The artist of the best-selling Room-Mates is back with a series of searing hot stories of four gorgeous girlfriends who aren't afraid to get their feet very wet. Gambedotti's talent at depicting irresistibly cute girls with curvy figures in the abandon of ecstasy only gets better with this new series.

A New York Times Best Seller If you could read my mind, you wouldn't be smiling. Samantha McAllister looks just like the rest of the popular girls in her junior class. But hidden beneath the straightened hair and expertly applied makeup is a secret that her friends would never understand: Sam has Purely-Obsessional OCD and is consumed by a stream of dark thoughts and worries that she can't turn off. Second-guessing every move, thought, and word makes daily life a struggle, and it doesn't help that her lifelong friends will turn toxic at the first sign of a wrong outfit, wrong lunch, or wrong crush. Yet Sam knows she'd be truly crazy to leave the protection of the most popular girls in school. So when Sam meets Caroline, she has to keep her new friend with a refreshing sense of humor and no style a secret, right up there with Sam's weekly visits to her psychiatrist. Caroline introduces Sam to Poet's Corner, a hidden room and a tight-knit group of misfits who have been ignored by the school at large. Sam is drawn to them immediately, especially a guitar-playing guy with a talent for verse, and starts to discover a whole new side of herself. Slowly, she begins to feel more "normal" than she ever has as part of the popular crowd . . . until she finds a new reason to question her sanity and all she holds dear. "Clueless meets Dead Poets Society with a whopping final twist." -Kirkus Reviews "This book is highly recommended-readers will connect with Sam, relating to her anxiety about her peers, and root for her throughout the book." -VOYA "A thoughtful romance with a strong message about self-acceptance, [this] sensitive novel boasts strong characterizations and conflicts that many teens will relate to. Eminently readable." -Booklist "A brilliant and moving story about finding your voice, the power of words, and true friendship. I couldn't put it down?" -Elizabeth Eulberg, Author of The Lonely Hearts Club "Brilliant, brave, and beautiful." -Kathleen Caldwell, A Great Good Place for Books "A riveting story of love, true friendship, self-doubt and self-confidence, overcoming obstacles, and truly finding oneself." -Melanie Koss, Professor of Young Adult Literature, Northern Illinois University "Romantic, unpredictable, relatable, and so very enjoyable." -Arnold Shapiro, Oscar- and Emmy-winning Producer "Characters to love and a story to break your heart. Readers will want to turn page after page and read every last word. Then do it all over again." -Marianne Follis, Teen Librarian, Valley Ranch (Irving) Public Library

A group of young people get closer and closer, experiencing some mind-blowing explorations in sexuality and relationships. Beautifully hot and intense and also very heartfelt writing as the best-selling Gambedotti does not fail to provide.

She used to be the laughingstock of Riverdale. Now she's a successful New York journalist with a DGAF attitude. After graduating from Riverdale High, Ethel Muggs couldn't get away from her hometown—and onto her chosen career path—fast enough. When the Mayor of Riverdale pays her handsomely to write a history of the city, she can't wait to return to take down Archie, Jughead, Betty, Veronica, and all the other Riverdale natives who made her life hell all those years ago. The only thing she forgets to consider is... maybe they've all changed, too.

Beginning Topology is designed to give undergraduate students a broad notion of the scope of topology in areas of point-set, geometric, combinatorial, differential, and algebraic topology, including an introduction to knot theory. A primary goal is to expose students to some recent research and to get them actively involved in learning. Exercises and open-ended projects are placed throughout the text, making it adaptable to seminar-style classes. The book starts with a chapter introducing the basic concepts of point-set topology, with examples chosen to captivate students' imaginations while illustrating the need for rigor. Most of the material in this and the next two chapters is essential for the remainder of the book. One can then choose from chapters on map coloring, vector fields on surfaces, the fundamental group, and knot theory. A solid foundation in calculus is necessary, with some differential equations and basic group theory helpful in a couple of chapters. Topics are chosen to appeal to a wide variety of students: primarily upper-level math majors, but also a few freshmen and sophomores as well as graduate students from physics, economics, and computer science. All students will benefit from seeing the interaction of topology with other fields of mathematics and science; some will be motivated to continue with a more in-depth, rigorous study of topology.

The Sexiest Starship Alive It's how People Magazine would crown the Enterprise's crew if the pop culture stalwart warped into the 23rd century. Captain Kirk's randy reputation old, intergalactic news? Thankfully, this isn't a 'How to Score' guide penned by J.T.K. It's no tell-all memoir to shock and awe, nor cosmic celebrity sex tape full of space babes. Star Trek Sex deals tastefully in the romantically loaded tales of Gene Roddenberry's landmark TV show. And though William Shatner's Kirk is a front and center player, his crew, Spock, Scotty, Uhura, McCoy, Sulu and Chekov, also get a piece of the action. To explore strange new worlds... To seek out new life... Star Trek Sex covers the iconic classic, then warps beyond to Star Trek: Into Darkness and the hip satire of Saturday Night Live, Family Guy and the legendary Howard Stern. It highlights the sexually charged moments of Roddenberry's 'Wagon Train To The Stars' and focuses on those complex themes which helped establish Star Trek as a global Hollywood franchise. At age 4, Will Stape watched Star Trek before he knew the difference between a phaser and a taser. He's one of a handful of freelance writers to sell to Star Trek: The Next Generation. His episode, 'Homeward', with Paul Sorvino (Goodfellas), premiered in the Emmy Award winning show's last season. A year later, he sold to Star Trek: Deep Space Nine, and his script, 'Charity', became 'Prophet Motive' with Wallace Shawn star of The Princess Bride. Stape pitched to Star Trek: Voyager, Deep Space Nine and met with writer/producer Michael Piller for Stephen King's The Dead Zone. He's developed TV show docudramas and his articles appear in Sci-Fi Pulse, Airtlock Alpha, McCall's Quilter's Home, Hudson Reporter, Bayonne Style, Shine, OMG! and Yahoo! News. He's owned phasers, but never a taser.

A wager between God and Lucifer in which all of creation hangs in the balance culminates in the suffering and temptation inflicted on a once-idealistic youth who eventually finds himself in a seaside village of convention-defying eccentrics. A first novel. Simultaneous.

This collection of essays illuminates the experiences of pre-20th-century Latin American women....There is surprisingly rich information about Indian and black women....The diverse patterns of family roles and sex polarizations, trends in the feminist movement, and women's political participation are themes of significant importance in the essays. A welcome contribution to women's studies and to Latin American history, epecially since there is little available in English covering this.
