Toward a K-20 Student Unit Record Data System
for California

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered

Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

To improve the progression of students through the educational system and to improve education quality, California needs a robust data system that can track an individual student's progress from kindergarten to college and beyond. The authors review California's multiple existing student data systems and identify steps that could be taken toward building and

This report comes from a study to identify and audit materials used as a basis for integrated practice to support the learning of children from 0-14 years of age. A working list of 69 common quality areas emerged from the national and local audits. Organised under eight principles: community partnership, documentation, equal opportunities, learning and teaching, developing citizenship, environment, health and well-being, staffing and professional development, the 69 common quality areas are explained and illustrated with examples.
