A veteran motoring journalist's extraordinary life, told through delightfully eccentric stories and charming diary extract. This unique book is packed with fascinating stories about classic cars and motorcycles, set in a bygone world, and properly fixed in time. (Fiction.)

The fascinating story of Volkswagen's raging success and near collapse in America After a wild ride of ups and downs for almost three decades, Volkswagen has regained its stature as one of America's most beloved auto makers. In *Getting the Bugs Out*, journalist and auto industry expert David Kiley tells the complete story of the rise, fall, and comeback of Volkswagen. Kiley traces the company's rise from Ferdinand Porsche's original design for the Beetle, through the Nazi era, and up to the Beetle's ascendancy during the flower-power 1960s. He explores the reasons for VW's downward spiral through the 1970s and 1980s, including the devastating management blunders that led to such failed efforts as the Rabbit, Dasher, Thing, and Scirocco, and equally catastrophic marketing initiatives, culminating in the notorious "Fahrfeignugen" series of ads. Finally, drawing upon his unique access to company insiders, Kiley tells the story of how Volkswagen achieved its phenomenal comeback beginning in the late 1990s through a combination of visionary management, cutting-edge product development, and brilliant marketing and advertising strategies. David Kiley (Anne Arbor, MI), the Detroit Bureau Chief at USA Today, is a journalist with fifteen years of experience, ten of which have been devoted to covering the auto industry. He has written extensively for *Adweek* and *Brandweek* magazines.

'Amazing adventures. Apparently I was there.' Richard Hammond For over 12 years Phillipa Sage worked alongside Jeremy Clarkson, Richard Hammond and James May as their PA, gofer, and fixer where she saw the boys at their best and, hilariously, at their worst. A closet petrol head, Phillipa started working in the motor industry on live events over 20 years ago and first worked with Jeremy Clarkson in 1997. She proved to be a loyal, trusted friend and colleague to all the presenters—from back in the beginning with Tiff Needell, Vicki Butler-Henderson and Quentin Wilson—to the now infamous trio of Clarkson, Hammond and May, and was a key member of what became known as 'The Bubble', the exclusive, dysfunctional working family that toured the world. With an enormous budget, they travelled like rock stars—with super cars, yachts, private jets, helicopters, and five-star wining and dining—taking their unique brand of motoring madness to 18 countries, 31 cities and to over 2 million fans in arenas and at festivals from New

Zealand to Norway. Supported by a large crew and their personal entourage, Clarkson, Hammond and May, when not performing in their extraordinary, high octane, live action, motoring theatre, indulged in extravagant holidays. They and their 'Bubble' family relaxed in luxury resorts or private houses entertaining themselves with pool parties, drinking, heli-sightseeing, drinking, private motorboat cruises, drinking, jet skiing, sailing, drinking and eating, and drinking. In Off-Road with Clarkson, Hammond & May, Phillipa shares the tour highs, lows and laughter of three clever, funny, and very stupid motoring journalists.

The perfect gift book for those who want to know the meaning of life or the fastest running speed of a chicken. Based on the questions texted to Any Questions Answered (AQA), number 63336, and the answers given by the service. For example: Q. How many baked beans would you need to place end to end to reach the moon?A. The moon's average distance from Earth is 385,000 km. So it would take 32,033,583,333 baked beans, end to end, to reach the moon. Q. What are the three English words that end in GRY?A. There are only two common English words that end in GRY: angry and hungry. It is a well known hoax if someone asks you to try and find the third word. Q. Is it normal to want to have sex with a dog?A. It is normal to be sexually attracted to a dog, but only if you are a dog yourself - in which case AQA is very impressed by your ability to use a mobile phone. Q. What is the opposite of a camel?A. The opposite of a camel is a soap dish. Quality examples (not the octopus sucker sort) have dips not humps, and most of their time is spent around water.
