed with the state of her soul and her appearance, and muses on the serendipitous chain of events that returned the lost journal to its owner. Evocative and entrancing, *The Red Leather Diary* re-creates the romance and glitter, sophistication and promise, of 1930s New York, bringing to life the true story of a precocious young woman who dared to follow her dreams.

One of the brilliant titles in Jean Ure's acclaimed series of humorous, delightful and poignant stories written in the form of diaries and letters which make them immediately accessible to children.

"On an island lives a boy called Peter and his band of merry lost boys, young forever. That is, unless they get sick or killed by pirates or eaten by crocodiles or unless—inexplicably—they grow old. For some of them do grow old, and nobody knows why. One of these boys is called Jamie, and he was the first boy that Peter ever brought to the island. Jamie's lived there for longer than he can remember, and it's not all fun and games. Peter thinks the boys are replaceable, that if one dies or grows up, he can swap in another from the Other Place, the place where he collects new playmates. Jamie looks out for the boys and takes care of them. He does everything Peter does not. Jamie tries to keep them alive because, to him, they matter. When Peter steals a boy who is too young, Jamie takes the boy under his wing. But Peter won't have that, for nobody will ever take Jamie from him. Ever"--

"A compelling debut that fizzes with tension from start to finish, blending the subtle erudition of literary fiction with the drama and suspense of the very best thrillers.
