**LIVING WORDS** is a 3 level intensive Bible-based English language course designed to take students from their own starting level to a level where they can understand, think and communicate effectively in English. A further, unique aim of this course is to give educators a body of relevant English language learning material with a solid Christian foundation. Our mission was to produce a full set of English language learning materials for the teacher and student, using Bible characters and their lives to teach everyday vocabulary, as well as that commonly used to convey Christian ideas and spiritual principles in a relaxed and fun way. Our goal is to teach children and young adults not only to speak English but, by using the Bible as a base, bring them into a spiritual relationship - a saving knowledge of Jesus. The course of materials contained here develops the theme of God's character as expressed in his love, grace and infinite goodness, proceeding through Jesus' life, death and resurrection, and culminating in the experience of the Holy Spirit's power -- enabling a fully satisfying personal relationship with God in the expectation of Jesus' imminent return. This engaging, in-depth course works particularly well in the communicative classroom actively teaching and learning English as a second language in an English-speaking environment, or as a foreign language course where access to native speakers is limited. In any setting, this curriculum can set the stage for active, engaged classroom learning.

**Next Generation** is a two-level course for Bachillerato, combining complete preparation for the Pruebas de Acceso a la Universidad (PAU) exams with material that helps learners improve their English language skills for life. **Teacher's Resource Book 2** combines comprehensive teaching notes for the six units of the Student's Book with photocopiable worksheets providing extra practice of vocabulary, grammar, writing and phrasal verbs, as well as tests, mock PAU exams and answer keys to the Workbook and all photocopiable activities. "Exciting and engaging vocabulary instruction can set students on the path to a lifelong fascination with words. This book provides a research-based framework and practical strategies for vocabulary development with children from the earliest grades through high school. The authors emphasize instruction that offers rich information about words and their uses and enhances students' language comprehension and production. Teachers are guided in selecting words for instruction; developing student-friendly explanations of new words; creating meaningful learning activities; and getting students involved in thinking about, using, and noticing new words both within and outside the classroom. Many concrete examples, sample classroom dialogues, and exercises for teachers bring the material to life. Helpful appendices include suggestions for trade books that help children enlarge their vocabulary and/or have fun with different aspects of words"--
