The Classic Case of Alien Abduction Rereleased with a New Afterword for a New Generation The Andreasson Affair is more than just a classic example of a close encounter. It is—to use the jargon of ufologists—a case of such “high strangeness” that even the most open-minded investigators were at first inclined to dismiss it out of hand. Yet it has become probably the best documented case of its kind to date, the subject of an intensive 12-month investigation conducted for the Center for UFO Studies (CUFOS) that involved, among other things, the recording of large quantities of testimony given under hypnosis, extensive lie detector testing of witnesses, detailed analysis of corroborative circumstantial evidence, exhaustive comparison with other such accounts, and much more. *The Andreasson Affair* includes: The most detailed description of any UFO abduction experience. Betty’s precise drawings of her experience. A supporting foreword to the book by astronomer Dr. J. Allen Hynek. Verification of all events associated with Betty’s experience. An invaluable glossary of significant language and linguistic terms and concepts designed for students of English Language and Linguistics. The book also provides a very useful overview of the subject as well as covering principal figures in linguistic criticism and their contribution to the subject. Organized into the core subject areas of language and linguistics, it enables the reader to contextualize each particular definition and gain a wider understanding of each topic. This edition has been updated to include more extensive coverage, particularly of language terms.

BOOK THREE: TRISTAN & DANIKA THE IMPACT Tristan hit rock bottom, and no one felt the impact harder than Danika. She was forced to see, in the most brutal of ways, that love does not conquer all. Bruised, bloody, and broken she had to walk away. THE AFTERMATH Picking up the pieces of your life after a tragedy is a daunting prospect, and that’s considering you still own all of the pieces. But what if you don’t? What if someone else wants those pieces, and those pieces are a part of your soul? You dig deep and work with what you’ve got. That’s what Danika told herself and believed, every single day, for years. Tristan and Danika’s love had failed every test that life had thrown at them. She couldn’t forget that, not for one second. And if those tests had been overly harsh, well, she wasn’t one to wallow in self-pity. The failure was the thing she had to focus on. The failure was the lesson. She had no intention of working so hard to make it out of hell without learning that lesson well. THE REUNION Over six years after the night that changed everything, Danika finds herself forced to spend the weekend constantly in Tristan’s company, as they attend the wedding of two of their dearest friends. It’s been long enough that she feels they can be, friendly again without it destroying her peace of mind, but just a small amount of time in his presence has her remembering something she had forced herself to forget: There’d been a reason she’d gone through hell with this man, for this man, some true good to precede the bad. She shocks herself by quickly giving in to a hunger that she never imagined could still consume her. Even the best intentioned denial has a breaking point. THE HARSH REALITY After everything that’s happened, the rise and the fall, the pain and the aftermath, can these two navigate the waters of acute regret, survive the trials of coming face to face with all that they have lost, and find the strength to try again?
