From New York Times & USA Today Bestseller, Vi Keeland, comes a steamy new romance novel. The rules: No dating. No sex outside of the game. No disclosing the terms of the contract. Rules were made to be broken, right? Eight weeks ago I signed a contract. One that seemed like a good idea at the time. A handsome bachelor, luxury accommodations, and a chance to win a prize my family desperately needed. There were some rules though. Lots of them actually. Follow the script, no dating, sex, or disclosing the terms of the deal. After my self-imposed moratorium on men the last year, it wouldn't be hard to live up to my end of the bargain...so I thought. Until I realized the deal I'd made was with the devil...and I was in love with his dirty-talking brother. Author's note – Throb is a full-length standalone novel. Due to strong language and sexual content, this book is not intended for readers under the age of 18.

The complete works of one of England’s greatest Edwardian writers Saki is perhaps the most graceful spokesman for England’s ‘Golden Afternoon’ - the slow and peaceful years before the First World War. Although, like so many of his generation, he died tragically young, in action on the Western Front, his reputation as a writer continued to grow long after his death. His work is humorous, satiric, supernatural, and macabre, highly individual, full of eccentric wit and unconventional situations. With his great gift as a social satirist of his contemporary upper-class Edwardian world, Saki is one of the few undisputed English masters of the short story and one of the great writers of a bygone era. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. A single volume that gathers together three of the most remarkable novels from Jean Echenoz, the “most distinctive French voice of his generation” (The Washington Post), Three by Echenoz demonstrates the award-winning author’s extraordinary versatility and elegant yet playful style at its finest. “A parodic thriller sparkling with wit” (L’Humanité), Big Blondes probes our universal obsession with fame as a television documentary producer tries to track down a renowned singer who has mysteriously disappeared. A darkly comedic, noir-style tour de force, it finally answers the age-old question: do blondes have more fun? “Fluid, never forced...like a garment that fits beautifully even inside-out” (Elle), Piano brings Dante’s Inferno to contemporary Paris, following Max Delmarc, a concert pianist suffering from paralyzing stage fright and alcoholism, as he meets his untimely death and descends through purgatory–part luxury hotel, part minimum-security prison–into a modern vision of hell. Running is “a small wonder of writing and humanity” (L’Express)—a portrait of the legendary Czech athlete Emil Zátopek, who became a national hero, winning three gold medals at the 1952 Helsinki Olympics even as he was compelled to face the unyielding realities of life under an authoritarian regime.

Dhaka may be one of the most densely populated cities in the world - noisy, grid-locked, short on public amenities, and blighted with sprawling slums - but, as these stories show, it is also one of the most colourful and chaotically joyful places you could possibly call home. Slum kids and film stars, day-dreaming rich boys, gangsters and former freedom fighters all rub shoulders in these streets, often with Dhaka's famous rickshaws ferrying them to and fro across cultural, economic and ethnic divides. Just like Dhaka itself, these stories thrive on the rich interplay between folk culture and high art; they both cherish and lampoon the city's great tradition of political protest, and they pay tribute to a nation that was borne out of a love of language, one language in particular, Bangla (from which all these stories have been translated).

Save Louisiana. Mandy Mitlak's beautifully written and emotionally moving novel evokes both The Help and Dead Man Walking with the story of an unforgettable woman whose quest to provide meals for death row prisoners leads her into the secrets of her own past. Many children have grown up in the shadow of Louisiana's Greenmount State Penitentiary. Most of them--sons and daughters of corrections officers and staff--left as soon as they could. Yet Ginny Polk chose to come back to work as a prison cook. She knows the harsh reality of life within those walls--the cries of men being beaten, the lines of shuffling inmates chained together. Yet she has never seen them as monsters, not even those sentenced to execution. That's why Ginny has taken on a special responsibility: preparing their last meals. Pot roast or red beans and rice, coconut cake or pork neck stew . . . whatever the men ask for Ginny prepares, even meeting with their heartbroken relatives to get each recipe just right. The prison board frowns upon the ritual, as does Roscoe Simms, Greenmount's Warden. Her daddy's best friend before he was murdered, Roscoe has always watched out for Ginny, and their friendship has evolved into something deep and unexpected. But when Ginny stumbles upon information about the man executed for killing her father, it leads to a series of dark and painful revelations. Truth, justice, mercy--none of these are as simple as Ginny once believed. And the most shocking crimes may not be the ones committed out of anger or greed, but the sacrifices we make for love. "A haunting story of race relations, compassion, and mystery. A must read." --Library Journal (Starred Review)

Originally published in 1962 and re-issued in 1974 and in 1983, Ellison Wonderland contains sixteen stories with copyrights ranging from 1956 to 1961. This edition contains an Introduction written for the 1974 edition and updated for the 1983 edition. This collection was among Ellison's first and it shows a writer with a wide-ranging imagination, ferocious creative energy, devastating wit and an eye for the wonderful and terrifying and tragic. Among the gems are "All The Sounds of Fear", "The Sky is Burning", "The Very Last Day of a Good Woman" and "In Lonely Lands". Though they stand tall on their own merits they also point the way to the sublime stories that followed soon after and continue to come even now, more than forty years later.

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

The More You Look, the More You See!

Is secularism a positive force in the modern world? Or does it lead to fragmentation and disintegration? In Saving Leonardo, best-selling award-winning author Nancy Pearcey (Total Truth, coauthor How Now Shall We Live?) makes a compelling case that secularism is destructive and dehumanizing. Pearcey depicts the revolutionary thinkers and artists, the ideas and events, leading step by step to the unleashing of secular worldviews that undermine human dignity and liberty. She covers science, art, literature, and film--voices that surround us in the classroom, in the movie theater, and in our living rooms. A former agnostic, Pearcey offers a persuasive case for historic Christianity as a holistic and humane alternative. She equips readers to counter the life-denying worldviews that are radically restructuring society and pervading our daily lives. Whether you are a devoted Christian, determined secularist, or don't know quite where you stand, reading Saving Leonardo 100 art reproductions and illustrations that bring the book's themes to life. Praise for Saving Leonardo: "A feast for the mind and for the eye. Nancy Pearcey not only is a trustworthy guide for a nuanced discussion on the relationship between culture and the gospel, but she is a gifted teacher as well . . . Saving Leonardo is a rare, precious gift to the churches and universities alike." Makoto Fujimura, artist and author of Refractions: A Journey of Faith, Art, and Culture "Nancy Pearcey's sophistication of the best cultural analysis and laid it out for any person to grasp, enjoy and use to live out their daily lives honoring Christ. An astounding accomplishment!" James W. Sire, author of The Universe Next Door "G. K. Chesterton said 'the danger when Men stop believing in God is not that they'll believe in nothing; but that they will believe in anything.' Nancy Pearcey understands where believing in anything leads and in this book she reveals where a secular philosophy IS." USA Today columnist "Nancy Pearcey helps a new generation of evangelicals to understand the worldview challenges we now face and to develop an intelligent and articulate Christian understanding . . . Saving Leonardo should be put in the hands of all those who should always be ready to give an answer--and that means all of us." R. Albert Mohler, Jr., president, The Southern Baptist Theological Seminary "Nancy Pearcey is an intellectual prophet in our day and one of Evangelicalism's Pearcey provides a penetrating analysis of the nature of contemporary secularism, a helpful exposition of how we got to the present situation, and a well-crafted strategy for changing the situation. This is her best effort yet . . . a must read." J. P. Moreland, distinguished professor of Philosophy, Biola University and author of The God Question "Nancy Pearcey is unsurpassed in the current generation of Christian thinkers . . . The magic continues with this book. Pearcey's virtues are her actions." Gene Edward Veith, provost, Patrick Henry College
