"With astonishing verve, The League of Wives persisted to speak truth to power to bring their POW/MIA husbands home from Vietnam. And with astonishing verve, Heath Hardage Lee has chronicled their little-known story — a profile of courage that spotlights 1960s-era military wives who forge secret codes with bravery, chutzpah and style. Honestly, I couldn ’ t put it down.” — Beth Macy, author of Dopesick and Factory Man "Exhilarating and inspiring.” — Elaine Showalter, Washington Post The true story of the fierce band of women who battled Washington—and Hanoi—to bring their husbands home from the jungles of Vietnam. On February 12, 1973, one hundred and sixteen men who, just six years earlier, had been high flying Navy and Air Force pilots, shuffled, limped, or were carried off a huge military transport plane at Clark Air Base in the Philippines. These American servicemen had endured years of brutal torture, kept shackled and starving in solitary confinement, in rat-infested, mosquito-laden prisons, the worst of which was The Hanoi Hilton. Months later, the first Vietnam POWs to return home would learn that their rescuers were their wives, a group of women that included Jane Denton, Sybil Stockdale, Louise Mulligan, Andrea Rander, Phyllis Galanti, and Helene Knapp. These women, who formed The National League of Families, would never have called themselves “ feminists, ” but they had become the POW and MIAs most fervent advocates, going to extraordinary lengths to facilitate their husbands ’ freedom—and to account for missing military men—by relentlessly lobbying government leaders, conducting a savvy media campaign, conducting covert meetings with antiwar activists, and most astonishingly, helping to code secret letters to their imprisoned husbands. In a page-turning work of narrative non-fiction, Heath Hardage Lee tells the story of these remarkable women for the first time. The League of Wives is certain to be on everyone ’ s must-read list.

In this historical treasure, now restored to posterity, text and drawings by a Union cartographer record the daily life of Civil war soldiers, the firsthand observation of officers, and the battles he witnessed from Yorkville to Bull Run. 85 full-color illustrations.

To Have and to Hold (1899) is a novel by American author Mary Johnston. It was the bestselling novel in the United States in the following year (1900). To Have and to Hold is the story of an English soldier, Ralph Percy, turned Virginian explorer iPn colonial Jamestown. Ralph buys a wife for himself - a girl named Jocelyn Leigh - little knowing that she is the escaping ward of King James I, fleeing a forced marriage to Lord Carnal. Jocelyn hardly loves Ralph - indeed, she seems to abhor him. Carnal, Jocelyn’s husband-to-be, eventually comes to Jamestown, unaware that Ralph Percy and Jocelyn Leigh are man and wife. Lord Carnal attempts to kidnap Jocelyn several times and eventually follows Ralph, Jocelyn, and their two companions - Jeremy Sparrow, the Separatist minister, and Diccon, Ralph’s servant - as they escape from the King’s orders to arrest Ralph and carry Jocelyn back to England. The boat they are in, however, crashes on a desert island, but they are accosted by pirates, who, after a short struggle, agree to take Ralph as their captain, after he pretends to be the pirate "Kirby". The pirates gleefully play on with Ralph’s masquerade, until he refuses to allow them to rape and pillage those aboard Spanish ships. The play is up when the pirates see an English ship off the coast of Florida. Ralph refuses to fire upon it, knowing it carries the new Virginian governor, Sir Francis Wyatt, but the pirates open fire, and Jeremy Sparrow, before the English ship can be destroyed, purposefully crashes the ship into a reef. The pirates are all killed, but the Englishmen (and woman) are rescued by the Governor’s ship.

Had General George Washington lived anywhere other than Mount Vernon, Virginia, Washington, D.C., might not exist. In this exciting collection of hidden tales from Northern Virginia, author Charles Mills highlights the important role that this region played in our nation’s history from colonial to modern times. Read about the Rebel blockade of the Potomac River, the imprisonment of German POWs at super-secret Fort Hunt during World War II and the building of the Pentagon on the same site and in the same configuration as Civil War, era Fort Runyon. Meet Annandale’s “bunny man, ”? who inspired one of the country’s wildest and scariest urban legends; learn about the slaves in Alexandria’s notorious slave pens; and witness suffragists being dragged from the White House lawn and imprisoned in the Occoquan workhouse. Mills masterfully relates these and other colorful tales of the people and events that left their imprints on Northern Virginia and the nation.

The Pursuit of Freedom and Equality in the Twilight of Slavery

As students of the Civil War have long known, emancipation was not merely a product of Lincoln’s proclamation or of Confederate defeat in April 1865. It was a process that required more than legal or military action. With enslaved people fully engaged as actors, emancipation necessitated a fundamental reordering of a way of life whose implications stretched well beyond the former slave states. Slavery did not die quietly or quickly, nor did freedom fulfill every dream of the enslaved or their allies. The process unfolded unevenly. In this sweeping reappraisal of slavery’s end during the Civil War era, Joseph P. Reidy employs the lenses of time, space, and individuals’ sense of personal and social belonging to understand how participants and witnesses coped with drastic change, its erratic pace, and its unforeseeable consequences. Emancipation disrupted everyday habits, causing sensations of disorientation that sometimes intensified the experience of reality and sometimes muddled it. While these illusions of emancipation often mixed disappointment with hope, through periods of even intense frustration they sustained the promise that the struggle for freedom would result in victory. Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
