By haunted ships, I don't mean ghost ships wandering abandoned seas (as disturbing as that may be), but something much more frightening: ships haunted by ghosts, some friendly and some, well, deadly. Within these pages you will read the fascinating true stories of haunted ships, including ships such as: The Queen Mary, haunted by ghosts spanning the years from its days as a luxury cruise ship to its stress-filled years as a troop ship during war time. The USS Hornet CV-12, which was the sight of numerous tragic deaths and just as many disturbing ghost sightings (including a patient whose been waiting a long time to see the ship's doctor). The UB-65 German submarine, which has quite the list of fatal accidents before its assembly was even complete including the ghost of a deceased officer standing on its deck right before it peculiarly sank. The Palatine, which was seen burning, but still sailing on the anniversary of its shipwreck many years after. Discover the true stories about ghosts who tear the sheets of the beds of unsuspecting guests on a famous luxury liner, ghastly crew members tragically, and possibly maliciously, killed whose faces appear in waves beside the ship, and a lifeboat rowed by a literal skeleton crew. Learn about horrific accidents, rumored curses, and even exorcisms of seafaring vessels. Read about beautiful ghosts dressed to dance in one ship's former ballroom, officers in their dress whites still hard at work, wet footprints left behind by ghosts enjoying a swimming pool no longer present, and mischievous ghosts just wanting to have some fun at the expense of the living. Find out why you shouldn't take a modern cruise ship for granted for it might be haunted, and discover some ghosts are just trying to be helpful and comforting in their own, sometimes twisted, ways. You'll also find true stories of haunted beaches across the globe, including: A beach in India next to a cremation ground where it seems tourists are drawn out into the water-and to their death. A beach in Singapore that was the site of multiple mass civilian executions in World War II, a tragedy that has been reenacted multiple times by the spirits of those involved. A stretch of beach in Canada haunted by a man who wasn't allowed to remain at rest in his chosen burial place by the sea. What seems to be a deceptively family friendly beach in Texas-at least by day! Find out about the types of ghosts that choose to haunt beaches, including aggressive sailors, frightening mermaid-like creatures, and spirits whose presence can be felt even more powerfully than if they were physically present. Looking for a Scare? Then Read These 17 Spine-chilling Stories If you like real ghost stories and are ready for something besides haunted buildings, this book is definitely for you. Within these pages are the stories of true hauntings occurring in forests to this very day across the world. Some of these eyewitness accounts go back hundreds of years and, in some cases, the ghosts involved may go back even further. Imagine going for a calm, peaceful hike in the woods when a cloud of pitch black smoke appears before you, swirling and rising until it takes the form of a person and then disappears just as quickly. Or walking along a forested path when you feel a powerful, yet invisible, hand grip your ankle and throw you to the ground violently. Do not ignore the nightmarish, gurgling cry of a long-dead little girl still seeking her mother from deep within swampy waters. Maybe you will pay a visit to one particularly infamous forest only to find yourself lost and your electronic devices malfunctioning while a sense of despair and hopelessness begins to drive you almost to the point of suicide. Think of what it would be like seeing someone leap off from the edge of a cliff, but when you rush to look over the cliff to help, the "person" disappeared-without a footprint left behind. How would you respond to a woman's horrific cries for help, only to discover a clearing where the surrounding trees are covered in so much blood you could smell it? These true stories are about forests in places as diverse as India, England, Canada, and the United States. Some of the ghosts were murder victims, others fell in battle or were criminals of vigilante justice, and many are still mourning the dead. Some spirits will not even be aware of your presence; while others are so intent you can sense their presence even when they cannot be seen. In many of these forests you will hear blood-curdling sounds, such as the slaughtering of nonexistent animals, the drums of ancient warriors still marching into battle, the pounding hooves of powerful, yet dead, horses, and many, many unusual types of screams and cries. The next time you pay a visit to the woods for a hike or perhaps a pleasant walk, just remember things may not be as quiet and peaceful as they seem for there are ghosts within the forests. "Built in 1847 on the banks of the Ohio River, the Bellaire House is reputed to be one of the most haunted houses in America. Since the early 20th century, it has earned a reputation as a hotbed of paranormal activity-the site of apparitions, curses, psychic assaults, and violence. This is a collection of true ghost stories from the former owner of the Bellaire House and the proprietor of the Bellaire House Afterlife Research Center"--

100 True Ghost Stories is a bumper compilation of the first four True Ghost Stories books by Alan Toner, so if you have already bought Vols. 1-4 of the True Ghost Stories series, you won't need to buy this book, unless you want them all together in one big volume. 100 True Ghost Stories contains some of the most terrifying real-life cases of hauntings from both the UK and around the world. As well as including such famous cases as The Haunted Whaley House, The Amityville Horror and The Winchester Mystery House, the book also features lesser-known true ghost stories like The Haunted Wirral Museum, The Supermarket Spirit, The Bottom-Pinching Ghost and many more. If you love true ghost stories, then you will enjoy this book. Ideal reading for a cold, dark, winter's night.

"Police! Who goes there?" the cry goes out as a shaking torchlight illuminates a ghostly figure. The figure hangs for a moment then disappears and the officer is changed forever. Suddenly, a world that made sense has been turned upside down and the terrified family who first called the police remains uncomfortable. This family is not alone though, for all over the world, police officers come in contact with the strange and the paranormal. If it were anyone else, we would dismiss these tales as falsehoods by most. But the people in these stories are not unreliable witnesses or fanciful con artists; they are the men and women who serve our communities when terrifying forces seek to harm us. Our patrollers are trained to observe, to remember details, and to never assume things are as they seem; the officers involved in these stories have never been able to find rational explanations for their experiences. These accounts come from officers across the globe, from devout Catholics to staunch Atheists and everyone in between who could not have imagined what they would come across when they took their calls, and many of them wish they could forget their experiences after they did. Delve into these eighteen stories and discover that even those charged with protecting us witness things they were never equipped to deal with. If you are a non-believer, withhold your judgment until you have read the chillingly convincing evidence for yourself. If you already believe, you will know the fear these officers faced. When your job is to confront the evils that people can do to each other, to protect those who are unable to against harm, it is inevitable you will one day find something that you cannot protect. After all, as Nietzsche once said, "And if thou gaze long into an abyss, the abyss will also gaze into thee." Ready to scare yourself senseless? Scroll to the top of the page and hit buy!

HEART-POUNDED STORIES AND TRUE-LIFE EXPERIENCES UNVEIL THE REAL WORLD OF THE UNDEAD Otherworldly entities invade millions of lives every day, maybe even yours. For years, and in countries around the world, supernatural enthusiasts have turned to the Ouija board for their first glimpse of what lies beyond-a dimension where ghosts, spirits, demons, and devils roam free. With such a long and diverse history, it's unsurprising that Ouija has thrown up some interesting experiences. To some, it's just a bit of fun; a spooky parlor game to pass the time with friends. For others, however, the terrifying encounter haunts them for a lifetime; an experience never to be forgotten. These people would instantly erase their experience, if only they could... Haunted Ouija Boards dives into some of the spookiest encounters, giving us a spooky glimpse into the paranormal world-the book is filled with true stories from non-believers, believers, and Spiritualism fanatics, giving you a wide range of sources. Disturbing tales of lingering ghosts, ominous warnings, and implausibly correct predictions for the future are contained within. As we dig deeper, though, the stories become darker-demonic encounters, spirits physically attacking houseguests, and even the Ouija board becoming the motivation for murder. Never underestimate the powerful entities that the Ouija board can connect you with. As well as the compilation of terrifying true tales, Haunted Ouija Boards highlights just how dangerous this "simple board game" can be, and how to enjoy it safely-if that's even possible. Haunted Ouija Boards will challenge skeptics to become believers. All of this, made possible by one board, with 26 letters, ten numbers, and a few simple words. And a little help from the spirit world, of course.

Eerie True Paranormal Hauntings, Unexplained Phenomena And Disturbing True Ghost Stories Do you believe in ghosts? A lot of us have already been asked this question - some of us must have answered yes, many could have answered no, and others would say: "I will, when I see one." Well, if you had to experience even one of the things that we discuss in this book, perhaps, you will change your mind on actually seeing ghosts... It may be hard to accept that the place we are living in is occupied by entities we cannot see. Many claim that if a place becomes abandoned for a long time, then ghosts may see it as a sign of welcome, and hence, they would reside in that area. However, there are various reasons as to why a place (or a person) is haunted - it could be memories, a refusal to cross over, deliberately communicating with the dead or perhaps, one is just gifted. Reading this book may make you more aware of your surroundings; who knows, perhaps one of these days, you'll realize that a part of your life is also haunted... Get under the covers and turn the lights off for a book full of scary, haunted stories...

Most of them can actually be found recorded in the pages of old newspapers, passing on the eye-witness accounts of sightings. It is left to the reader to believe what they will and draw whatever conclusions they wish from the articles and stories, but they certainly DO make for entertaining reading.This book will not only recount ghost stories, and identify places reputed to be haunted, but also a few other odd, strange or scary phenomena will be examined which have been found to occur in Grayson County and the near vicinity over the years. Haunted Houses, Creepy Paranormal Accounts and Scary True Ghost Stories That Will Chill You to the Bone - Real True Ghost Stories

True Ghost Stories is a collection of real and frightening paranormal accounts from real people. Each story is unique in its own personal experience and has been told to the author, Selinda Hart. Having worked as an investigator and as a researcher for the paranormal radio show "Tia Maria" she has brought together some of the best hauntings, accounts of paranormal mysteries, and true ghost stories in this collection. The sixteen stories in this book include diverse paranormal phenomenon and unexplained mysteries set in different locations in the United States, and one compelling frightening story from Spain. As one former skeptic reports from his scary experience, "I was never a believer in the paranormal and I thought ghosts were simply a figment of someone's overactive imagination. I no longer scoff at people who claim to see ghosts. I never found out who or what was haunting that house. But I wasn't going to stay and find out." "The House off Greenville," "Red Balloon," "Ghost in the Bedroom," and "Who's been playing with my kids?" are real stories about events and paranormal activity that took place in the Dallas house where the author lived in as a single mom for over five years. Her children are grown now, but to this day they do not like talking about the strange activity and events that took place in that house. If you like reading scary stories, paranormal mysteries, and unexplained phenomenon, then "True Ghost Stories" will leave you with chills. So snuggle up, get under the covers and get ready for some serious goosebumps!

The most haunted neighborhood in America? That's what many are calling Old Louisville, an extensive preservation district with hundreds of old mansions and beautiful homes in Kentucky's largest city. Wherever you go in this eye-popping neighborhood, it seems that a haunted house is not far away. Or a haunted church, a haunted street corner, or a haunted park. Over the last decade, so many stories of paranormal activity have surfaced that Old Louisville has gained the reputation as being one of the spookiest locations in the country. David Dominic discovered this for himself after purchasing an old home on Old Louisville's famed Millionaires Row in 1999. A self-proclaimed skeptic, the food writer dismissed rumors of a mischievous resident poltergeist named Lucy when he moved in, but he quickly found himself at a loss to explain the disembodied footsteps and mysterious odors that seemed to plague the old house. Soon, he was talking to neighbors and fellow homeowners, and it seemed that everyone had stories of strange events and supernatural occurrences in their own dwellings. As a result, David set out to document and research these reports and began writing about the neighborhood; in the process he uncovered a wealth of fascinating history and ghostly tales that convinced him this historic neighborhood is like no other in the country. If you liked David Dominic's Ghosts of Old Louisville series, you'll love True Ghost Stories and Eerie Legends from America's Most Haunted Neighborhood. Edited and updated, this collection brings together the most popular and chilling tales from his previous books about one of the most fascinating neighborhoods in the country.

Looking for a Scare? Then Read These 15 Spine-chilling Stories The idea of a haunted castle isn't too foreign to most of us. After all, old castles undoubtedly saw many deaths, unjust executions, tortures, broken hearts, and violence in general. Even the most stunning and awe-inspiring castles can hide the darkest secrets, filled with spirits refusing to let those secrets die. From ghosts re-enacting their own executions to ever-present blood stains and playful phantom children, you will read chilling accounts of true hauntings in castles across the world. Ireland, New Zealand, Canada, Austria, the Czech Republic, and more are the homes of castles whose astounding history and unusual architecture are shadowed only by their reputation for paranormal phenomenon and restless ghosts. Consider the imposing Houska Castle, the site of secretive Nazi experiments in physics and the paranormal, which was built hundreds of years ago to keep evil inside rather than invaders out like most castles. The notorious Tower of London has its share of unruly spirits, including a massive bear that nearly scared a security guard to death. Those are just some of the frightening true stories within this book as you learn about the world's most haunted castles. You will discover a man dragged down a dungeon hallway still inhabited by the ghost of an evil torturer. You may laugh about how many ghostly photobombers enjoy showing up in tourists' pictures or gasp at the account of a headless drummer boy who suddenly disappears. Consider awakening in the middle of the night surrounded by a group of Druid-like monks. Think of how terrified you would be to encounter a suit of armor that let out a blood-curdling, pain-riddled scream. Ponder viewing security footage displaying a heavy door flinging wide open only seconds before a massive, hooded figure appears.

Incredible True Paranormal Accounts: True Ghost Stories And Hauntings From The Past Scientists studying parapsychology try to establish many possible theories to justify a paranormal claim. Sometimes they successfully rationalize the mystical incidences with explainable scientific data and facts. But when they fail, it becomes an unsolvable mystery and controversial phenomena for future generations. We know that some places on earth are cursed and are not safe for human habitation. But, can we always scientifically explain or rationalize why some places or objects are so unlucky or why we sometimes see or feel things that no one else does? In this book we will tell you of some real ghost stories, stories of mysterious objects and a number of very tragic incidents that have been hard for science to logically define. This book contains a number of ghostly incidents that no scientist, or criminal investigator could ever rationally justify. Read these disturbing stories from the past yourself and see if you can connect the theories or justify each and every phenomenon to establish them as rationalized events.

Eerie Legends And True Ghost Stories And Hauntings: Real True Paranormal Hauntings From The Past Prepare yourself for a walk through history as you will meet many seasoned ghosts from the past that have been haunting communities for centuries. You are about to meet quite a number of ghosts from all over the country and they will change your views on life and death, no doubt. It couldn't be that all souls remain here after they die or else our streets would be lined with the souls of our dearly departed and ghostly pranks and other inexplicable occurrences would not be so unusual at all. It may also be fascinating for some after they realize that it is not only the souls of humans that can be ghosts. Look at the Hell Dogs of Eldorado, the legend of the Coyote de la Muerte and even the horse in Texas' Headless Horseman. They were all animals and they too got trapped here without the sweet release of moving on to the other side. Have you ever thought about what could happen if we humans could find a way to keep our loved ones here and prevent them from moving on? What do you think, wouldn't you want to see your loved ones one more time, even if they had no bodies?

A real ghost story should never end perfectly. That is my rule of thumb. After investigating ghost experiences for nearly thirty years, I realised that the finely polished stories told by storytellers and "ghost walkers" were exactly that - polished. In polishing stories we lose the personality of the haunted and indeed the haunter itself, that is why in my books, research papers and articles, I always maintain the original testaments and facts. The stories that I have collected for you now are rough diamonds, totally unpolished and any additions by myself are kept to a minimum and noted clearly." P. [4] of cover.
