

## White Working Class Overcoming Class Cluelessness In America

God loves us and has a plan for us. Every human being is a part in that plan. There is opposition in all things, and overcoming trials is one of the most important lessons we can learn. It took me a long time to figure this out and I am grateful for what I have learned. But those lessons did not come without a price. In this little book, I will humbly share some of what I have learned.

"I recommend a book by Professor Williams, it is really worth a read, it's called White Working Class." -- Vice President Joe Biden on Pod Save America An Amazon Best Business and Leadership book of 2017 Around the world, populist movements are gaining traction among the white working class. Meanwhile, members of the professional elite—journalists, managers, and establishment politicians--are on the outside looking in, left to argue over the reasons. In White Working Class, Joan C. Williams, described as having "something approaching rock star status" by the New York Times, explains why so much of the elite's analysis of the white working class is misguided, rooted in class cluelessness. Williams explains that many people have conflated "working class" with "poor"--but the working class is, in fact, the elusive, purportedly disappearing middle class. They often resent the poor and the professionals alike. But they don't resent the truly rich, nor are they particularly bothered by income inequality. Their dream is not to join the upper middle class, with its different culture, but to stay true to their own values in their own communities--just with more money. While white working-class motivations are often dismissed as racist or xenophobic, Williams shows that they have their own class consciousness. White Working Class is a blunt, bracing narrative that sketches a nuanced portrait of millions of people who have proven to be a potent political force. For anyone stunned by the rise of populist, nationalist movements, wondering why so many would seemingly vote against their own economic interests, or simply feeling like a stranger in their own country, White Working Class will be a convincing primer on how to connect with a crucial set of workers--and voters.

When you're running for local office for the first time, there are plenty of mistakes you can make. The good thing is that you're not the first person ever to face the challenges of running for office - even though sometimes it might seem like it. In this book, Craig W. Turner collects stories, advice, warnings and best practices from local candidates from around the country who have been there and done that. They've already seen what you're about to see, and they've generously shared their experiences for the benefit of you and other first-time candidates for local office. This is no poli-sci class. This is "in the trenches" life experience. Everyone interviewed for this book as part of The Campaign Coach Podcast, has run and won at least one election. Some are now retired, some have moved on to higher office, and some are still serving in the capacity we discussed in their interview. In these pages, you will find insights that no guidebook or online course can give you - they will inspire you, and scare you, and motivate you and smack you in the face with a reality check. But, they will also make you a stronger candidate. Whether it's talking with voters, fundraising, understanding local government policy, promoting your candidacy or even knowing how to best serve your community, learning from these people's experiences - and avoiding mistakes that they've already made for you - will give you a leg up on any opponent.

Until the recent political shift pushed workers back into the media spotlight, the mainstream media had largely ignored this significant part of American society in favor of the moneyed "upscale" consumer for more than four decades. Christopher R. Martin now reveals why and how the media lost sight of the American working class and the effects of it doing so. The damning indictment of the mainstream media that flows through No Longer Newsworthy is a wakeup call about the critical role of the media in telling news stories about labor unions, workers, and working-class readers. As Martin charts the decline of labor reporting from the late 1960s onwards, he reveals the shift in news coverage as the mainstream media abandoned labor in favor of consumer and business interests. When newspapers, especially, wrote off working-class readers as useless for their business model, the American worker became invisible. In No Longer Newsworthy, Martin covers this shift in focus, the loss of political voice for the working class, and the emergence of a more conservative media in the form of Christian television, talk radio, Fox News, and conservative websites. Now, with our fractured society and news media, Martin offers the mainstream media recommendations for how to push back against right-wing media and once again embrace the working class as critical to its audience and its democratic function.

The Battle Of Atlanta; And Other Campaigns, Addresses, Etc., has been considered important throughout the human history, and so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations. This whole book has been reformatted, retyped and designed. These books are not made of scanned copies of their original work and hence the text is clear and readable.

The Final Book In The Divinity Saga The Earth is breaking open. The wall between the Spirit and Human realm has begun to shatter, allowing darkness to seep in and converge like an epidemic. The End Has Begun... Even after setting everything in motion by attacking Morning Star first, Cam`ael finally has everything that he's ever wanted in his existence; Starling's love and a family. Cam`ael's happiness is short-lived when he's finally given the harsh and inexplicable truth about why Starling has always been such a unique Chosen. A Fiery Will... Shortly after giving birth, Starling begins to

realize what must be done in order to save the world and the future of their children. But having made the the promise to Cam`ael of never sacrificing herself for him, how can she risk it? While the Elders and other warriors see her as a traitor, her friends begin to see her as something more. In every battle and every war there will be sacrifices and betrayals, but if darkness prevails- light will cease to exist.

A little bit of this, a little bit of that. Shit, Niggas need to know!

This book provides memoirs and analyses designed to help students increase their critical understanding of class from theoretical, systemic, and personal perspectives. Emphasis is placed upon the power of rhetoric to fight for equitable distribution of income and class power.

**Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible, ....." finally divides. - A political satire.**

**Hammers Don't Build Houses provides an overview of the theory and practice behind effectively using technology in education. This book focuses on the role of technology in supporting the people in the classroom, both teacher and students. Both empowering and instructive, Hammers Don't Build Houses will help everyone, from classroom teachers to administrators to professionals in other fields, improve their practice.**

**The Routledge International Handbook of Working-Class Studies is a timely volume that provides an overview of this interdisciplinary field that emerged in the 1990s in the context of deindustrialization, the rise of the service economy, and economic and cultural globalization. The Handbook brings together scholars, teachers, activists, and organizers from across three continents to focus on the study of working-class peoples, cultures, and politics in all their complexity and diversity. The Handbook maps the current state of the field and presents a visionary agenda for future research by mingling the voices and perspectives of founding and emerging scholars. In addition to a framing Introduction and Conclusion written by the co-editors, the volume is divided into six sections: Methods and principles of research in working-class studies; Class and education; Work and community; Working-class cultures; Representations; and Activism and collective action. Each of the six sections opens with an overview that synthesizes research in the area and briefly summarizes each of the chapters in the section. Throughout the volume, contributors from various disciplines explore the ways in which experiences and understandings of class have shifted rapidly as a result of economic and cultural globalization, social and political changes, and global financial crises of the past two decades. Written in a clear and accessible style, the Handbook is a comprehensive interdisciplinary anthology for this young but maturing field, foregrounding transnational and intersectional perspectives on working-class people and issues and focusing on teaching and activism in addition to scholarly research. It is a valuable resource for activists, as well as working-class studies researchers and teachers across the social sciences, arts, and humanities, and it can also be used as a textbook for advanced undergraduate or graduate courses.**

**Challenging populist views about the white working class in the US, this book showcases what they really think about the defining issues in today's America. As the 2020 presidential elections draw near, this is an invaluable insight into the complex views on 2016 election candidates, race, identity and cross-racial connections.**

In the year 2040, America faces divide. Terrorist assaults, racial conflicts and political opportunists threaten its very survival. A riveting, thought-provoking tale, Melting Point 2040 explores the human costs of an America growing apart - following intertwined lives of a young Mexican immigrant, a disconnected survival gaming fanatic, a University professor and others competing to resolve disputes on their terms. It's a different world. America's economic supremacy has been surpassed. Computer programs drive cars that shape around passengers. English is no longer the primary language in several of 52 states. With a second Great Depression embedded in the nation's mindset and many issues unresolved for generations, America's most divisive challenge since the Civil War is coming to full boil. America's future may depend on a reluctant hero.

Rural Rides is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing Rural Rides, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions

I hope you enjoy using these colorful graphic organizers for this book. Answers are included for the following elements: parts of speech, point of view, setting, tone, theme, mood, plot

summary, protagonist, conflict, and the climax. If you do not have the ability to print in color or prefer not to, they may be printed in black and white. *The New York Times* best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people'" (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Out of their unknown fourth dimensional realm materializes a horde of White Invaders with power invincible. Ray Cummings is an American author of science fiction literature and comic books.

Cummings is identified as one of the "founding fathers" of the science fiction genre. His most highly regarded fictional work was the novel *The Girl in the Golden Atom*, which was a consolidation of a short story by the same name. For this novel Cummings combined the idea of Fitz James O'Brien's *The Diamond Lens* with H. G. Wells's *The Time Machine*. During the 1940s, Cummings anonymously scripted comic book stories for Timely Comics, the predecessor to Marvel Comics. He recycled the plot of *The Girl in the Golden Atom* for a two-part Captain America tale, *Princess of the Atom* (Captain America #25 & 26).

Once well beyond the chance of a fire glimmer he arose to his feet and quickly regained his own camp. This was exactly on the opposite side of the circle. The four men with whom he shared his tiny cotton tent, askaris all as beseemed his dignity, were sound asleep. He squatted on his heels, pushed together the embers of his fire, staring into the coals. His ugly face was as though carved from ebony. Only his wild savage eyes glowed and flashed with a brooding lambent flame; and his wide nostrils slowly expanded and contracted as though with some inner heaving emotion.

A cutting-edge, relentless, objective approach to inclusion. Companies spend billions of dollars annually on diversity efforts with remarkably few results. Too often diversity efforts rest on the assumption that all that's needed is an earnest conversation about "privilege." That's not enough. To truly make progress we need to stop celebrating the problem and instead take effective steps to solve it. In *Bias Interrupted*, Joan C. Williams shows how it's done, and, reassuringly, how easy it is to get started. One of today's preeminent voices on inclusive workplaces, Williams explains how leaders can use standard business tools—data, metrics, and persistence—to interrupt the bias that is continually transmitted through formal systems like performance appraisals, as well as the informal systems that control access to career-enhancing opportunities. The book presents fresh evidence, based on Williams's exhaustive research and work with companies, that interrupting bias helps every group—including white men. Comprehensive, though compact and straightforward, *Bias Interrupted* delivers real, practical value in an efficient and accessible manner to an audience that has never needed it more. It's possible to interrupt bias. Here's where you start.

*Even in 1960s Detroit, race isn't everything. Tom Daniels and "Cookie" Marsh will be the first to tell you that race isn't everything. But it did shape the way they experienced the world growing up in Detroit in the 1950s and 60s. Tom "Cookie" Marsh grew up in a black neighborhood on Detroit's west side. Tom Daniels grew up in a mixed, working-class neighborhood on Detroit's east side. Both men grew up in strict households where they "always got what we needed, and sometimes what we wanted" and both saw their city, their country, and their world transform around them through the Civil Rights movement, riots, and the Viet Nam War. But sometimes*

*parallel lines intersect. As each man tells his story, it is apparent that race isn't just "black and white" but it is part of what makes their friendship extraordinary. Their experiences will show you that race made for huge differences in their experiences, while, in spite of race, there are also touching similarities that made it possible for two men, in their older years, to overcome decades of racial turbulence of their upbringing to become lifelong friends. Follow Tom and Cookie. Hear about their lives, their upbringing, their successes and regrets growing up in black and white Detroit - and how when it boils down to it, the things that are truly important are actually black and white, like you and me.*

*The unfathomable rate of Black males in education should result in a national call to action. Across the country Black males represent only 2% of the teaching workforce. By the year 2024, minority students will be the majority, yet our current education workforce does not reflect this growing trend in what has been called "The Browning of America." Why is it acceptable that a student can matriculate from Kindergarten through twelfth grade and not have one Black male as his or her teacher? Why has it been a challenge to recruit and in many instances retain Black males in the classroom? Unopened Books explains what is referenced in the book as the Five Black Male Deterrents in Education. Through the personal narrative of Jermaine D. Gassaway, a native Washingtonian, educator, and school leader; coupled with practical solutions, Unopened Books provides insight to multiply the 2%. It is intended to not only be a provocative conversation starter but an actionable approach to increase the number of Black men in the classroom.*

*This book is designed to accompany the Introduction to Salesforce Analytics - Building Reports and Dashboards class offered by Stony Point. A person reading this book or a student in this class will to build reports and dashboards utilizing basic and advanced concepts . Although the book is designed as a supplement to the class, it contains valuable exercises that will be useful for someone wishing to learn on their own. This online, five hour class is delivered by a live instructor and is specifically designed to teach administrators, business analysts or report writers how to utilize the basic and advanced analytic capabilities of Salesforce. A student in this class or reading this workbook will learn the basic Salesforce object model, and how to create and secure reports and dashboards. The instructor will lead students through exercises to create tabular, summary, matrix and join reports. Students will learn advanced reporting functionality such as charting, report summary fields, bucket fields, conditional highlighting, advanced report filters and building custom report types. Finally, the student will learn how to create and run dashboards and schedule and email reports and dashboards. Each student will be given a practice learning environment to participate in hands-on exercises during the class. The student will be able to use that learning environment indefinitely after the class without any additional fee. Stony Point is a leading provider of Salesforce training for sales people, customer service personnel, marketers, system administrators, developers and consultants. Stony Point delivers public and private classes virtually and in-person at locations throughout the world. Please visit [www.stonyp.com](http://www.stonyp.com) for more information on the classes and services offered.*

*The shifting meaning of race and class in the age of Trump The profound concentration of economic power in the United States in recent decades has produced surprising new forms of racialization. In Producers, Parasites, Patriots, Daniel Martinez HoSang and Joseph E. Lowndes show that while racial subordination is an enduring feature of U.S. political history, it continually changes in response to shifting economic and political conditions, interests, and structures. The authors document the changing politics of race and class in the age of Trump across a broad range of phenomena, showing how new forms of racialization work to alter the economic protections of whiteness while promoting some conservatives of color as models of the neoliberal regime. Through careful analyses of diverse political sites and conflicts—racially charged elections, attacks on public-sector unions, new forms of white precarity, the rise of black and brown political elites, militia uprisings, multiculturalism on the far right—they highlight new, interwoven deployments of race in the ascendant age of inequality. Using the concept of “racial transposition,” the authors demonstrate how racial meanings and signification can be transferred from one group to another to shore up both neoliberalism and racial hierarchy. From the militia movement to the Alt-Right to the mainstream Republican Party, Producers, Parasites, Patriots brings to light the changing role of race in right-wing politics.*

*THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—The Economist "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were “dirt poor and in love,” and moved north from Kentucky’s Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that J.D.'s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.*

*“Any history of the political movements of the Muslims will not be complete without Chaudhry Afzal Haq. The conservative elite of Punjab were afraid of him just like all the ruling classes that are afraid of a successful revolution. He was everything in Ahrar, but never accepted any designation in the party.” “He was one of the worst enemies of British rule and ready to make an alliance with anyone who was against the British.” Agha Shorash Kashmiri Rejecting racism, religious intolerance and embracing “social leveling” and economic justice, Chaudhry Afzal Haq was a visionary, writer, politician, humanitarian, political prisoner and freedom fighter on behalf of all Indians. He was a moral man who sacrificed his personal needs in the service of his fellow countrymen, regardless of their religious or ethnic background. Pakistan and Untouchability is a lost literary work and message that is a must read for every student of history and politics in the subcontinent of today. This book examines the real underlying historical, economic, religious and political issues of the Indian subcontinent at a moment in time of decision for its people. The debate of why and if a new country of Pakistan should be created or will be created after British rule of India is examined in detail by Afzal Haq. His conclusions remain as relevant today as they were in his time. The working and middle class in India, Pakistan and Bangladesh are still struggling with these same issues in the subcontinent today. Written in 1939 and 1940, while imprisoned in Rawalpindi jail and published in 1941, this book is a culmination of Afzal Haq's lifelong thinking about the key issues facing his country and its peoples while under British rule. About the Author: Chaudhry Afzal Haq was elected twice to Punjab Assembly as a Member of Legislative Assembly starting in 1924. He helped to found Majlis-e-Ahrar, a liberal Muslim political party at the time, working to seek social justice and freedom for all Indians regardless of race or religion. He was later elected as the second President of Majlis-e-Ahrar from 1931-1934.*

Known as Mufakkir-e-Ahrrar "The Thinker" by this time, Chaudhry Afzal Haq was in and out of British prisons for over two decades for openly defying the British Government as a political and moral leader. He campaigned and wrote tirelessly focusing his efforts on helping the poor and working class in India during these most desperate of times. His life's work included political action on behalf of the common man, prison reform and human rights for his fellow Indians.

A classic work of feminist scholarship, *Ain't I a Woman* has become a must-read for all those interested in the nature of black womanhood. Examining the impact of sexism on black women during slavery, the devaluation of black womanhood, black male sexism, racism among feminists, and the black woman's involvement with feminism, hooks attempts to move us beyond racist and sexist assumptions. The result is nothing short of groundbreaking, giving this book a critical place on every feminist scholar's bookshelf.

**Life in lower class as offspring of a notorious thief was simple for the Quartar daughters until accidental mishaps with the other classes of society turn their dirt poor lives around for worse and better. Eight young women are taken from the slums into the high class world they never understood only at first to find betrayal, suffering, scandal, revenge and corruption. Then, before they know it they are wrapped in the grandest scandal their country of Galli has ever seen. The kingdom of Cretaine is trying to overthrow the corrupted kingdom of Galli. The Quartar family must betray their world in order to save Galli from a brutal civil war.**

**This book examines the lives of the Antebellum South's underprivileged whites in nineteenth-century America.**

**Around the world, populist movements are gaining traction among the white working class. Meanwhile, the professional elite--journalists, managers, and establishment politicians--is on the outside looking in, and left to argue over the reasons why. In *White Working Class*, Joan C. Williams, described as "something approaching rock star status" in her field by the *New York Times*, explains why so much of the elite's analysis of the white working class is misguided, rooted in assumptions by what she has controversially coined "class cluelessness." Williams explains how most analysts, and the corresponding media coverage, have conflated "working class" with "poor." All too often, white working class motivations have been dismissed as simply racism or xenophobia. Williams explains how the term "working class" has been misapplied--it is, in fact, the elusive, purportedly disappearing middle class. This demographic often resents both the poor and the professionals. They don't, however, tend to resent the truly rich, nor are they particularly bothered by income inequality. Their dream is not to join the upper middle class, with its different culture, but to stay true to their own values in their own communities--just with more money. *White Working Class* is a blunt, bracing narrative that sketches a nuanced portrait of millions of people throughout the world who have proven to be a potent political force. For anyone stunned by the rise in populist, nationalist movements, wondering why so many would seemingly vote against their own economic interests or simply feeling like a stranger in their own country, *White Working Class* will be a convincing primer on how to connect with a crucial set of workers--and voters.**

**This book is an assessment of the state of Black media, Black families, Black colleges, and Black churches. This discussion manual is a declaration of what must be done to start a MOVEMENT to save the children. This 90-page monologue is an appeal for Black America to reset our agenda by moving away from consumerism and our participation in the entertainment industrial complex and a call for us to return to education and spirituality.**

Increase your child's dental awareness by showing him/her that teeth have "emotions" too! Coloring introduces feelings, concepts and emotions quite well. It is an activity well-loved because of its many benefits, especially the formation of essential life skills like patience, determination control and self-confidence too. Control your child's fear of the dentist; grab a copy of this coloring book today!

These 18 stories probe the lies and secrets, the "fictions" in the lives of of parents and children, siblings, Germans and Jews, confused adolescents, and elderly lovers. ..".The actors in these beautiful, often sad stories carry with them complex histories of desire and pain, often longing for what they can't or shouldn't have. You've met them, fathers and mothers, daughters, sisters, uncles, lovers, presented here

with humor and dignity, with a keen and dispassionate eye, reminiscent of another great Canadian storyteller, Rosen's cast will surprise you, instant by instant." - Daniel Coshnear, *Occupy & Other Love Stories* "In Rosen's book, amidst gorgeous imagery, people we care about stumble through attraction and betrayal. And move over Portnoy, with your raw liver in a milk bottle. Let a girl show you how it's done. The title story contains the most imaginative portrayal of self-pleasuring you'll ever read." - Norma Watkins, *The Last Resort: Taking the Mississippi Cure* "A young woman prepares to declare her independence from her parents only to discover that her mother is secretly struggling for her own autonomy; a free-spirited bartender deftly plays off the two women who try to hold him; an elderly husband tries to protect a favorite vacation spot from the encroachments of youth and time. Each situation opens a window onto another universal aspect of human character. Children, young people and the aged all have a voice here, and almost every one of them either hides a secret or uncovers someone else's. Rosen's writing is crisp and precise. Without a single excess word she paints a series of varied pictures ranging from the German countryside, a working-class Toronto neighborhood, or the American open road. Each story is a pleasure to read, and the collection as a whole demonstrates Rosen's talent in a dazzling variety of times, places and themes." - Ruhama Veltfort, *Strange Attractors*  
A reader-friendly explanation of the need to restore limited government and other American founding values.

Don Newman's first volume of Savannah centric poetry reflects the close personal relationship between poet and subject often found in work dedicated to a particular place. Such intimate subjectivity may seem lofty at times. But this Savannah native has a way of bringing grandiose notions of his hometown down to earth. Here, the author's regional sensibilities-together with his stretch toward the universal-offer the reader a unique perspective and a tour of Savannah unattainable during a typical day of sightseeing. While by no means a comprehensive poetic look at the city, Newman's *Little Poetry Book of Savannah* will surely augment the traveler's backpack, give visitors a distinctive literary keepsake, and make the perfect gift for those back home who would like an authentic little piece of Savannah. Meditative, descriptive, fun, quirky, and enjoyably honest, Newman bares parts of his soul in this down-to-earth, head-in-the-clouds "poetry for everyone." United We Stand Divided We Fall

White Workers and South Africa's Long Transition to Majority Rule

In *United We Stand Divided We Fall* Garn Press has gathered together essays by great scholars and renowned teachers who oppose the direction in which President Trump is leading the country. These are essays, to quote George Lakoff, which frame American values accurately and systemically day after day, telling truths by American majority moral values. These are essays of protest against and resistance to Trump's presidency, to his billionaire cabinet, to the privileging in the White House of white supremacists, the promulgation of "alternate facts," the denigration of media sources, the purges of State Department personnel, the gag orders at the EPA and scientists placed on "watch lists," the travel bans on people from wide swaths of U.S. society and on refugees ... the list is long. They are also essays that tackle the question of what we can do to stop Trump from becoming a fast moving catastrophe. When the hands of the Doomsday Clock were moved closer to midnight, President Trump was named specifically as an existential risk to humanity. There is no doubt that we must all act. The writers of conscience who have written this collection of essays are all actively engaged in opposing President Trump and their writings encourage us to participate in the resistance movement. Read with a pencil in hand. Make notes on what you can do to join aspects of the movement that reflects the needs and concerns of your community. Through social media you can go global while acting locally.

White workers occupied a unique social position in apartheid-era South Africa. Shielded from black labour competition in exchange for support for the white minority regime, their race-based status effectively concealed their class-based vulnerability. Centred on this entanglement of race and class, *Privileged Precariat* examines how South Africa's white workers experienced the dismantling of the racial state and the establishment of black majority rule. Starting from the 1970s, it shows how apartheid reforms constituted the withdrawal of state support for working-class whiteness, sending workers in search of new ways to safeguard their interests in a rapidly changing world. Danelle van Zyl-Hermann tracks the shifting strategies of the blue-collar Mineworkers' Union, culminating in its reinvention, by the 2010s, as the Solidarity Movement, a social movement appealing to cultural nationalism. Integrating unique historical and ethnographic evidence with global debates, *Privileged Precariat* offers a chronological and interpretative rethinking of South Africa's recent past and contributes new insights from the Global South to debates on race and class in the era of neoliberalism.
