## ***Unfinished Nation A Concise History Seventh Edition***

Reconstruction: A Concise History' is a gracefully-written interpretation of Reconstruction as a spirited struggle to re-integrate the defeated Southern Confederacy into the American Union after the Civil War, to bring African Americans into the political mainstream of American life, and to recreate the Southern economy after a Northern, free-labor model.

Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling survey text

## Get Free Unfinished Nation A Concise History Seventh Edition

invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This sixth edition features a new series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

**At a time when liberalism is in disarray, this vastly illuminating book locates the origins of its crisis. Those origins, says Alan Brinkley, are paradoxically situated during the second term of Franklin Delano Roosevelt, whose New Deal had made liberalism a fixture of**

## Get Free Unfinished Nation A Concise History Seventh Edition

**American politics and society. The End of Reform shows how the liberalism of the early New Deal—which set out to repair and, if necessary, restructure America’s economy—gave way to its contemporary counterpart, which is less hostile to corporate capitalism and more solicitous of individual rights. Clearly and dramatically, Brinkley identifies the personalities and events responsible for this transformation while pointing to the broader trends in American society that made the politics of reform increasingly popular. It is both a major reinterpretation of the New Deal and a crucial map of the road to today’s political landscape.**

comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour

People, Combined Hardcover

A Concise History of the American People. To 1877

Outlines and Highlights for Unfinished Nation

*Reframing feminism for the twenty-first century, this bold and essential history stands up against "bland corporate manifestos" (Sarah Leonard). Eschewing the conventional wisdom that places the origins of the American women's movement in the nostalgic glow of the late 1960s, Feminism Unfinished traces the beginnings of this seminal American social movement to the 1920s, in the process creating an expanded, historical narrative that*

## Get Free Unfinished Nation A Concise History Seventh Edition

*dramatically rewrites a century of American women's history. Also challenging the contemporary "lean-in," trickle-down feminist philosophy and asserting that women's histories all too often depoliticize politics, labor issues, and divergent economic circumstances, Dorothy Sue Cobble, Linda Gordon, and Astrid Henry demonstrate that the post-Suffrage women's movement focused on exploitation of women in the workplace as well as on inherent sexual rights. The authors carefully revise our "wave" vision of feminism, which previously suggested that there were clear breaks and sharp divisions within these media-driven "waves." Showing how history books have obscured the notable activism by working-class and minority women in the past, Feminism Unfinished provides a much-needed corrective. The far right is back with a vengeance. After several decades at*

*the political margins, far-right politics has again taken center stage. Three of the world's largest democracies – Brazil, India, and the United States – now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and*

*insightful picture of one of the key political challenges of our time.*

*Now in a fully revised and updated edition, this history of modern Korea explores the social, economic, and political issues it has faced since being catapulted into the wider world at the end of the nineteenth century. Placing this formerly insular society in a global context, Michael J. Seth describes how this ancient, culturally and ethnically homogeneous society first fell victim to Japanese imperialist expansionism, and then was arbitrarily divided in half after World War II. Seth traces the postwar paths of the two Koreas—with different political and social systems and different geopolitical orientations—as they evolved into sharply contrasting societies. South Korea, after an unpromising start, became one of the few postcolonial developing states to enter the*

*ranks of the first world, with a globally competitive economy, a democratic political system, and a cosmopolitan and dynamic culture. By contrast, North Korea became one of the world's most totalitarian and isolated societies, a nuclear power with an impoverished and famine-stricken population. Considering the radically different and historically unprecedented trajectories of the two Koreas, Seth assesses the insights they offer for understanding not only modern Korea but the broader perspective of world history. All readers looking for a balanced, knowledgeable history will be richly rewarded with this clear and cogent book.*

Death of a Nation is an engrossing, meticulously researched history of Germany from 105 BC to the present day, vividly illustrating the rich and complex past of a nation that is so often defined by the events of World War Two. The author, Stephen R A Barrow, spent twenty years researching, travelling and writing to compile this account of the country's varied and fascinating history. As a result, he proves that Germany's past has so much more of interest than simply the twelve years of domination by Hitler and National Socialism. The book opens

## Get Free Unfinished Nation A Concise History Seventh Edition

with the battles of the Roman Empire in the first century BC; the role of the Holy Roman Empire in the Crusades; German settlement across Central and Eastern Europe and the Thirty Years War. The author goes on to address the militarist stereotype of Prussia; Prussia and Germany's rise to shatter the European balance of power; the causes and consequences of the wars initiated by Germany and how they shaped the modern world. One of the most important themes is the frequently overlooked question of the treatment of German civilians during the last days of World War Two and the immediate aftermath. Illuminating and authoritative, *Death of a Nation* seeks to provide an accurate understanding of German and European history, and how it affects the world we live in today.

KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an

## Get Free Unfinished Nation A Concise History Seventh Edition

unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.
