*The highly acclaimed and provocatively rendered story of a young postulant's claim to divine possession and religious ecstasy.*

*The classic novel of a boy's struggle for survival in WWII Poland, from the National Book Award-winning author of *Steps and Being There*. "In 1939, a six-year-old boy is sent by his anti-Nazi parents to a remote village in Poland where they believe he will be safe. Things happen, however, and the boy is left to roam the Polish countryside. . . . To the blond, blue-eyed peasants in this part of the country, the swarthy, dark-eyed boy who speaks the dialect of the educated class is either Jew, gypsy, vampire, or devil. They fear him and they fear what the Germans will do to them if he is found among them. So he must keep moving. In doing so, over a period of years, he observes every conceivable variation on the theme of horror" (Kirkus Reviews). Originally published in 1965, *The Painted Bird* established Jerzy Kosinski as a major literary figure. With sparse prose and vivid imagery, it is a story of mythic proportion and timeless human relevance. "One of the best . . . Written with deep sincerity and sensitivity." —Elie Wiesel, *The New York Times Book Review* "Of all the remarkable fiction that emerged from World War II, nothing stands higher than Jerzy Kosinski's *The Painted Bird*. A magnificent work of art, and a celebration of the individual will. No one who reads it will forget it; no one who reads it will be unmoved by it. *The Painted Bird* enriches our*

*NEW YORK TIMES Editors’ Choice • THE TIMES BIOGRAPHY OF THE YEAR • WINNER OF THE HAWTHORNDEN PRIZE A groundbreaking new biography of philosophy’s greatest iconoclast Friedrich Nietzsche is one of the most enigmatic figures in philosophy, and his concepts—the Übermensch, the will to power, slave morality—have fundamentally reshaped our understanding of the human condition. But what do most people really know of Nietzsche—beyond the mustache, the scowl, and the lingering association with nihilism and fascism? Where do we place a thinker who was equally beloved by Albert Camus, Ayn Rand, Martin Buber, and Adolf Hitler? Nietzsche wrote that all philosophy is autobiographical, and in this vividly compelling, myth-shattering biography, Sue Prideaux brings readers into the world of this brilliant, eccentric, and deeply troubled man, illuminating the events and people that shaped his life and work. From his placid, devoutly Christian upbringing—overshadowed by the mysterious death of his father—through his teaching career, lonely philosophizing on high mountains, and heart-breaking descent into madness, Prideaux documents Nietzsche’s intellectual and emotional life with a novelist’s insight and sensitivity. She also produces unforgettable portraits of the people who were most important to him, including Richard and Cosima Wagner,*

memoir, he turns his writing and his therapeutic eye on himself. He opens his story with a nightmare: He is twelve, and is riding his bike past the home of an acne-scarred girl. Like every morning, he calls out, hoping to befriend her, "Hello Measles!" But in his dream, the girl's father makes Yalom understand that his daily greeting had hurt her. For Yalom, this was the birth of empathy; he would not forget the lesson. As *Becoming Myself* unfolds, we see the birth of the insightful thinker whose books have been a beacon to so many. This is not simply a man's life story, Yalom's reflections on his life and development are an invitation for us to reflect on the origins of our own selves and the meanings of our lives.

Vintage Readers are a perfect introduction to some of the greatest modern writers presented in attractive, accessible paperback editions. “ In Munro ’ s hands, as in Chekhov ’ s, a short story is more than big enough to hold the world—and to astonish us again and again. ” —Chicago Tribune In an unbroken procession of brilliant, revelatory short stories, Alice Munro has unfolded the wordless secrets that lie at the heart of all human experience. She has won three Governor General ’ s Literary Awards in her native Canada, as well as the National Book Critics Circle Award. Vintage Munro includes stories from throughout her career: The title stories from her collections *The Moons of Jupiter*; *The Progress of Love*; *Hateship, Friendship, Courtship, Loveship, Marriage*; “ *Differently,* ” from *Selected Stories*, and “ *Carried Away,* ” from *Open Secrets*.

The definitive account of existential psychotherapy. Existential therapy is practiced throughout the world. But until now, it has lacked a coherent structure. In *Existential Psychotherapy*, Irvin Yalom finds the essence of existential psychotherapy, synthesizing its historical background, core tenets, and usefulness to the practice. Organized around what Yalom identifies as the four "ultimate concerns of life" -- death, freedom, isolation, and meaninglessness -- the book takes up the meaning of each existential concern and the type of conflict that springs from our confrontation with each. He shows how these concerns are manifested in personality and psychopathology, and how treatment can be helped by our knowledge of them. Drawing from clinical experience, empirical research, philosophy, and great literature, Yalom provides an intellectual home base for those psychotherapists who have sensed the incompatibility of orthodox theories with their own clinical experience, and opens

new doors for empirical research. The fundamental concerns of therapy and the central issues of human existence are woven together here as never before, with intellectual and clinical results that will surprise and enlighten all readers.

"Something heavy is going on ... the past is erupting ... my two lives, night and day, are joining. I need to talk." Irv Yalom's old medical school friend was making a plea for help. In their fifty years of friendship, Bob Berger had never divulged his nocturnal terrors to his close comrade. Now, finally, he found himself forced to. In *I'm Calling the Police*, Berger recounts to Yalom the anguish of a war-torn past: By pretending he was a Christian, Berger survived the Holocaust. But after a life defined by expiation and repression, a dangerous encounter has jarred loose the painful memory of those years. Together, they interpret the fragments of the horrific past that haunt his dreams. *I'm Calling the Police* is a powerful exploration of Yalom's most vital themes--memory, fear, love, and healing--and a glimpse into the life of the man himself.

A scintillating collection of writings on the mysterious, controversial, and intimate process of psychotherapy. Everyone with an interest in the art and science of psychotherapy - practitioners, patients, students, and avid readers of Freud, Jung, et al-will find this lively anthology an engrossing read. A town under quarantine during the 1918 flu epidemic must reckon with forces beyond their control in a powerful, sweeping novel of morality in a time of upheaval “An American variation on Albert Camus’ *The Plague*.”—Chicago Tribune NAMED ONE OF THE BEST BOOKS OF THE YEAR BY USA TODAY AND CHICAGO TRIBUNE • WINNER OF THE JAMES FENIMORE COOPER PRIZE FOR HISTORICAL FICTION Deep in the mist-shrouded forests of the Pacific Northwest is a small mill town called Commonwealth, conceived as a haven for workers weary of exploitation. For Philip Worthy, the adopted son of the town’s founder, it is a haven in another sense—as the first place in his life he’s had a loving family to call his own. And yet, the ideals that define this outpost are being threatened from all sides. A world war is raging, and with the fear of spies rampant, the loyalty of all Americans is coming under scrutiny. Meanwhile, another shadow has fallen across the region in the form of a deadly virus striking down vast swaths of surrounding communities. When Commonwealth votes to quarantine itself against contagion, guards are posted at the single road leading in and out of town, and Philip Worthy is among them. He will be unlucky enough to be on duty when a cold, hungry, tired—and apparently ill—soldier presents himself at the town’s doorstep

begging for sanctuary. The encounter that ensues, and the shots that are fired, will have deafening reverberations throughout Commonwealth, escalating until every human value—love, patriotism, community, family, friendship—not to mention the town's very survival, is imperiled. Inspired by a little-known historical footnote regarding towns that quarantined themselves during the 1918 epidemic, *The Last Town on Earth* is a remarkably moving and accomplished debut.

Lou Andreas-Salome (1861-1937) was a writer and disciple of Freud who became a practicing analyst. For over two decades she and Freud kept up an intensive correspondence. Freud found in her a perceptive appreciator and amplifier of his ideas, and Frau Andreas found him a sympathetic critic of her own. Their exchanges on theoretical topics and clinical experiences, their admiring friendship, and the glimpses of their personalities make this collection invaluable for readers interested in

the history of psychoanalysis. The book includes an introduction and notes by Ernst Pfeiffer, Lou Andreas-Salome's literary executor.

*Human, All Too Human* (1878) marks the point where Nietzsche abandons German romanticism for the French Enlightenment. The result is one of the cornerstones of his life's work. *Beyond Good and Evil* (1886) is a scathing and powerful critique of philosophy, religion and science.

In nineteenth-century Vienna, a drama of love, fate, and will is played out amid the intellectual ferment that defined the era. Josef Breuer, one of the founding fathers of psychoanalysis, is at the height of his career. Friedrich Nietzsche, Europe's greatest philosopher, is on the brink of suicidal despair, unable to find a cure for the headaches and other ailments that plague him. When he agrees to treat Nietzsche with his experimental "talking cure," Breuer never expects that he too will find solace in their sessions. Only through facing his own inner demons can the gifted healer begin to help his patient. In *When Nietzsche Wept*, Irvin Yalom blends fact and fiction, atmosphere and suspense, to unfold an unforgettable story about the redemptive power of

friendship.

NATIONAL BESTSELLER An Atlantic Magazine Best Book of the Year A Publishers Weekly Best Book of the Year "The Melrose Novels are a masterwork for the twenty-first century, written by one of the great prose stylists in England." —Alice Sebold, author of *The Lovely Bones* Soon to be a Showtime TV series starring Benedict Cumberbatch and Blythe Danner For more than twenty years, acclaimed author Edward St. Aubyn has chronicled the life of Patrick Melrose, painting an extraordinary portrait of the beleaguered and self-loathing world of privilege. This single volume collects the first four novels—*Never Mind*, *Bad News*, *Some Hope*, and *Mother's Milk*, a Man Booker finalist—to coincide with the publication of *At Last*, the final installment of this unique novel cycle. By turns harrowing and hilarious, these beautifully written novels dissect the English upper class as we follow Patrick Melrose's story from child abuse to heroin addiction and recovery. *Never Mind*, the first novel, unfolds over a day and an evening at the family's chateaux in the south of France, where the sadistic and terrifying figure of David Melrose dominates the lives of his five-year-old son, Patrick, and his rich and

unhappy American mother, Eleanor. From abuse to addiction, the second novel, *Bad News* opens as the twenty-two-year-old Patrick sets off to collect his father's ashes from New York, where he will spend a drug-crazed twenty-four hours. And back in England, the third novel, *Some Hope*, offers a sober and clean Patrick the possibility of recovery. The fourth novel, the Booker-shortlisted *Mother's Milk*, returns to the family chateau, where Patrick, now married and a father himself, struggles with child rearing, adultery, his mother's desire for assisted suicide, and the loss of the family home to a New Age foundation. *Edward St. Aubyn* offers a window into a world of utter decadence, amorality, greed, snobbery, and cruelty—welcome to the declining British aristocracy.

*New York Times* bestselling author of *The Boy In the Striped Pajamas*, a sweeping, heartfelt saga about the course of one man's life, beginning and ending in post-war Ireland Cyril Avery is not a real Avery -- or at least, that's what his adoptive parents tell him. And he never will be. But if he isn't a real Avery, then who is he? Born out of wedlock to a teenage girl cast out from her rural Irish community and adopted by a well-to-do if eccentric Dublin couple via the intervention of a hunchbacked Redemptorist nun, Cyril is adrift in the world, anchored only tenuously by his heartfelt friendship with the infinitely more glamorous and dangerous Julian Woodbead. At the mercy of fortune and coincidence, he will spend a lifetime coming to know himself and where he came from - and over his many years, will struggle to discover an identity, a home, a country, and much more. In this, Boyne's most transcendent work to date, we are shown the story of Ireland from the 1940s to today through the eyes of one ordinary man. *The Heart's Invisible Furies* is a novel to make you laugh and cry while reminding us all of the redemptive power of the human spirit. As the public grows disillusioned with therapeutic quick fixes, people are looking for a deeper psychotherapeutic experience to make life more meaningful and satisfying. What really happens in therapy? What promises and perils does it hold for them? No one writes about therapy - or indeed the dilemmas of the human condition - with more acuity, style, and heart than Irvin Yalom. Here he combines the storytelling skills so widely praised in *Love's Executioner* with the wisdom of the compassionate and fully engaged psychotherapist. In these six compelling tales of therapy, Yalom introduces us to an unforgettable cast of characters: Paula, who faces death and stares it down; Magnolia, into whose ample lap Yalom longs to pour his own sorrows; Irene, who learns to seek out anger and plunge into it. And there's Momma, old-fashioned, ill-tempered, who drifts into Yalom's dreams and tramples through his thoughts. At once wildly entertaining and deeply thoughtful, *Momma and the Meaning of Life* is a work of rare insight and

*"All of us are creatures of a day," wrote Marcus Aurelius, "rememberer and remembered alike." In his long-awaited new collection of stories, renowned psychiatrist Irvin D. Yalom describes his patients' struggles—as well as his own—to come to terms with the two great challenges of existence: how to have a meaningful life, and how to reckon with its inevitable end. In these pages, we meet a nurse, angry and adrift in a morass of misery where she has lost a son to a world of drugs and crime, and yet who*

*must comfort the more privileged through their own pain; a successful businessman who, in the wake of a suicide, despairs about the gaps and secrets that infect every relationship; a newly minted psychologist whose study of the human condition damages her treasured memories of a lost friend; and a man whose rejection of philosophy forces even Yalom himself into a crisis of confidence. Their names and stories will linger long after the book's last page is turned. Like Love's Executioner, which established Yalom's preeminence as a storyteller illuminating the drama of existential therapy, Creatures of a Day is funny, earthy, and often shocking; it is a radically honest statement about the difficulties of human life, but also a celebration of some of the finest fruits—love, family, friendship—that life can bear. We are all creatures of a day. With Yalom as a guide, we can find in this book the means not just to make our own day bearable, but meaningful—and perhaps even joyful. Explores Yalom's profound contributions to psychotherapy and literature. A distinguished psychiatrist and psychotherapist, Irvin D. Yalom is also the United States' most well-known author of psychotherapy tales. His first volume of essays, Love's Executioner, became an immediate best seller, and his first novel, When Nietzsche Wept, continues to enjoy critical and popular success. Yalom has created a subgenre of literature, the "therapy story," where the therapist learns as much as, if not more than, the patient; where therapy never proceeds as expected; and where the therapist's apparent failure proves ultimately to be a success. Writing the Talking Cure is the first book to explore all of Yalom's major writings. Jeffrey Berman is Distinguished Teaching Professor of English at the University at Albany, State University of New York. ***without regret. Internationally acclaimed psychiatrist and author Irvin Yalom devoted his career to counseling those suffering from anxiety and grief. But never had he faced the need to counsel himself until his wife, esteemed feminist author Marilyn Yalom, was diagnosed with cancer. In A Matter of Death and Life, Marilyn and Irv share how they took on profound new struggles: Marilyn to die a good death, Irv to live on without her. In alternating accounts of their last months together and Irv's first months alone, they offer us a rare window into facing mortality and coping with the loss of one's beloved. The Yaloms had numerous blessings—a loving family, a Palo Alto home under a magnificent valley oak, a large circle of friends, avid readers around the world, and a long, fulfilling marriage—but they faced death as we all do. With the wisdom of those who have thought deeply, and the familiar warmth of teenage sweethearts who've grown up together, they investigate universal questions of intimacy, love, and grief. When he agrees to treat Nietzsche with his experimental "talking cure," Breuer never expects that he too will find solace in their sessions. Only through facing his own inner demons can the gifted healer begin to help his patient. In When Nietzsche Wept, Irvin Yalom blends fact and fiction, atmosphere and suspense, to unfold an unforgettable story about the redemptive power of friendship. The many thousands of readers of the best-selling Love's Executioner will welcome this paperback edition of an earlier work by Dr. Irvin Yalom, written with Ginny Elkin, a pseudonymous patient whom he treated -- the first book to share the dual reflections of psychiatrist and patient. Ginny Elkin was a troubled young and talented writer whom the psychiatric world had labeled as "schizoid." After trying a variety of therapies, she entered into private treatment with Dr. Irvin Yalom at Stanford University. As part of their work together, they agreed to write separate journals of each of their sessions. Every Day Gets a Little Closer is the product of that arrangement, in*

***which they alternately relate their descriptions and feelings about their therapeutic relationship. Written in Irv Yalom's inimitable story-telling style, Staring at the Sun is a profoundly encouraging approach to the universal issue of mortality. In this magisterial opus, capping a lifetime of work and personal experience, Dr. Yalom helps us recognize that the fear of death is at the heart of much of our anxiety. Such recognition is often catalyzed by an "awakening experience"—a dream, or loss (the death of a loved one, divorce, loss of a job or home), illness, trauma, or aging. Once we confront our own mortality, Dr. Yalom writes, we are inspired to rearrange our priorities, communicate more deeply with those we love, appreciate more keenly the beauty of life, and increase our willingness to take the risks necessary for personal fulfillment.***

therapeutic encounter. First published in 1989, this New York Times bestselling collection of ten tales has become a classic. Yalom not only gives us a rare and enthralling glimpse into his patients' personal desires and motivations, but also tells his own story as he struggles to reconcile his all-too-human response with his sensibility as a psychiatrist. Now with a new afterword, *Love's Executioner* promises to inspire generations of readers to come.

From the bestselling author of *Love's Executioner* and *When Nietzsche Wept* comes a provocative exploration of the unusual relationships three therapists form with their patients. Seymour is a therapist of the old school who blurs the boundary of sexual propriety with one of his clients. Marshal, who is haunted by his own obsessive-compulsive behaviors, is troubled by the role money plays in his dealings with his patients. Finally, there is Ernest Lash. Driven by his sincere desire to help and his faith in psychoanalysis, he invents a radically new approach to therapy -- a totally open and honest relationship with a patient that threatens to have devastating results. Exposing the many lies that are told on and off the psychoanalyst's couch, *Lying on the Couch* gives readers a tantalizing, almost illicit, glimpse at what their therapists might really be thinking during their sessions. Fascinating, engrossing and relentlessly intelligent, it ultimately moves readers with a denouement of surprising humanity and redemptive faith.
