Why do some men become convinced—despite what doctors tell them—that their penises have, simply, disappeared. Why do people across the world become convinced that they are cursed to die on a particular date—and then do? Why do people in Malaysia suddenly “run amok”? In *The Geography of Madness*, acclaimed magazine writer Frank Bures investigates these and other “culture-bound” syndromes, tracing each seemingly baffling phenomenon to its source. It’s a fascinating, and at times rollicking, adventure that takes the reader around the world and deep into the oddities of the human psyche. What Bures uncovers along the way is a poignant and stirring story of the persistence of belief, fear, and hope.

We're not talking about rooms that are just full of books. We're talking about bookshops in barns, disused factories, converted churches and underground car parks. Bookshops on boats, on buses, and in old run-down train stations. Fold-out bookshops, undercover bookshops, this-is-the-best-place-I've-ever-been-to-bookshops. Meet Sarah and her Book Barge sailing across the sea to France; meet Sebastien, in Mongolia, who sells books to herders of the Altai mountains; meet the bookshop in Canada that's invented the world's first antiquarian book vending machine. And that's just the beginning. From the oldest bookshop in the world, to the smallest you could imagine, *The Bookshop Book* examines the history of books, talks to authors about their favourite places, and looks at over three hundred weirdly wonderful bookshops across six continents (sadly, we've yet to build a bookshop down in the South Pole). *The Bookshop Book* is a love letter to bookshops all around the world. -- "A good bookshop is not just about selling books from shelves, but reaching out into the world and making a difference." David Almond (*The Bookshop Book* includes interviews and quotes from David Almond, Ian Rankin, Tracy Chevalier, Audrey Niffenegger, Jacqueline Wilson, Jeanette Winterson and many, many others.)

From the theme resorts of Dubai to the jungles of Papua New Guinea, a disturbing but hilarious tour of the exotic east—and of the tour itself Sick of producing the bromides of the professional travel writer, Lawrence Osborne decided to explore the psychological underpinnings of tourism itself. He took a six-month journey across the so-called Asian Highway—a swathe of Southeast Asia that, since the Victorian era, has seduced generations of tourists with its manufactured dreams of the exotic Orient. And like many a lost soul on this same route, he ended up in the harrowing forests of Papua, searching for a people who have never seen a tourist. What, Osborne asks, are millions of affluent itinerants looking for in these endless resorts, hotels, cosmetic-surgery packages, spas, spiritual retreats, sex clubs, and "back to nature" trips? What does tourism, the world's single largest business, have to sell? A travelogue into that heart of darkness known as the Western mind, *The Naked Tourist* is the most mordant and ambitious work to date from the author of *The Accidental Connoisseur*, praised by *The New York Times Book Review* as "smart, generous, perceptive, funny, sensible."

As her journey takes her to Australia and South America, Rachel discovers and embraces her love of travel and unlocks more truths about herself than she ever realized she was seeking. Along the way, the erstwhile good girl finally learns to do something she's never done before: simply live for the moment.

Paris Dear Alice, Each morning I am awakened by the sound of a tinkling bell. A cheerful sound, it reminds me of the bells that shopkeepers attach to their doors at Christmastime. In this case, the bell marks the opening of the hotel door. From my room, which is just off the winding staircase, I can hear it clearly. It reminds me of the bell that calls to worship the novice embarking on a new life. In a way I too am a novice, leaving, temporarily, one life for another. Love, Alice In the tradition of Anne Morrow Lindbergh's Gift from the Sea and Frances Mayes's Under the Tuscan Sun, in Without Reservations we take time off with Pulitzer Prize winner Alice Steinbach as she explores the world and rediscovers what it means to be a woman on her own. "In many ways, I was an independent woman," writes Alice Steinbach, a single working mother, in this captivating book. "For years I'd made my own choices, paid my own bills, shoveled my own snow, and had relationships that allowed for a lot of freedom on both sides." Slowly, however, she saw that she had become quite dependent in another way: "I had fallen into the habit . . . of defining myself in terms of who I was to other people and what they expected of me." Who am I, she wanted to know, away from the things that define me--my family, children, job, friends? Steinbach searches for the answer to this provocative question in some of the most exciting places in the world: Paris, where she finds a soul mate in a Japanese man; Oxford, where she takes a course on the English village; Milan, where she befriends a young woman about to be married. Beautifully illustrated with postcards Steinbach wrote home to herself to preserve her spontaneous impressions, this revealing and witty book will transport readers instantly into a fascinating inner and outer journey, an unforgettable voyage of discovery.

In this mix of memoir, guidebook, and travelogue, a married couple documents the year they took off from work and traveled the world together. Wait for me . . . Who knew these three words said to a near stranger would start an international travel adventure? A Year Off is one part memoir, one part travel essays and one part travel guide, documenting the story of Alexandra and David Brown, a couple who decided to take a year off from their jobs and "regular lives" to travel the world together after only knowing each other for four months. Each chapter tackles a different part of the journey, including: -Practical takeaways for how to take the same leap and travel, like tips on budgeting, planning, pacing and adjusting to culture shock -A look into David and Alexandra's story as they traveled the world together and got to know one another -Colorful memories of their travels, like a dramatic kayak ride in Milford Sound, New Zealand, an emotional evening in India, a life-changing meal in the Loire Valley, France, a hilarious makeover in Romania . . . and many more This inspiring book is for all the dreamers, would-be adventurers and endearingly practical professionals looking to scratch the travel itch. With many gorgeous photographs and actionable travel advice, A Year Off captures all the beauty and magic of the wanderlust spirit, guiding readers on how to take the same leap and showing them just how doable a journey this type of round-the-world travel is. Praise for A Year Off "In A Year Off married couple Alexandra and David Brown chronicle a trip around the world and provide advice for travelers who may want to follow in their footsteps. Filled with personal stories, useful takeaways, beautiful photos and great design, chapters like "Identity Crisis" and "Financial Freak-outs" make it clear that the Browns haven't airbrushed their story." —BookPage "Have you ever dreamed of quitting the rat race and taking a year off—and then swiftly jolted back to reality? If so, A Year Off will give you the inspiration and the courage to make it happen in real life." —The Independent

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will learn how to become a true adventurer by making your travels an art of living. You will also learn how to : travel more often and longer; make travel your priority; simplify your life; travel better; get to know yourself better. Wander around. This term derived from Latin is rather connoted; in the collective unconscious, it evokes the homeless, poverty and the absence of rules. Yet it has a positive meaning that has been alienated from it. It suggests the fact of travelling in the absence of a precise destination, according to one's inspirations, with calm, freedom and strength. For travel does not only shape youth: it is one of the factors of self-discovery at any age.

"Vagabonder" is thus also a vector of knowledge. It is a way of looking at travel in a more authentic way, far from the marked paths of mass tourism. *Buy now the summary of this book for the modest price of a cup of coffee!

Presents an anthology of the best travel writing published in the previous year, selected from magazines, newspapers, and web sites.

Restless, gripped by an overwhelming wish to make a name for himself in a world ever more hemmed in by progress and "civilization", Thesiger (1910-2003) embarked on his amazing journeys across Saudi Arabia's Empty Quarter to test himself and to show what could still be done. The result was a monument both to his resilience and to the Bedu who guided him and who emerge as the book's real heroes. Great Journeys allows readers to travel both around the planet and back through the centuries - but also back into ideas and worlds frightening, ruthless and cruel in different ways from our own. Few reading experiences can begin to match that of engaging with writers who saw astounding things- Great civilisations, walls of ice, violent and implacable jungles, deserts and mountains, multitudes of birds and flowers new to science. Reading these books is to see the world afresh, to rediscover a time when many cultures were quite strange to each other, where legends and stories were treated as facts and in which so much was still to be discovered.

Object Lessons is a series of short, beautifully designed books about the hidden lives of ordinary things. For as long as people have traveled to distant lands, they have brought home objects to certify the journey. More than mere merchandise, these travel souvenirs take on a personal and cultural meaning that goes beyond the object itself. Drawing on several millennia of examples-from the relic-driven quests of early Christians, to the mass-produced tchotchkes that line the shelves of a Disney gift shop-travel writer Rolf Potts delves into a complicated history that explores issues of authenticity, cultural obligation, market forces, human suffering, and self-presentation. Souvenirs are shown for what they really are: not just objects, but personalized forms of folk storytelling that enable people to make sense of the world and their place in it.' Object Lessons is published in partnership with an essay series in The Atlantic. Souvenir features illustrations by Cedar Van Tassel

The Travels of an Independent Woman

How maverick companies have passed up the growth treadmill — and focused on greatness instead. It's an axiom of business that great companies grow their revenues and profits year after year. Yet quietly, under the radar, a small number of companies have rejected the pressure of endless growth to focus on more satisfying business goals. Goals like being great at what they do, creating a great place to work, providing great customer service, making great contributions to their communities, and finding great ways to lead their lives. In *Small Giants*, veteran journalist Bo Burlingham takes us deep inside fourteen remarkable companies that have chosen to march to their own drummer. They include Anchor Brewing, the original microbrewer; CitiStorage Inc., the premier independent records-storage business; Clif Bar & Co., maker of organic energy bars and other nutrition foods; Righteous Babe Records, the record company founded by singer-songwriter Ani DiFranco; Union Square Hospitality Group, the company of restaurateur Danny Meyer; and Zingerman's Community of Businesses, including the world-famous Zingerman's Deli of Ann Arbor. Burlingham shows how the leaders of these small giants recognized the full range of choices they had about the type of company they could create. And he shows how we can all benefit by questioning the usual definitions of business success. In his new afterward, Burlingham reflects on the similarities and learning lessons from the small giants he covers in the book.

Against the backdrop of a burning world, a young woman writes honest poetry about discovering a new continent, new love, new meaning, and her own - sometimes confusing - hunt for ever more art, sex, and love.

A recipe-complemented work continues the author's tribute to the region of Tuscany and its people, tracing the course of a year during which she renovated a thirteenth-century house in the mountains above Cortona.

"Someday, when I am rich, I am going to invite someone from my travels to visit me in America." Brad Newsham was only 22 when he scribbled this note in his journal with "only an immature sense of the staying power of ideas." Years later, this casual prophecy came true, and Newsham documents the events that led up to it in *Take Me with You*. This is the sweet story of his 100-day journey through the Philippines, India, Egypt, Kenya, Tanzania, Zimbabwe, and South Africa, as he seeks just the right person to bring to America. The book covers a wide geography not just of land, but also of spirit.

"Brilliant, sharp, unswerving travel writing by a man skilled at letting the scales fall from his eyes; it is a memoir of travel seen through time and resolve - in short, a wonderful book." - Herbert Gold, author of *Bohemia*, *Daughter Mine*, and *Best Nightmare on Earth*

In 1953, twenty-four-year old Nicolas Bouvier and his artist friend Thierry Vernet set out to make their way overland from their native Geneva to the Khyber Pass. They had a rattletrap Fiat and a little money, but above all they were equipped with the certainty that by hook or by crook they would reach their destination, and that there would be unanticipated adventures, curious companionship, and sudden illumination along the way. The Way of the World, which Bouvier fashioned over the course of many years from his journals, is an entrancing story of adventure, an extraordinary work of art, and a voyage of self-discovery on the order of Robert M. Pirsig's Zen and the Art of Motorcycle Maintenance. As Bouvier writes, "You think you are making a trip, but soon it is making—or unmaking—you."

While a life of adventure has traditionally been reserved for the rich and the sponsored, to the dirtbag, it's a birthright for the masses. Partly a celebration of an underappreciated subculture of hiker trash, ski bums, and vagabonds, and partly a 'how to' guide for adventure on the cheap, *The Dirtbag's Guide to Life* is the first solid attempt to define an outdoor movement that has taken root in backpacker hostels, long trails, and climbing crags around the world.

Any Baedeker will tell us where we ought to travel, but only Alain de Botton will tell us how and why. With the same intelligence and insouciant charm he brought to *How Proust Can Save Your Life*, de Botton considers the pleasures of anticipation; the allure of the exotic, and the value of noticing everything from a seascape in Barbados to the takeoffs at Heathrow. Even as de Botton takes the reader along on his own peregrinations, he also cites such distinguished fellow-travelers as Baudelaire, Wordsworth, Van Gogh, the biologist Alexander von Humboldt, and the 18th-century eccentric Xavier de Maistre, who catalogued the wonders of his bedroom. *The Art of Travel* is a wise and utterly original book. Don't leave home without it.

It was hitting rock bottom that convinced Lauren to quit her job, sell everything she owned, and travel the world alone. It wasn't an easy decision: she suffered from debilitating anxiety, was battling an eating disorder, and had just had her heart broken. Not only that, but she had so little life experience that she had never eaten rice or been on a bus. She'd hoped leaving everything behind would help her find and heal herself, but instead Lauren's travels were full of bad luck and near-death experiences. She was scammed and assaulted; lost teeth and swallowed a cockroach. She fell into leech-infested rice paddies, was caught up in a tsunami, had the brakes of her motorbike fail, and experienced a very unhappy ending in Thailand. It was just as she was about to give up on travel when she stumbled across a handsome New Zealander with a love of challenges... *How Not to Travel* The World is about following your dreams, no matter how many curveballs life throws at you. It's about learning to get out of your comfort zone, finding the humour in messed up situations, and falling in love with life on the road.
