

When The Shooting Stops The Cutting Begins A

****THE INSTANT #1 NEW YORK TIMES BESTSELLER**** "An unforgettable—and Hollywood-bound—new thriller... A mix of Hitchcockian suspense, Agatha Christie plotting, and Greek tragedy." —Entertainment Weekly *The Silent Patient* is a shocking psychological thriller of a woman's act of violence against her husband—and of the therapist obsessed with uncovering her motive. Alicia Berenson's life is seemingly perfect. A famous painter married to an in-demand fashion photographer, she lives in a grand house with big windows overlooking a park in one of London's most desirable areas. One evening her husband Gabriel returns home late from a fashion shoot, and Alicia shoots him five times in the face, and then never speaks another word. Alicia's refusal to talk, or give any kind of explanation, turns a domestic tragedy into something far grander, a mystery that captures the public imagination and casts Alicia into notoriety. The price of her art skyrockets, and she, the silent patient, is hidden away from the tabloids and spotlight at the Grove, a secure forensic unit in North London. Theo Faber is a criminal psychotherapist who has waited a long time for the opportunity to work with Alicia. His determination to get her to talk and unravel the mystery of why she shot her husband takes him down a twisting path into his own motivations—a search for the truth that threatens to consume him....

Taylor Schumann survived a school shooting, yet she was left with permanent wounds, both visible and invisible. Weaving her own incredible story into a larger conversation about gun

Get Free When The Shooting Stops The Cutting Begins A

violence in America, Taylor shares another painful truth: Christians have largely been silent on this issue. With compassion and honesty, she encourages readers to join her in taking action for a safer future.

"Examines the antagonistic relationship between India and Pakistan and the territorial and identity issues that have divided them for sixty-five years, and possibly the next thirty-five, and offers ways the tension between the two might be ameliorated if not solved, including a more active role for the United States"--Provided by publisher.

The true story of two mass-casualty incidents that occurred within days of each other at a US Air Force base. Using the words of the people who experienced the tragedies, the book provides in-depth look at the before, during and after of a preventable active-shooter incident and an avoidable fatal plane crash. The base psychiatrist knew the airman was dangerous.

“ This is the kind of patient who ... one day ... he ’ s going to come back and kill you. ” Aircrews knew the rogue pilot was dangerous. “ We predicted the worst air-show disaster in history when we found out that he was gonna fly. ” Written by Andy Brown, the man who ended the killing spree, the result of more than seven years of research. Brown "masterfully weaves" the two stories together in a powerful narrative. He also reveals the preparations he made that enabled him to end a pistol-versus-rifle gunfight with a 70 yard shot from his handgun. Part true crime, part law-enforcement biography memoir and part military history. Warnings Unheeded is presented in an objective style that shows what can happen when authorities become complacent, when the precursors of violence are ignored and the lessons from history are forgotten.

of the Decade "Marieke Nijkamp's brutal, powerful fictional account of a school shooting is important in its timeliness." —Bustle.com "A gritty, emotional, and suspenseful read and although fictionalized, it reflects on a problematic and harrowing issue across the nation." —Buzzfeed "A compelling, brutal story of an unfortunately all-too familiar situation: a school shooting. Nijkamp portrays the events thoughtfully, recounting fifty-four intense minutes of bravery, love, and loss." —BookRiot

A young boy rides the bus across town with his grandmother and learns to appreciate the beauty in everyday things. By the author of the celebrated picture book A Nation's Hope: The Story of Boxing Legend Joe Louis.

Ten years in the works, a masterpiece of reportage, this is the definitive account of the Columbine massacre, its aftermath, and its significance, from the acclaimed journalist who followed the story from the outset. "The tragedies keep coming. As we reel from the latest horror . . ." So begins a new epilogue, illustrating how Columbine became the template for nearly two decades of "spectacle murders." It is a false script, seized upon by a generation of new killers. In the wake

Get Free When The Shooting Stops The Cutting Begins A

of Newtown, Aurora, and Virginia Tech, the imperative to understand the crime that sparked this plague grows more urgent every year. What really happened April 20, 1999? The horror left an indelible stamp on the American psyche, but most of what we "know" is wrong. It wasn't about jocks, Goths, or the Trench Coat Mafia. Dave Cullen was one of the first reporters on scene, and spent ten years on this book-widely recognized as the definitive account. With a keen investigative eye and psychological acumen, he draws on mountains of evidence, insight from the world's leading forensic psychologists, and the killers' own words and drawings-several reproduced in a new appendix. Cullen paints raw portraits of two polar opposite killers. They contrast starkly with the flashes of resilience and redemption among the survivors.

Expanded with a New Epilogue

On Valentine's Day 2008, Steve Kazmierczak killed five and wounded eighteen at Northern Illinois University, then killed himself. But he was an A student, a Deans' Award winner. How could this happen? CNN could not get the story. The Chicago Tribune, Washington Post, and all others came up empty because Steve's friends and professors knew very little. He had reinvented himself in his final five years. But David

Most policymakers see counterinsurgency and counternarcotics policy as two sides of the same coin. Stop the flow of drug money, the logic goes, and the insurgency will wither away. But the conventional wisdom is dangerously wrongheaded, as Vanda Felbab-Brown argues in *Shooting Up*. Counternarcotics campaigns, particularly those focused on eradication,

Get Free When The Shooting Stops The Cutting Begins A

typically fail to bankrupt belligerent groups that rely on the drug trade for financing. Worse, they actually strengthen insurgents by increasing their legitimacy and popular support. Felbab-Brown, a leading expert on drug interdiction efforts and counterinsurgency, draws on interviews and fieldwork in some of the world's most dangerous regions to explain how belligerent groups have become involved in drug trafficking and related activities, including kidnapping, extortion, and smuggling. *Shooting Up* shows vividly how powerful guerrilla and terrorist organizations — including Peru's Shining Path, the FARC and the paramilitaries in Colombia, and the Taliban in Afghanistan — have learned to exploit illicit markets. In addition, the author explores the interaction between insurgent groups and illicit economies in frequently overlooked settings, such as Northern Ireland, Turkey, and Burma. While aggressive efforts to suppress the drug trade typically backfire, *Shooting Up* shows that a laissez-faire policy toward illicit crop cultivation can reduce support for the belligerents and, critically, increase cooperation with government intelligence gathering. When combined with interdiction targeting major traffickers, this strategy gives policymakers a better chance of winning both the war against the insurgents and the war on drugs.

Get Free When The Shooting Stops The Cutting Begins A

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

John Reynolds Gardiner's classic action-packed adventure story about a thrilling dogsled race has captivated readers for more than thirty years. Based on a Rocky Mountain legend, Stone Fox tells the story of Little Willy, who lives with his grandfather in Wyoming. When Grandfather falls ill, he is no longer able to work the farm, which is in danger of foreclosure. Little Willy is determined to win the National Dogsled Race—the prize money would save the farm and his grandfather. But he isn't the only one who desperately wants to win. Willy and his brave dog Searchlight must face off against experienced racers, including a Native American man named Stone Fox, who has never lost a race. Exciting and heartwarming, this novel has sold millions of copies and was named a New York Times Outstanding Children's Book.

Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking.

Get Free When The Shooting Stops The Cutting Begins A

What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.

SHOOTING SADDAM is a behind-the-scenes narrative of the televised coverage of Saddam Hussein's trial and conviction. The trial serves as a backdrop for the tale of Court TV cameraman on an amusing and enlightening journey at the peak of Baghdad's civil unrest. "As a videographer, Dennis tells a story through the camera lens but now, in Shooting Saddam, he displays a remarkable talent for storytelling through words. Lynch strikes a proper balance between self-deprecating humor and the somber portrayal of a terrifying subject—the trial and death verdict of a tyrant." ---Beth Karas, legal analyst, former Court TV correspondent "Dennis is the consummate storyteller with a keen eye for details and color that brings the tales he tells to life. An uncanny ability to bring the reader or viewer along on the journey into the stories that have become, and will become, the history of our time." --- Brian Skoloff, journalist, author, "Killer Girlfriend: The Jodi Arias Story" "Shooting Saddam" is a courtroom drama like none

Jason Reynolds’s electrifying novel that takes place in sixty potent seconds—the time it takes a kid to

decide whether or not he’s going to murder the guy who killed his brother. A cannon. A strap. A piece.

Get Free When The Shooting Stops The Cutting Begins A

A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

"A majestic book." --Bessel van der Kolk, MD, author of The Body Keeps the Score A unique joint memoir by a U.S. Marine and a conflict photographer whose unlikely friendship helped both heal their war-wounded bodies and souls "The dueling-piano spirit of SHOOTING GHOSTS works because its

Get Free When The Shooting Stops The Cutting Begins A

authors are so committed to transparency, admitting readers into the dark crevices of their isolation." Wall St Journal War tears people apart, but it can also bring them together. Through the unpredictability of war and its aftermath, a decorated Marine sergeant and a world-trotting war photographer became friends, their bond forged as they patrolled together through the dusty alleyways of Helmand province and camped side by side in the desert. It deepened after Sergeant T. J. Brennan was injured during a Taliban ambush, and both returned home. Brennan began to suffer from the effects of his injury and from the fallout of his tours in Iraq and Afghanistan. But war correspondents experience similar rates of posttraumatic stress as combat veterans. The causes can be different, but guilt plays a prominent role in both. For Brennan, it's the things he's done, or didn't do, that haunt him. Finbarr O'Reilly's conscience is nagged by the task of photographing people at their most vulnerable while being able to do little to help, and his survival guilt as colleagues die on the job. Their friendship offered them both a shot at redemption. As we enter the fifteenth year of continuous war, it is increasingly urgent not just to document the experiences of the battlefield but also to probe the reverberations that last long after combatants and civilians have returned home, and to understand the many faces trauma takes. Shooting Ghosts looks at the horrors of war directly, but then turns to a journey that draws on our growing understanding of what recovery takes. Their story, told in alternating first-person narratives, is about the things they saw and did, the ways they have been affected, and how they have navigated the psychological aftershocks of war and wrestled with reforming their own identities and moral centers. While war never really ends for those who've lived through it, this book charts the ways two survivors have found to calm the ghosts and reclaim a measure of peace. God's love is stronger than fear! This book chronicles Dan Bauman's experience in Iran in 1997, when he was wrongfully accused of espionage and thrown into the most infamous high- security prison in

Get Free When The Shooting Stops The Cutting Begins A

Iran. Imprisonment in Iran, the threat of execution, and God's hand moving in the lives of the guards make this a thrilling addition to the International Adventures series.

Johnstone Country. Where Legends Are Born. Before he became known as “The Last Mountain Man,” Smoke Jensen and his bride Sally were hardworking ranchers on the Colorado frontier. This is a story of the early years. When times were hard, tensions were high, and guns were the law. . . . WHEN THE SHOOTING STARTS For Smoke and Sally Jensen, the Sugarloaf Ranch is the American Dream come true. A glorious stretch of untamed land near the Colorado-Kansas border, it’s the perfect place to stake their claim, raise some cattle, and start a new family. But when a man claiming to be an army colonel arrives in Big Rock—with a well-armed militia—the Jensens’ dream becomes a living nightmare. This stranger calls himself Colonel Lamar Talbot. He’s come to warn them about a looming war with the Cheyenne Indians. And only he can save them from a bloody massacre—by launching a counterattack that’s even bloodier. . . . Smoke and Sally aren’t sure they trust him. They suspect the colonel and his men are nothing more than brutal vigilantes with a hidden agenda of their own. But the Cheyenne war parties are a very real threat. The tribe’s charismatic leader, Black Drum, is launching raids on local ranches, farms, and the railroads, too. Every day, the violence gets worse and the war moves closer—until it reaches the Sugarloaf Ranch. That’s when Smoke grabs his guns. That’s when the shooting starts—and the final battle begins. . . .

Shooting Up

The Men Who Stare at Goats

A methodology for crisis negotiation for use by those in the fields of law enforcement and criminology.

This study examines differences in news frames among national, regional, and local newspapers during five school shootings in the late 1990s.

*“The best way I can describe the Four Corners neighborhood of Chicago is find a length of rebar, scratch a big cross into the concrete, set your feet solid in the quadrant you like best, lean back, and start shooting.” Officer Bobby Vargas is hard-edged but idealistic, a Chicago cop who stands at the epicenter of a subterranean plot that will have horrific ramifications for both himself and the entire city. Twenty-five years earlier, a gruesome murder rocked the unforgiving streets of Four Corners. Now, suddenly, a dying Chicago paper is running a serial exposé on new evidence in that old case, threatening to implicate Bobby and his older brother, Ruben—a decorated, high-ranking detective and cop-prince of the streets. The smear campaign stirs up decades-old bad blood, leading the Vargas brothers down an increasingly twisted and terrifying path, where the sins of the past threaten to destroy what remains of the truth. As readers and critics discovered in his first novel, *Calumet City*, Charlie Newton’s Chicago is a landscape as brutal and poignant as any in modern crime fiction—a multi-faceted, shockingly violent labyrinth of gangland*

According to Pinkerton—the leading provider of risk management services in the world—workplace violence is second only to cybersecurity as the top threat faced by organizations today. Incidents involving active shooters in the workplace are on the rise, becoming more violent and deadly. Active Shooter provides the tools necessary to identify potential violent individuals, along with the options and responses needed to save lives, reduce corporate liability, and recover from an active shooter event should it happen. Active S begins with a brief history of active shooters and how they have changed over time. I

Get Free When The Shooting Stops The Cutting Begins A

why many perpetrators initiate attacks, what they often are thinking, and some of the indicators that could have been identified prior to the attack. The book shows how to an active shooter program in an organization, walking readers through the entire process including training exercises to test the efficiency of the program. With the uniquely private security perspective, Active Shooter illustrates how to communicate with law enforcement, government agencies, and the media in the event of active shooter incident. The book concludes with a discussion of how organizations can recover promptly after an incident which is crucial for operational survival. Illustrates what businesses should consider prior to, during, and after an active shooting event, including developing business continuity plans. Demonstrates the importance of preparedness, an effective coordinated response, and planning all the way down to the frontline employee. Addresses the private sector and public sector coordination efforts needed for an effective active shooter program. Offers teaching and learning tools such as text boxes, end-of-chapter discussion questions, lists of key DHS and FEMA websites and resources, as well as training exercises and case studies. "Highly recommended as a sobering but enlightening account." Richard B. Frank, author of Downfall: The End of the Japanese Empire. In the 44 months between December 1941 and August 1945, the Pacific Theater absorbed the attention of the American nation and no longer than any other. Despite the Allied grand strategy of "Germany first," after the Japanese attack on Pearl Harbor, the U.S. especially was committed to confronting Tokyo as a matter of urgent priority. But from Oahu to Tokyo was a long, sanguinary slog, averaging

Get Free When The Shooting Stops The Cutting Begins A

an advance of just three miles per day. The U.S. human toll paid on that road reached 108,000 battle deaths, more than one-third the U.S. wartime total. But by the summer on both the American homefront and on the frontline there was hope. The stunning announcements of atomic bombs on Hiroshima and Nagasaki on August 6 and 9 seemed to force Tokyo over the tipping point since the Allies' surrender demand from Potsdam, Germany, in July. What few understood was the vast gap in the cultural ethos of East and West at that time. In fact, most of the Japanese cabinet refused to surrender and vicious dogfights were still waged in the skies above Japan. This fascinating new history tells the dramatic story of the final weeks of the war, detailing the last brutal battles on air, land and sea with evocative first-hand accounts from pilots and sailors caught up in these extraordinary events. Barrett Tillman then expertly details the first weeks of a tenuous peace and the drawing of battle lines with the forthcoming Cold War as Soviet forces concluded their invasion of Manchuria. When *The Shooting Stopped* retells these dramatic events drawing on accounts from all sides to relive the days when the war finally ended and the world was forever changed.

8 starred reviews · Goodreads Choice Awards Best of the Best · William C. Morris Award Winner · National Book Award Longlist · Printz Honor Book · Coretta Scott King Honor Book · #1 New York Times Bestseller! "Absolutely riveting!" —Jason Reynolds "Stunning." —John Green "This story is necessary. This story is important." —Kirkus (starred review) "Heartbreakingly topical." —Publishers Weekly (starred review) "A marvel of verisimilitude." —Booklist (starred review) "A powerful, in-your-face novel." —Horn Book (starred review) Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch Maverick and Seven's story in *Concrete Rose*, Angie Thomas's powerful prequel to *The Hate U Give*.

Hot Shot is at it again! Now that it's been revealed that he is an undercover FBI agent assigned to clean up as many urban cities as he can, Hot Shot and his trustworthy comrade Cotton take their skills to Oklahoma City to deal with some serious gangsters who run the drug trade. Nola wants no part of a relationship with Hot Shot after her family is incarcerated. He has never loved a woman they way he loves Nola, so dealing with that loss on top of the loss of his parents and little brother has Hot Shot on the verge of committing murder. He is determined to get his woman back at all costs, and the streets of Oklahoma City will run red if someone steps to him the wrong way. Oklahoma City is about to experience Hot Shot, the guy who's doing bad in order to do some good. Won't Stop is full of twists and turns that will keep you flipping pages to see just how far this hero with a mean streak will go. School shooting survivors recount the horrible events and the aftermath when everyone stops asking questions. Dídac's book gives a voice to the unspoken truth by his fellow students, teachers, and others affected by the tragedy of school shootings. An award-winning journalist's dramatic account of a shooting that shook a community to its core, with important implications for the future On the last evening of summer in 2013, five shots rang out in a part of northeast Denver known as the Holly. Long a destination for African American families fleeing the Jim Crow South, the area had become an "invisible city" within a historically white

metropolis. While shootings there weren't uncommon, the identity of the shooter that night came as a shock. Terrance Roberts was a revered anti-gang activist. His attempts to bring peace to his community had won the accolades of both his neighbors and the state's most important power brokers. Why had he just fired a gun? In *The Holly*, the award-winning Denver-based journalist Julian Rubinstein reconstructs the events that left a local gang member paralyzed and Roberts facing the possibility of life in prison. Much more than a crime story, *The Holly* is a multigenerational saga of race and politics that runs from the civil rights movement to Black Lives Matter. With a cast that includes billionaires, elected officials, cops, developers, and street kids, the book explores the porous boundaries between a city's elites and its most disadvantaged citizens. It also probes the fraught relationships between police, confidential informants, activists, gang members, and ex-gang members as they struggle to put their pasts behind them. In *The Holly*, we see how well-intentioned efforts to curb violence and improve neighborhoods can go badly awry, and we track the interactions of law enforcement with gang members who conceive of themselves as defenders of a neighborhood. When Roberts goes on trial, the city's fault lines are fully exposed. In a time of national reckoning over race, policing, and the uses and abuses of power, Rubinstein offers a dramatic and humane illumination of what's at stake.

When the Shooting Starts

When sixteen-year-old Rashad is mistakenly accused of stealing, classmate Quinn witnesses his brutal beating at the hands of a police officer who happens to be the older brother of his best friend. Told through Rashad and Quinn's alternating viewpoints.

"Groundbreaking." —Rachel Louise Snyder, bestselling author of *No Visible Bruises* An examination of the phenomenon of mass shootings in America and an urgent call to implement evidence-based strategies to stop these tragedies Using data from the writers' groundbreaking research on mass shooters, including first-person accounts from the perpetrators themselves, *The Violence Project* charts new pathways to prevention and innovative ways to stop the social contagion of violence. Frustrated by reactionary policy conversations that never seemed to convert into meaningful action, special investigator and psychologist Jill Peterson

Get Free When The Shooting Stops The Cutting Begins A

and sociologist James Densley built The Violence Project, the first comprehensive database of mass shooters. Their goal was to establish the root causes of mass shootings and figure out how to stop them by examining hundreds of data points in the life histories of more than 170 mass shooters—from their childhood and adolescence to their mental health and motives. They've also interviewed the living perpetrators of mass shootings and people who knew them, shooting survivors, victims' families, first responders, and leading experts to gain a comprehensive firsthand understanding of the real stories behind them, rather than the sensationalized media narratives that too often prevail. For the first time, instead of offering thoughts and prayers for the victims of these crimes, Peterson and Densley share their data-driven solutions for exactly what we must do, at the individual level, in our communities, and as a country, to put an end to these tragedies that have defined our modern era.

A funny story with bright illustrations about a little octopus who was afraid of shots, but eventually overcame his fear and showed everyone how brave he could be. This book may also help young children to better behave when they go through not so pleasant procedures in the doctor's office, like shots.

The story of one of the most important and least-understood jobs in moviemaking—film editing—is here told by one of the wizards, Ralph Rosenblum, whose credentials

Get Free When The Shooting Stops The Cutting Begins A

include six Woody Allen films, as well as *The Pawnbroker*, *The Producers*, and *Goodbye, Columbus*. Rosenblum and journalist Robert Karen have written both a history of the profession and a personal account, a highly entertaining, instructive, and revelatory book that will make any reader a more aware movie-viewer.

A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost

paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

Macy and Danny, two teenage boys who have both grown up under difficult circumstances, turn out very differently--one becomes a hero, the other a murderer.

'Thrilling, inspiring and informative page-turner.' Walter Isaacson, author of The Code Breaker You know what went

wrong. This is the untold story of what went right. Few were ready when a mysterious respiratory illness emerged in Wuhan, China, in January 2020. Politicians, government officials, business leaders and public-health professionals were unprepared for the most devastating pandemic in a century. Many of the world's biggest drug and vaccine makers were slow to react or couldn't muster an effective response. It was up to a small group of unlikely and untested scientists and executives to save civilization. A French businessman dismissed by many as a fabulist. A Turkish immigrant with little virus experience. A quirky Midwesterner obsessed with insect cells. A Boston scientist employing questionable techniques. A British scientist resented by his peers. Far from the limelight, each had spent years developing innovative vaccine approaches. Their work was met with scepticism and scorn. By 2020, these individuals had little proof of progress. Yet they and their colleagues wanted to be the ones to stop a virulent virus holding the world hostage. They scrambled to turn their life's work into life-saving vaccines in a matter of

months, each gunning to make the big breakthrough - and to beat each other for the glory that a vaccine guaranteed. A number-one New York Times bestselling author and award-winning Wall Street Journal investigative journalist, Zuckerman takes us inside the top-secret laboratories, corporate clashes and high-stakes government negotiations that led to effective shots. Deeply reported and endlessly gripping, this is a dazzling, blow-by-blow chronicle of the most consequential scientific breakthrough of our time. It's a story of courage, genius and heroism. It's also a tale of heated rivalries, unbridled ambitions, crippling insecurities and unexpected drama. A Shot to Save the World is the story of how science saved the world. *LONGLISTED FOR THE FT MCKINSEY BUSINESS BOOK OF THE YEAR 2021*****
