The Transportation Security Administration requested a study by the National Research Council (NRC) to establish the Committee on Airport Passenger Screening: Millimeter Wave Machines to evaluate two models of active millimeter wave scanners: the L3 ProVision 1 and L3 ProVision 2. Airport Passenger Screening Using Millimeter Wave Machines provides findings and recommendations on compliance with applicable health and safety guidelines and appropriateness of system design and procedures for preventing over exposure. This study addresses the issue of whether millimeter wave machines used at airports comply with existing guidelines and whether it would be possible for anything to go wrong with the machines so that, by mistake, it exposes a person to more than 10 W/m2.

Tour the Final Book of the Bible Revelation was written because God wants us to know what the future holds. For Christians, the prophetic truths within provide wisdom, reassurance, and discernment—while for unbelievers, Revelation is a plea to receive God's grace while there is still time. Bestselling author Amir Tsarfati examines what Revelation makes known about the end times and beyond. Guided by accessible teaching that lets Scripture speak for itself, you'll take a closer look at the timeline of what believers and nonbelievers will experience before, during, and after the tribulation plan that the Lord has specifically prepared for the people of Israel in the end times encouragements, challenges, and warnings Jesus Himself gave to prepare us for His return Revealing Revelation provides an eye-opening look at what lies ahead for every person in the end times—either in heaven or on earth. Are you prepared for what is to come?

Does the identification number 60 indicate a toxic substance or a flammable solid, in the molten state at an elevated temperature? Does the identification number 1035 indicate ethane or butane? What is the difference between natural gas transmission pipelines and natural gas distribution pipelines? If you came upon an overturned truck on the highway that was leaking, would you be able to identify if it was hazardous and know what steps to take? Questions like these and more are answered in the Emergency Response Guidebook. Learn how to identify symbols for and vehicles carrying toxic, flammable, explosive, radioactive, or otherwise harmful substances and how to respond once an incident involving those substances has been identified. Always be prepared in situations that are unfamiliar and dangerous and know how to rectify them. Keeping this guide around at all times will ensure that, if you were to come upon a transportation situation involving hazardous substances or dangerous goods, you will be able to help keep others and yourself out of danger. With color-coded pages for quick and easy reference, this is the official manual used by first responders in the United States and Canada for transportation incidents involving dangerous goods or hazardous materials.

The proven, effective strategy for reinventing your business in the age of ever-present disruption Disruption by digital technologies? That's not a new story. But what is new is the "wise pivot," a replicable strategy for harnessing disruption to survive, grow, and be relevant to the future. It's a strategy for perpetual reinvention across the old, now, and new elements of any business. Rapid recent advances in technology are forcing leaders in every business to rethink long-held beliefs about how to adapt to emerging technologies and new markets. What has become abundantly clear: in the digital age, conventional wisdom about business transformation no longer works, if it ever did. Based on Accenture's own experience of reinventing itself in the face of disruption, the company's real world client work, and a rigorous two-year study of thousands of businesses across 30 industries, Pivot to the Future reveals methodical and bold moves for finding and releasing new sources of trapped value-unlocked by bridging the gap between what is technologically possible and how technologies are being used. The freed value enables companies to simultaneously reinvent their legacy, and current and new businesses. Pivot to the Future is for leaders who seek to turn the existential threats of today and tomorrow into sustainable growth, with the courage to understand that a wise pivot strategy is not a one-time event, but a commitment to a future of perpetual reinvention, where one pivot is followed by the next and the next.

The Pulitzer Prize-winning author of All the Light We Cannot See, perhaps the most bestselling and beloved literary fiction of our time, comes a triumph of imagination and compassion, a soaring novel about children on the cusp of adulthood in a broken world, who find resilience, hope, and story. The heroes of Cloud Cuckoo Land are trying to figure out the world around them: Anna and Omeir, on opposite sides of the formidable city walls during the 1453 siege of Constantinople, defiant Seymour in an attack on a public library in present day Idaho, and Konstance, on an interstellar ship bound for an exoplanet, decades from now. Like Marie-Laure and Werner in All the Light We Cannot See, Anna, Omeir, Seymour, and Konstance are dreamers and outsiders who find resourcefulness and hope in the midst of peril. An ancient text—the story of Aethon, who longs to be turned into a bird so that he can fly to a utopian paradise in the sky—provides solace and mystery to these unforgettable characters. Doerr has created a tapestry of times and places that reflects our vast interconnectedness—with other species, with each other, with those who lived before us and those who will be here after we're gone. Dedicated to “the librarians then, now, and in the years to come,” Cloud Cuckoo Land is a hauntingly beautiful and redemptive novel about stewardship—of the book, of the Earth, of the human heart.

A debut YA novel-in-verse by Amber McBride, *Me (Moth)* is about a teen girl who is grieving the deaths of her family, and a teen boy who crosses her path. Moth has lost her family in an accident. Though she lives with her aunt, she feels alone and uprooted. Until she meets Sani, a boy who is also searching for his roots. If he knows more about where he comes from, maybe he'll be able to understand his ongoing depression. And if Moth can help him feel grounded, then perhaps she too will discover the history she carries in her bones. Moth and Sani take a road trip that has them chasing ghosts and searching for ancestors. The way each moves forward is surprising, powerful, and unforgettable. Here is an exquisite and uplifting novel about identity, first love, and the ways that our memories and our roots steer us through the universe.

This New York Times and USA TODAY bestseller is the perfect tool for children facing new social and emotional challenges in an increasingly disconnected world! This how-to book from two psychology experts--packed with fun graphics and quizzes--will help kids transform stress, worry, and anxiety. Give it to fans of *The Confidence Code for Girls* and *Raina Telgemeier's Guts*. Now more than ever, kids need to feel empowered as they work through anxiety, overwhelm, and uncertainty brought on by the world around them. With its helpful, hands-on suggestions and tips, *SUPERPOWERED* will be embraced by every kid with insecurities, worries, and anxious thoughts.
