Theory, Application and the Best Interests of the Child

The first new book from beloved therapist and writer Torey Hayden in almost fifteen years—an inspiring, uplifting tale of a troubled child and the remarkable woman who made a difference. Abandoned by her parents because of her violent streak, Jessie—at the age of ten—is at risk of becoming just another lost

soul in the foster system. Precocious and bold, Jessie is convinced she is possessed by the devil and utterly unprepared for the arrival of therapist Torey Hayden. Armed with patience, compassion, and unconditional love, Hayden begins working with Jessie once a week. But when Jessie makes a stunning accusation against one of Hayden's colleagues – a man Hayden implicitly trusts – Hayden's work doubles: now she must not only get to the root of Jessie's troubles, but also find out if what the girl alleges is true. A moving, compelling, and inspiring account, *Lost Child* is a powerful testament once again of Torey Hayden's extraordinary ability to reach children who many have given up on—and a reminder of how patience and love can ultimately prevail.

From Torey Hayden, the number one Sunday Times bestselling author of *One Child* comes *The Invisible Girl*, a deeply moving true account of a young teen with a troubling obsession and an extraordinary educational psychologist's sympathy and determination to help. Eloise is a vibrant and charming young teen with a deeply caring nature, but she also struggles with a worrying delusion. She's been moved from home to home, and her social workers have difficulty dealing with her habit

of running away. After experiencing violence, neglect and sexual abuse from people she should have been able to trust, Eloise has developed complex behavioural needs. After Torey learns of Eloise's background she hopes that some gentle care and attention can help Eloise gain some sense of security in her life. Can Torey and the other social workers provide the loving attention that has so far been missing in Eloise's life, or will she run away from them too?

Fall in love with the addictive, suspenseful love story between a teenage girl and a vampire with the book that sparked a "literary phenomenon" and redefined romance for a generation (New York Times). Isabella Swan's move to Forks, a small, perpetually rainy town in Washington, could have been the most boring move she ever made. But once she meets the mysterious and alluring Edward Cullen, Isabella's life takes a thrilling and terrifying turn. Up until now, Edward has managed to keep his vampire identity a secret in the small community he lives in, but now nobody is safe, especially Isabella, the person Edward holds most dear. The lovers find themselves balanced precariously on the point of a knife -- between desire and danger. Deeply romantic and extraordinarily suspenseful, Twilight captures the struggle between defying our instincts and satisfying our desires. This is a love story with bite. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, *Midnight Sun*: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

According to ancient prophecy, there's only one chance to avert the complete annihilation of the Undead. Twins James William and Brigit Poe part human, part vampire believe that they are that chance. In truth, the key lies with reclusive and mortal scholar, Lucy Lanfair. As Armageddon approaches, anti-vampire sentiment fuels a war neither side can win, driving James to abandon his moral code and draw Lucy into a deadly battle she wants no part of. But Lucy soon realises that

she holds this powerful immortal's soul in her hands, and that it's her destiny not only to stop a war, but to save James from his inner darkness. If she fails, his race will die and so will her heart. Is the power of their love strong enough to save the world?

Nine-year-old Cassandra, kidnapped by her father and found starving, dirty, and picking through garbage cans—is a child prone to long silences and erratic, violent behavior. Charming, charismatic four-year-old Drake will speak only in private to his mother—while his tough, unbending grandfather's demands for an immediate cure threatens to cause irreparable harm. And though she had never worked with adults, Hayden agrees to help fearful and silent eighty-two-year-old massive stroke victim Gerda—discovering in the

This fiery and provocative novel from the acclaimed Nobel Prize winner weaves a tale about the way the sufferings of childhood shape, and misshape, the life of the adult. At the center: a young woman who calls herself Bride, whose stunning blue-black skin is only one element of her beauty, her boldness and confidence, her success in life, but which caused her light-skinned mother to doubt her even the simplest forms of love. There is Booker, the man

loves, and loses to anger. Rain, the mysterious white child with whom she crosses paths. And finally, Bride's mother herself, Sweetness, who takes a lifetime to come to understand that "you do to children matters. And they might never forget." To save the vampire race, Brigit Poe must destroy Utana, the great king of the immortals, but as she goes up against the warrior, she discovers a passion that threatens the final outcome of their battle.

From the bestselling author of *One Child* comes this amazing, true story of a mute and withdrawn seven-year-old girl and the special education teacher determined never to abandon a child in need. Seven-year-old Venus Fox never spoke, never listened, never even acknowledged the presence of another human being in the room with her. Yet an accidental playground "bump" would release a rage frightening to behold. The school year that followed would be one of the most trying, perplexing, and ultimately rewarding of Torey Hayden's career, as she struggled to reach a silent child in obvious pain. It would be a strenuous journey beset by seemingly insurmountable obstacles and darkened by truly terrible revelations—yet encouraged by sometimes small, sometimes dramatic breakthroughs—as a dedicated teacher remained committed to helping a "hopeless" girl, and patiently and lovingly leading her toward the light of a new day.

Special-education teacher Torey Hayden's first book, *One Child*, was an international bestseller, thrilling readers on every continent. Their hearts were captured by Sheila, a silent, troubled girl who had been abandoned on a highway by her mother and abused by her alcoholic father, and who refused to speak. As Hayden writes in the prologue to this book, "This little girl had a profound effect on me. Her courage, her resilience, and her inadvertent ability to express that great, gaping need to be loved that we all feel -- in short, her humanness -- brought me into contact with my own." Since then Hayden has gone on to write books about many of her students, but her fans continue to ask her, "What happened to Sheila?" *The Tiger's Child* is her response. Here Hayden tells how Sheila, now a young woman, finally came to terms with her nightmare childhood. When Hayden was working on *One Child*, she showed the manuscript to Sheila, then a teenager, and was astonished to find that Sheila remembered almost nothing of her troubled younger years. She had no recollection of her many clashes with her teacher as Hayden tried to break

through her emotional pain. And although Hayden had managed to get Sheila to communicate and become an active and lively child, Sheila's home life was still very troubled. Her father had been sent to prison when she was eight and Sheila had run away from a series of foster homes until finally she was placed in a children's home. But as Hayden continued to renew her relationship with the teenage Sheila, the memories slowly came back, bringing with them feelings of abandonment and hostility. Overwhelmed by the intensity of her awakening emotions, Sheila was driven to suicidal despair. The Tiger's Child is the touching, inspiring story of how a maturing Sheila came to perceive her mother not as a monster who willfully cast off her eldest child, but as a weak, forlorn, ordinary human being. Able to appreciate her own strength and resilience, Sheila at last is free to overcome the haunting legacy of child abuse.

"A heartwarming book full of tenderness." --Library

Journal From the bestselling author of One Child, the true story of four problem children and one

extraordinary teacher. They were all "just somebody else's kids"—four problem children placed in Torey

Hayden's class because nobody knew what else to do with them. They were a motley group of children in

great pain: a small boy who echoed other people's words and repeated weather forecasts; a beautiful seven-

year-old girl whose brain was damaged by savage parental beatings; an angry and violent ten-year-old who

had watched his stepmother murder his father; a shy twelve-year-old who had been cast out of Catholic

school when she became pregnant. But they shared one thing in common: a remarkable teacher who would

never stop caring—and who would share with them the love and understanding they had never known and help

them become a family.

Finally, a beginning . . . The time had finally come. The time I had been waiting for through all these long

months that I knew sooner or later had to occur. Now it was here. She had surprised me so much by actually

crying that for a moment I did nothing but look at her. Then I gathered her into my arms, hugging her tightly.

She clutched onto my shirt so that I could feel the dull pain of her fingers digging into my skin. She cried and cried and cried. I held her and rocked the chair back and on its rear legs, feeling my arms and chest get damp from the tears and her hot breath and the smallness of the room.

At the day's end, Grandfather Twilight walks in the forest to perform his evening task, bringing the miracle of night to the world.

Angie Sage, New York Times bestselling author of the Septimus Heap series, crafts a fantasy world where enchantment is illegal, Oracles knit octopuses, wizards run around in soggy underpants, and one girl is on a mission to save Enchantment and Enchanters, which might just save the kingdom. Alex has a set of Enchanted cards. When she flutters her fingers above them, something magical happens: the cards come alive and create moving pictures of what is now and what is yet to come. But Enchantment is illegal in the city of Luma, and those who practice it are imprisoned forever in the Vaults—dark dungeons deep below the city. When Alex is betrayed by her foster sister Zerra, she knows she is in great danger. With the help of her little foster brother, Louie, she makes a daring escape. But Alex discovers she is not safe outside Luma either. Here lurk deadly Hauntings that seek out those who practice magic: Enchanters and their children. The Hauntings take many forms and Alex is hunted by a giant bird of prey, the Hawke, a murderous Night Wraith called the Grey Walker, and the eerie Xin. But why do the Hauntings haunt Alex? Alex doesn't believe she's an
