## *Class Distinctions*

From the bestselling author of "Ready Player One." After sighting a UFO, high-school student Zack and his new comrades must scramble to prepare for an alien onslaught, in this rollicking, surprising thriller and coming-of-age adventure.

In this astonishing book,

legendary wildlife  
photographer Art Wolfe  
turns to one of nature's  
most fundamental  
survival techniques: the  
vanishing act. His  
portraits show animals  
and insects disappearing  
into their surroundings,  
using deceptions,  
disguises, lures, and  
decoys to confuse the  
eyes of both predator  
and prey. In a world

Spotting each cryptic animal amid Wolfe's clever compositions is both a fun and an informative challenge.

At a time when many species are performing permanent vanishing acts due to habitat loss and human
