"Flip Flap Try" is a book that should be a gift for every child. Imagine what our world would be like if every person were empowered to find the career that used their strengths every day! If the shame of moving to find the right "fit" were removed, as adults we would find our self-esteem, productivity and sense of purpose soar. Unremitting Solace will remind you of things that you already know, and you'll experience a feeling of encouragement and understanding within yourself which will favorably complement a choice for change. It will move you toward your dreams and goals and toward discovering spiritual awakening. This book is the result of the culmination of years of experiencing all that there is--of acceptance, faith, love, forbearance, and a true calling to uphold a world in common. You will realize that you are a fine and beautiful individual no different from any other being. When you read this book it will help you to see the struggles of life without holding on to the pain. You will be able to accept life as it happens and understand the development of your own growth as well as reaching unremitting solace. The poems are alive from deep soul living and at times painful, but encompassing ultimate earthly kindness and compassion. Reading these poems will entice you to realize true and consoling circumstances for a deeper development of your humanity that will brighten, console and appease your soul.

The keys to success in a motivational autobiography by New Zealand's top multisport athlete. Steve Gurney is an exceptional athlete. He has been in 19 of the epic Coast to Coast races in a row, and he has won nine of them. He has represented New Zealand twice at the World Mountain Bike champs and has spent a lot of time adventure racing in far-flung jungles, caves, mountains and deserts. This*

motivational, funny and frank autobiography covers Steve's multisport career and his life in general. It's aimed at business/sports people wanting to know the keys to success, people interested in mental health issues, people who want to be inspired and to get motivated and driven people who want to understand themselves better. 'Have really enjoyed the read. A number of my training mates are also reading it, and it has created quite a lot of discussion while running/cycling and over coffees/beers. We have definitely picked up some training tips and also probably made us reflect on why we do this type of sport....personally I think his honesty makes it a book well beyond multisport.' - Matt Cowie, Weekend Warrior
"a great mentor to a new Toastmaster. It complements the Toastmaster Competent Communicator Manual and gives the user ideas and insights into how to address stops and barriers they may experience and move efficiently through their initial Toastmasters Communication training" - Lance Miller, World Champion of Public Speaking

The gift of mentoring is one of the benefits offered through a Toastmasters International club educational program. If a club has a mentoring program established, this book will stimulate new thinking for consideration. Is a club struggling to meet the expectation of a mentoring program? Mentoring: Value-Based Empowerment offers insights for developing a transformational mentor experience. An essential element of any successful club level mentoring program is to demonstrate the Toastmasters International values of respect, integrity, service, and excellence.

For many Toastmasters Clubs, one of the biggest challenges in running a successful and productive club is maintaining a constant flow of visitors to attend and join you and your fellow Toastmasters as a member. Members come and members go. Life happens! Your Club membership can quickly change from a healthy charter-strength club to one in danger of losing its Charter. Veteran Toastmaster of over two decades, Rae Stonehouse DTM (Distinguished Toastmaster), PDG (Past District Governor, District 21) has witnessed the cycle several times with his own club Kelowna Flying Solo Toastmasters. Toastmasters are social! Toastmasters are known to be quite social, after-all we are striving to hone our communication skills. Then along comes social media and on-line tools that can increase not only our reach but our productivity. Social media is here to stay! Social media is here to stay, at least until the next "big thing" comes along. Keeping up with what's new, what's hot and what's not could easily turn into a full-time job. And indeed it has for many people as we have created a new career as Social Media Managers. The Power of Promotion! On-line Marketing For Toastmasters Club Growth by Rae Stonehouse flattens the learning curve for anyone who wants to maximize their time spent on-line, without turning it into a full-time job. Rae believes that Toastmasters clubs should be run like businesses and social media platforms provide promotional and marketing opportunities that can help spread the word about one of the world's best kept secrets... Toastmasters. In this easy-to-read, how-to manual, Rae shares his experience with using social media to draw attention to his Toastmasters club and to convert visitors to social media properties to actually visit his club and to join. Sometimes it has worked ... sometimes not!

For everyone who needs to communicate effectively before groups from two to 2,000, this volume teaches readers the best places to start, and how to build their speaking experiences while enhancing their careers, business reputations, and serving the community. Includes tips, techniques and strategies made famous by Toastmaster's International.

An offbeat journey into the thriving world of the American motivation business looks at the influence of such key figures as Anthony Robbins, Zig Ziglar, and other motivational speakers on American popular culture and attitudes, revealing the hype, shameless self-promotion, and personal testimonies that mark many of such figures.

Raising a Toast is a compilation of 20 speeches that I had the good fortune of delivering in my journey as a Toastmaster. Most of these speeches have sprung from my personal anecdotes—some funny, some thought-provoking. Few speeches will tell you stories of past and present, of people and places through my eyes. And then, there are a couple of speeches that raise some questions, for you and me to reflect upon. But one common link that binds them all, is the stage of Toastmasters where they found life. Each of these speeches gave me an opportunity—to pen down some burning message inside of me, to share my story to any audience which was willing to listen, to connect with those who took back something from what I had to say. Raising a Toast is a humble attempt to carry these anecdotes, these stories, these questions from the conventional stage to the paperback stage. Written with the sole agenda of reaching out to more souls out there who are willing to listen. And with the hope, that when they read this, they get inspired to share their set of stories with the world.

Book Yourself Solid-now in paperback-is a complete instructional guide for startingn and growing a successful service business. It gives you simple, yet effective techniques for creating relentless demand and endless leads. It includes more than 200 proven marketing strategies for attracting new clients, earning more referrals, and building profitable, long-lasting professional relationships. If you want to take your service business to the next level, start here and Book Yourself Solid.

Presentation Patterns is the first book on presentations that categorizes and organizes the building blocks (or patterns) that you'll need to communicate effectively using presentation tools like Keynote and PowerPoint. Patterns are like the lower-level steps found inside recipes: they are the techniques you must master to be considered a master chef or master presenter. You can use the patterns in this book to construct your own recipes for different contexts, such as business meetings, technical demonstrations, scientific expositions, and keynotes, just to name a few. Although there are no such things as antirecipes, this book shows you lots of antipatterns—things you should avoid doing in presentations. Modern presentation tools often encourage ineffective presentation techniques, but this book shows you how to avoid them. Each pattern is introduced with a memorable name, a definition, and a brief explanation of motivation. Readers learn where the pattern applies, the consequences of applying it, and how to apply it. The authors also identify critical antipatterns: clichés, fallacies, and design mistakes that cause presentations to disappoint. These problems are easy to avoid—once you know how. Presentation Patterns will help you Plan what you'll say, who you'll say it to, how long you'll talk, and where you'll present Perfectly calibrate.

your presentation to your audience Use the storyteller's "narrative arc" to full advantage Strengthen your credibility—and avoid mistakes that hurt it Hone your message before you ever touch presentation software Incorporate visuals that support your message instead of hindering it Create highly effective "infodecks" that work when you not able to deliver a talk in person Construct slides that really communicate and avoid "Ant Fonts," "Floodmarks," "Alienating Artifacts," and other errors Master 13 powerful techniques for delivering your presentation with power, authority, and clarity Whether you use this book as a handy reference or read it from start to finish, it will be a revelation: an entirely new language for systematically planning, creating, and delivering more powerful presentations. You'll quickly find it indispensable—no matter what you're presenting, who your audiences are, or what message you're driving home.

"In Story screenwriting guru Robert McKee presents his powerful and much sought-after knowledge in a comprehensive guide to the essentials of screenwriting and storytelling." -- Methuen.

A veteran journalist discovers an ancient system of speech techniques for overcoming the fear of public speaking—and reveals how they can profoundly change our lives. In 2010, award-winning journalist John Bowe learned that his cousin Bill, a longtime extreme recluse living in his parents' basement, had, at the age of fifty-nine, overcome a lifetime of shyness and isolation—and gotten happily married. Bill credited his turnaround to Toastmasters, the world's largest organization devoted to teaching the art of public speaking.

Fascinated by the possibility that speech training could foster the kind of psychological well-being more commonly sought through psychiatric treatment, and intrigued by the notion that words can serve as medicine, Bowe set out to discover the origins of speech training—and to learn for himself how to speak better in public. From the birth of democracy in Ancient Greece until two centuries ago, education meant, in addition to reading and writing, years of learning specific, easily taught language techniques for interacting with others. Nowadays, absent such education, the average American speaks 16,000 to 20,000 words every day, but 74 percent of us suffer from speech anxiety. As he joins Toastmasters and learns, step-by-step, to successfully overcome his own speech anxiety, Bowe muses upon our record levels of loneliness, social isolation, and political divisiveness. What would it mean for Americans to learn once again the simple art of talking to one another? Bowe shows that learning to speak in public means more than giving a decent speech without nervousness (or a total meltdown). Learning to connect with others bestows upon us an enhanced sense of freedom, power, and belonging.

Excellent business communication skills are especially important for information management professionals, particularly records managers, who have to communicate a complex idea: how an effective program can help the organization be better prepared for litigation, and do it in a way that is persuasive in order to win records program support and budget.

Six Key Communication Skills for Records and Information Managers explores those skills that enable records and information to have a better chance of advancing their programs and their careers. Following an introduction from the author, this book will focus on six key communication skills: be brief, be clear, be receptive, be strategic, be credible and be persuasive. Honing these skills will enable readers to more effectively obtain support for strategic programs, communicate more effectively with senior management, IT personnel and staff, and master key forms of business communication including written, verbal and formal presentations. The final chapter will highlight one of the most practical applications of applying the skills for records and information managers: the business case. Based on real events, the business cases spotlighted involve executives who persuaded organizations to adopt new programs. These case histories bring to life many of the six keys to effective communication, addresses communication skills specifically for records and information managers while clarifying how these skills can also benefit professionals in any discipline includes case history examples of how communications skills made a difference in business and/or personal success focuses on written, verbal and presentation skills, where many books emphasize only one of these areas
