Ruedas del autobús

When "The Wheels on the Bus," by Caldecott Medalist Paul O. Zelinsky, broke onto the scene back in 1990, it created a sensation with its clever characters, sly subplots, luscious colors, and the incomparable flair of its moving parts. Almost a million young readers have enjoyed the wheels that go round, doors that open and shut, and people who go bumpety-bump. Today it remains as fresh and engaging as when it was first published.

Young children will love following the bus route as the animals climb on along the way to go to the funfair. Not only does it have bright and colourful illustrations, but it also has thick cardboard wheels that really turn! Perfect for pushing it along the floor, tables and other surfaces.

The Wheels on the Bus combines lively pictures with a classic rhyme that's easy for parents and carers to recognise and recite. Young children will adore searching the page for flaps to open while singing along as the big bright bus trundles along. The spotting game at the end is a great incentive to go through the pages once again until each tiny thing is found! Nursery Rhymes are important stepping stones to language development. The rhymes usually tell a story, too, with a beginning, a middle and an end. This teaches children that events happen in sequence, and they begin to follow along. Nursery rhymes are also full of repetition making them easy to remember, and often become some of a child's first sentences.

This bus is full of sing-along fun! Read and sing along with a happy crowd of animal passengers all through the town.

If you can't bring the man to the books, bring the books to the man. Mary Lemist Titcomb (1852–1932) was always looking for ways to improve her library. As librarian at the Washington County Free Library in Maryland, Titcomb was concerned that the library was not reaching all the people it could. She was determined that everyone should have access to the library—not just adults and those who lived in town. Realizing its limitations and inability to reach the county's 25,000 rural residents, including farmers and their families, Titcomb set about to change the library system forever with the introduction of book-deposit stations throughout the country, a children's room in the library, and her most revolutionary idea of all—a horse-drawn Book Wagon. Soon book wagons were appearing in other parts of the country, and by 1922, the book wagon idea had received widespread support. The bookmobile was born!
