Tools Of Titans The Tactics Routines And Habits Of Billionaires Icons And World Class Performers

The latest groundbreaking tome from Tim Ferriss, the #1 New York Times best-selling author of The 4-Hour Workweek. From the author: "For the last two years, I've interviewed more than 200 world-class performers for my podcast, The Tim Ferriss Show. The guests range from super celebs (Jamie Foxx, Arnold Schwarzenegger, etc.) and athletes (icons of powerlifting, gymnastics, surfing, etc.) to legendary Special Operations commanders and black-market biochemists. For most of my guests,

it's the first time they've agreed to a two-to-three-hour interview.

This unusual depth has helped make The Tim Ferriss Show the first business/interview podcast to pass 100 million downloads.

“This book contains the distilled tools, tactics, and ‘inside baseball’ you won’t find anywhere else. It also includes new tips from past guests, and life lessons from new ‘guests’ you haven’t met. “What makes the show different is a relentless focus on actionable details. This is reflected in the questions. For example: What do these people do in the first sixty minutes of each morning? What do their workout routines look like, and why? What books have they gifted most to other people? What are the biggest wastes of time for novices in their field? What supplements do they take on a daily basis? “I don’t view myself as an interviewer. I view myself as an experimenter. If I can’t test something and replicate results

in the messy reality of everyday life, I'm not interested.

“Everything within these pages has been vetted, explored, and applied to my own life in some fashion. I've used dozens of the tactics and philosophies in high-stakes negotiations, high-risk environments, or large business dealings. The lessons have made me millions of dollars and saved me years of wasted effort and frustration. “I created this book, my ultimate notebook of high-leverage tools, for myself. It's changed my life, and I hope the same for you.”

Achieve "Massive Action" results and accomplish your business dreams! While most people operate with only three degrees of action-no action, retreat, or normal action-if you're after big goals, you don't want to settle for the ordinary. To reach the next level, you must understand the coveted 4th degree of action. This 4th degree, also known as the 10 X Rule, is that level of action that guarantees companies and individuals realize their goals and dreams. The 10 X Rule unveils the principle of "Massive Action," allowing you to blast through business clichés and risk-aversion while taking concrete steps to reach your dreams. It also demonstrates why people get stuck in the first three actions and how to move into making the 10X Rule a discipline. Find out

In A Good Food Day, more than 100 recipes made with good-for-you ingredients make a good food day--a day when feeling good and eating well go hand in hand--easy and attainable. After years of thoughtless eating that led to weight gain and poor health, chef Marco Canora knew he had to make every day a good food day: a whole day in which every meal was full of healthy and delicious ingredients. But he wasn't willing to give up flavor for health. Instead of dieting, he decided to make simple, natural recipes fit for a food lover's palate. Marco explains the

secret powers of good-for-you ingredients (such as low-GI carbohydrates and alkaline-forming greens), and then builds them into recipes that are all about satisfaction, such as Amaranth Polenta with Tuscan Kale, Black Rice Seafood Risotto, Citrus-Spiked Hazelnut and Rosemary Granola, and Chickpea Crepe Sandwiches. He covers techniques to coax natural flavor out of dishes, including infusing seasoning into vegetable salads and pounding fresh herbs and spices into lean meats. To make a lasting change in your diet, the food you eat has to be delicious. A Good Food Day is for people who love real food,

THE INSTANT #1 NATIONAL BESTSELLER From the #1 New York Times bestselling authors of Extreme Ownership comes a new and revolutionary approach to help leaders recognize and attain the leadership balance crucial to victory. With their first book, Extreme Ownership (published in October 2015), Jocko Willink and Leif Babin set a new standard for leadership, challenging readers to become better leaders, better followers, and better people, in both their professional and personal lives.

Now, in THE DICHOTOMY OF LEADERSHIP, Jocko and Leif dive even deeper into the uncharted and complex waters of a concept first introduced in Extreme Ownership: finding balance between the opposing forces that pull every leader in different directions. Here, Willink and Babin get granular into the nuances that every successful leader must navigate. Mastering the Dichotomy of Leadership requires understanding when to lead and when to follow; when to aggressively maneuver and when to pause and let things develop; when to detach and let the team run and when to dive into the details and

micromanage. In addition, every leader must: · Take Extreme Ownership of everything that impacts their mission, yet utilize Decentralize Command by giving ownership to their team. · Care deeply about their people and their individual success and livelihoods, yet look out for the good of the overall team and above all accomplish the strategic mission. · Exhibit the most important quality in a leader—humility, but also be willing to speak up and push back against questionable decisions that could hurt the team and the mission. With examples from the authors' combat and training experiences in the SEAL teams, and

BONUS: This edition contains an excerpt from Steven Pressfield's The Profession. The author of the international bestsellers Gates of Fire and Tides of War delivers his most gripping and imaginative novel of the ancient world—a stunning epic of love and war that breathes life into the grand myth of the ferocious female warrior culture of the Amazons. Steven Pressfield has gained a passionate worldwide following

Where To Download Tools Of Titans The Tactics Routines And Habits Of Billionaires Icons And World Class Performers

for his magnificent novels of ancient Greece, Gates of Fire and Tides of War. In Last of the Amazons, Pressfield has surpassed himself, re-creating a vanished world in a brilliant novel that will delight his loyal readers and bring legions more to his singular and powerful restoration of the past. In the time before Homer, the legendary Theseus, King of Athens (an actual historical figure), set sail on a journey that brought him into the land of tal Kyrte, the “free people,” a nation of proud female warriors whom the Greeks called “Amazons.” The Amazons, bound to each other as lovers as well as fighters, distrusted the Greeks, with their boastful talk of “civilization.” So

when the great war queen Antiope fell in love with Theseus and fled with the Greeks, the mighty Amazon nation rose up in rage. Last of the Amazons is not merely a masterful tale of war and revenge. Pressfield has created a cast of extraordinarily vivid characters, from the unforgettable Selene, whose surrender to the Greeks does nothing to tame her; to her lover, Damon, an Athenian warrior who grows to cherish the wild Amazon ways; to the narrator, Bones, a young girl from a noble family who was nursed by Selene from birth and secretly taught the Amazon way; to the great Theseus, the tragic king; and to Antiope, the noble queen who betrayed tal Kyrte for the love of Theseus.

With astounding immediacy and extraordinary attention to military detail, Pressfield transports readers into the heat and terror of war. Equally impressive is his creation of the Amazon nation, its people, its rituals and myths, its greatness and savagery. Last of the Amazons is thrilling on every page, an epic tale of the clash between wildness and civilization, patriotism and love, man and woman. The 4-Hour Body is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all works. You will

(Disclaimer: This is NOT the original book. If you're looking for the original book, please use the following link: <http://amzn.to/2wR0e1z>) Tim Ferriss is an angel investor and advisor to various tech start-ups such as Facebook, Twitter, and Uber, among others. But perhaps he is most popular for his podcasts that feature guests from various disciplines, covering a wide array of topics from athletics to metaphysics. His podcast *The Tim Ferriss Show* has been downloaded over 80 million times, dubbing Tim the title *The Oprah of Audio*. He has written several books prior to *Tools of Titans*: - *The 4-Hour Workweek* (2007) -

fields, and are driving significant changes in the world in their own ways. Contributing guests include athletic power-couple Laird Hamilton and Gabby Reece, action star turned politician Arnold Schwarzenegger, philosopher Alain de Botton, journalist Malcolm Gladwell, and AcroYoga cofounder Jason Nemer, among others. For Tim, Tools of Titans is not just a compilation of quotations, but a toolkit full of results-driven tactics and philosophies that worked for successful people and for him. He calls it a buffet of performance-enhancing details and ideas. He encourages the readers to scan the book and to

feel free to skip parts liberally and intelligently. His goal is: "for each reader to like 50%, love 25%, and never forget the 10%." The structure of the original book is personality-based. This makes it easy for the reader to skip freely from one guest to the next, allowing the reader to see patterns, connect the dots, and extrapolate useful tips along with technical how-tos. There is merit to this format because it provides context and backstories to the quotable quotes and general learnings. That kind of format is fit for readers who are patient to read through interviews and anecdotes. However, it might not

Show. The guests range from super celebs (Jamie Foxx, Arnold Schwarzenegger, etc.) and athletes (icons of powerlifting, gymnastics, surfing, etc.) to legendary Special Operations commanders and black-market biochemists. For most of my guests, it's the first time they've agreed to a two-to-three-hour interview. This unusual depth has helped make The Tim Ferriss Show the first business/interview podcast to pass 100 million downloads. "This book contains the distilled tools, tactics, and 'inside baseball' you won't find anywhere else. It also includes new tips from past guests, and life lessons from new 'guests'

you haven't met. "What makes the show different is a relentless focus on actionable details. This is reflected in the questions. For example: What do these people do in the first sixty minutes of each morning? What do their workout routines look like, and why? What books have they gifted most to other people? What are the biggest wastes of time for novices in their field? What supplements do they take on a daily basis? "I don't view myself as an interviewer. I view myself as an experimenter. If I can't test something and replicate results in the messy reality of everyday life, I'm not interested. "Everything within these

self-talk, supplements, favorite questions, and much more. – Tim Ferriss Expect to see a lot of quotes, common habits and recommendations, new tips and life lessons from 'Titans' featured in this book. This book is much more than a compilation of quotes and life lessons. It is a toolkit for changing your life, and most of all, be successful. Everything in the book has been explored and applied by the author himself, in some fashion. As the author says, "They work when you need them most." Some tools are obvious at first glance, while others are subtle and will really ring through your senses. At the end of the book, the valuable nuggets and words of wisdom you learned from the Titans should

motivate you to take action, increase your productivity, change your perceptions about life and success. What not to expect from this book? Don't expect it to solve all your problems. Yes, it is meant to inspire but don't expect that everything that worked for other people will also work for you. If you think a certain tool, which worked for a Titan is not fitting for you, feel free to skip to the next Titan featured here. Don't forget that it is completely different for every person. This is why the book is NOT presented in a linear way. It allows you to read what catches your attention and skip the ones that do not apply to your situation. Don't expect a quick fix for your problem. This book may not change your life

overnight. Remember that Rome wasn't built in a day. Like any other self-help book, it is only going to help if you're willing to put in the work. Who would benefit from this book? Honestly, this book applies to everyone. There is so much gold and nuggets here that everyone can take advantage of. This book is not meant only for the businessmen, investors, athletes, professionals and other high-profilers. This is generally created to benefit even the most common people in the world – if one is willing to take action and apply whatever tools will work for oneself. If you're interested in learning past and new strategies used by some of the world's most successful people, then this is the right book for you.
