Sky 's small town turns absolutely claustrophobic when his secret promposal plans get leaked to the entire school in this witty, heartfelt, and ultimately hopeful debut novel for fans of What if it ' s Us? and I Wish You All the Best. Sky Baker

Determined not to let anything ruin his senior year, Sky decides to make a splash at his high school 's

Global warming has finally made clear the true costs of using our atmosphere as a giant sponge to soak up unwanted by-products of industrial activity. As nations, businesses, and citizens seek workable yet fair solutions for reducing carbon emissions, the question of who
