The Life and Times of a Boy Named Jesus

Baby did not want to go with Whip, but she was afraid to refuse. She had borne the brunt of his temper, and she knew he just as soon hit her as look at her. "Oh, well. OK. I guess I can," she said. She hoped Cecil would take up for her and send Whip off on his own. That didn't happen. She decided she would buy a blow pop at the Quik Stop when they got to Main Street. Whip split in the yard as they left it; this time he had a real gun with him. Baby was quiet all the way to town. She said, "What'cha gonna do now?" "What difference does it make? You wouldn't understand if I told ya. You not only the dumbest girl in town, you the ugliest too." Baby was used to abuse; she thought it was normal. She knew she could not argue with Whip or she would get even worse treatment. "So why did you want me to go along with ya tonight?" "I'm teaching ya how to stand up for ya'self. No one else will. You're hopeless!" Whip sneered. When they got to the Quik Stop, she went in and bought her sucker. He got a beer and drank it while they walked toward Ms. Grey's house. It was dark, and when they got there, they eased around to the back of the house. No lights were on, and no cars were parked on the street. "This is gonna be easy. We'll wait and see when she comes home, and then when she goes inside, we'll get her." Whip knew Thursday night she always went out around seven and came home around nine thirty. "How we gonna do that? We can't just go in and get her," Baby said. Whip pulled out the key from his pocket. "Jus' like this," he said. Baby didn't want to harm Ms. Grey. "No, I won't help you," she said and ran as fast as she could around the corner of the house. He hunkered down behind the bushes and sipped on his beer.

Welcome to Look-Alike Land, where the more you look, the more you see! Like its predecessor, Look-Alikes Jr. features 3-D picture puzzles, but this time invites even the youngest child to join in the fun by featuring simpler, easier-to-find look-alikes in childlike settings. There are 11 scenes - house, parlor, kitchen, bedroom, school bus, classroom, construction site, movie lobby, train, farm, and rocket - each with 50+ objects to identify (700+ in total). Look for a cement mixer made out of a mustard bottle, kitchen cabinets made out of cakes of soap, and a bed built with crayons and pasta! Fun for all ages. This best-selling book is back with a brand new series design and a striking new cover.

The First Ever Guide for Optimizing Boat Systems This guide is invaluable for anyone designing or installing mechanical systems on a new boat, retrofitting an existing boat, or evaluating a boat's operating condition. Writing for designers, builders, owners, buyers, mechanics, surveyors, and insurers of sailboats, powerboats, and commercial vessels, Dave Gerr provides design and installation guidance for each major mechanical system plus pragmatic guidelines and real-world interpretations of American Boat & Yacht Council (ABYC) and European standards. No marine professional or serious boater should be without Boat Mechanical Systems Handbook. "Dave Gerr has a knack for breaking down the more esoteric concepts of naval architecture into language that's easily understood by the layman, which is one of the reasons why his writing often appears in the pages of SAIL. Another reason is his deep practical knowledge of the intricacies and subtleties of boat construction and systems, and the way they relate to each other. The subhead of Boat Mechanical Systems Handbook says it all--'how to design, install and recognize proper systems in boats.' Light reading this isn't, but if you're about to refit your boat or upgrade outdated systems, perhaps with some serious voyaging in mind, this book is a worthwhile investment. This is a unisex book, for both powerboaters and sailors; there's no mention of sailing rigs, but every other conceivable system is covered more or less exhaustively." --PETER NIELSEN, SAIL, November 2009 Praise for Dave Gerr's previous books: The Elements of Boat Strength: "Certain books, because of their thoroughness, tend to become industry standards; such is the case with The Elements of Boat Strength." --Ocean Navigator Propeller Handbook: "The best layman's guide we've ever read." --Practical Sailor "Gerr made a complicated topic understandable and put it into a handbook that is easy to use." --WoodenBoat The Nature of Boats: "Offers, in a disarmingly charming fashion, a look at all aspects of what makes a boat work. If you are not nautically obsessed prior to reading this book, you most certainly will be afterward." --Sailing

Though biblical scholars have searched for centuries, little is known about the childhood of Jesus. Fortunately, this incomplete picture gives Spencer Smith and Mark Penta ample room for their entertaining and highly imaginative cartoon book Young Jesus Chronicles. With a tongue-in-cheek premise that the book is the result of a recently unearthed account of Jesus's formative years as deciphered by Vatican-authorized experts (that is, cartoonists Smith and Penta), Young Jesus Chronicles is a clever and lighthearted collection of cartoons that celebrates the joy of puns and wordplay as much as it rewards you for paying attention in Sunday Bible school. We may never know the answer to the question, WJJD (What Would Jesus Draw)? But there's a chance (albeit very slim) the answer might be a cartoon memoir of His childhood similar to Young Jesus Chronicles.
