Buyers Beware treats Caribbean pop cultural texts with the same critical attention as dominant mass cultural representations of the region to read them against the grain and consider how, and whether, their "pulp" preoccupation with contemporary fashion, music, sex, fast food, and television, is instructive for how race, class, gender, sexuality, and national politics are disseminated and consumed within the Caribbean.

Insurgency and Consumption in Caribbean Popular Culture

A psychological thriller in the tradition of Patricia Highsmith about two couples caught in a web of conflicting passions while deep-sea diving off the beautiful Canary Islands In the late 1990s, Sven Fiedler and his girlfriend, Antje, left Germany for the island of Lanzarote, rejecting what Sven considered a vulgar culture of materialism and judgment. The young couple set up a diving service catering to tourists eager to bask in the warm sunshine and explore the silent, gleaming marine paradise that makes this otherwise barren volcanic island such a remarkable retreat. Sven's approach was simple: take the mechanics of diving seriously, instruct his clients clearly, and stay out of their personal business as best he can. And life on the island goes smoothly until two German tourists—Jola von der Pahlen, a daytime soap star on the verge of cinematic success, and Theo Hast, a stalled novelist—engage Sven for a high-priced, intensive two-week diving experience. Staying in a guest house on Sven and Antje's property, the two visitors and their hosts quickly become embroiled in a tangle of jealousy and suspicion. Sven is struck by Jola's beauty, her evident wealth, and her apparently volatile relationship with the much older Theo. Theo quickly leaps to the conclusion that Sven and Jola are having an affair, but, oddly, he seems to facilitate it rather than trying to intervene. Antje, looking on, grows increasingly wary of these particular clients. As the point of view shifts from one character to the next, the reader is constantly kept guessing about who knows what, and, more important, who is telling the truth. A brutal game of delusion, temptation, and manipulation plays out, pointing toward a violent end. But a quiet one, down in the underwater world beneath the waves.

India's history and culture is ancient and dynamic, spanning back to the beginning of human civilization. Beginning with a mysterious culture along the Indus River and in farming communities in the southern lands of India, the history of India is punctuated by constant integration with migrating peoples and with the diverse cultures that surround the country. Placed in the center of Asia, history in India is a crossroads of cultures from China to Europe, as well as the most significant Asian connection with the cultures of Africa. The Historical Dictionary of Ancient India provides information ranging from the earliest Paleolithic cultures in the Indian subcontinent to 1000 CE. The ancient history of this country is related in this book through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on rulers, bureaucrats, ancient societies, religion, gods, and philosophical ideas.

You have the ability, experience and behavioural finesse. But even then, you are not able to succeed. Why is that so? Whereas some people are less educated but earn millions. They achieve big success even after doing less hard work. They are not good in behavioural terms but they join the ranks of influential people. Have you ever thought about it? If you have not, we can tell you the secret behind this. Because this difference is of the brain and brain is the power that recognizes the power hidden in thoughts. Then, you can win any big battle. Tarun Engineer has written many Superhit books for the Diamond Books, Raja Pocket Books, Berrykerry Books & Ramesh Publishing House. *Life can be tough, but it's even tougher for a guy who's only two feet tall -- and utterly uncivilized. When the little primitive tumbles into the world of a reclusive young woman, he changes her life forever. It's not enough that she must protect herself from an insanely jealous ex-husband, she now has to nurse her tiny, unwanted guest back to health *and* maintain the secret of his existence! This contemporary thriller goes beyond the usual genre boundaries and delivers a story of intrigue, humor, history and suspense. Mato, the little primitive, has many talents. Not only is he a fearless warrior and intrepid hunter, but he's a gifted artist and seer. On a life-or-death mission for his clan, the two-foot tall hero faces a world dominated by giants whose magic has no limits. Fortunately, Mato runs into Tori Lanier, a young woman facing demons of her own. Together, they struggle to make sense of a world that grows more confusing every day. Once again, Josh Langston has produced a story filled with eccentric characters, clever dialog, cliff-hanging suspense, and surprising plot twists. If you're looking for a page-turner from a proven storyteller, this is it!*
