

## Who Was Daniel Boone

**Thirty lifelike, captioned drawings chronicle the adventure-packed life of the famed American hunter, trapper, and explorer. Scenes of Boone in the wild, withstanding Indian attacks, and more.**

**"Daniel Boone: The Pioneer of Kentucky" by John Stevens Cabot Abbott recounts the fascinating history of one of America's most well-known and quasi-mythological figures, Daniel Boone. Abbot's story weaves a tale of romance, adventure, and action in a way that is sure to grip readers from the very first word until the last page.**

**Recreates the early life of the frontier hero who blazed a trail through the Cumberland Gap and led the first white settlers into Kentucky.**

**Author Pat McCarthy explores the fascinating life of the man who blazed trails, built towns, and learned the ways of the American Indians well enough to be adopted as one of them. Showing the many myths and legends that have developed about Daniel Boone throughout history, McCarthy helps separate fact from fiction in the life of the great early American pioneer who is best known for having opened the Wilderness Road to the West.**

A critical history of early Kentucky and the trans-Appalachian frontier focuses on the transition from the eighteenth-century, the era of Daniel Boone, to the nineteenth-century, when proponents of industrialization determined the future of the region. UP.

“A rousing tale of frontier daring and ingenuity, better than legend on every front.” — Pulitzer Prize–winning author Stacy Schiff
A Goodreads Most Anticipated Book In his first work of narrative nonfiction, Matthew Pearl, bestselling author of acclaimed novel The Dante Club, explores the little-known true story of the kidnapping of legendary pioneer Daniel Boone’s daughter and the dramatic aftermath that rippled across the nation. On a quiet midsummer day in 1776, weeks after the signing of the Declaration of Independence, thirteen-year-old Jemima Boone and her friends Betsy and Fanny Callaway disappear near the Kentucky settlement of Boonesboro, the echoes of their faraway screams lingering on the air. A Cherokee-Shawnee raiding party has taken the girls as the latest salvo in the blood feud between American Indians and the colonial settlers who have decimated native lands and resources. Hanging Maw, the raiders’ leader, recognizes one of the captives as Jemima Boone, daughter of Kentucky’s most influential pioneers, and realizes she could be a valuable pawn in the battle to drive the colonists out of the contested Kentucky territory for good. With Daniel Boone and his posse in pursuit, Hanging Maw devises a plan that could ultimately bring greater peace both to the tribes and the colonists. But after the girls find clever ways to create a trail of clues, the raiding party is ambushed by Boone and the rescuers in a battle with reverberations that nobody could predict. As Matthew Pearl reveals, the exciting story of Jemima Boone’s kidnapping vividly illuminates the early days of America’s westward expansion, and the violent and tragic clashes across cultural lines that ensue. In this enthralling narrative in the tradition of Candice Millard and David Grann, Matthew Pearl unearths a forgotten and dramatic series of events from early in the Revolutionary War that opens a window into America’s transition from colony to nation, with the heavy moral costs incurred amid shocking new alliances and betrayals.

Market hunter, frontier guide, wilderness scout, master woodsman, expert marksman, Indian fighter, militia leader, surveyor, land speculator, judge, sheriff, coroner, elected legislator, merchant, tavern keeper, prisoner of war, Spanish syndic, husband, father-Daniel Boone led one of the fullest and most eventful lives in American history. Encompassing 85 sites stretched across 11 states, In the Footsteps of Daniel Boone takes readers to the places where Boone lived, hunted, fought, and dreamed of the next frontier. You'll find the sites where two of Boone's sons were killed by Indians, where he rescued his kidnapped daughter from Shawnee captors, where his brother was slain by Indians who mistook him for Boone, where he tricked a British governor, and where he was court-martialed on charges of treason. In David, Kentucky, you'll visit the hollow where Daniel Boone saw his first buffalo. At Fort Boonesborough State Park, you'll learn how his courage and cunning defeated a Shawnee siege. At Cumberland Gap, you'll walk Boone's Wilderness Trail, by which a quarter-million settlers entered Kentucky. And in Pennsylvania and Missouri, you'll see the homes where he was born into and departed this world-a thousand miles, 86 years, and a legendary life apart. Book jacket.

"Life of Daniel Boone, the Great Western Hunter and Pioneer" by Cecil B. Hartley. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten–or yet undiscovered gems–of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Blood and Treasure

The Life and Adventures of Daniel Boone

How the West was Lost

The First Settler of Kentucky

**Daniel Boone loved to explore and hunt in the wilderness. As a boy, he learned the ways of the woods from Indians and hunters. Then Daniel heard of a place called Kentucky and he decided to move west. In his quest for adventure, Daniel inspired others to explore the American West--and became a legend.**

**Winner of the Los Angeles Times Book Prize for History for 1993 In the first and most reliable biography of Daniel Boone in more than fifty years, award-winning historian Faragher brilliantly portrays America's famous frontier hero. Drawing from popular narrative, the public record, scraps of documentation from Boone's own hand, and a treasure of reminiscence gathered by nineteenth-century antiquarians, Faragher uses the methods of new social history to create a portrait of the man and the times he helped shape. Blending themes from a much vitalized Western and frontier history with the words and ideas of ordinary people, Faragher has produced a book that will stand as the definitive life of Daniel Boone for decades to come, and one that illuminates the frontier world of Boone like no other.**

**While his name is familiar to many people, his many deeds and exploits are not. Throughout his life, Daniel Boone switched from one adventure to another. He explored new places despite the presence of danger and death, and he went on long wilderness hunting trips that were daily battles of survival. Through it all Boone moved steadily onward, consumed with a burning desire to see what was over the next ridge or where the next trail would lead. His courage and determination were extraordinary. Stories of his life became legendary.**

*Follow the final days of an American frontier icon as a historian examines what happened to him after he died. Finding Daniel Boone is a unique tribute to America’s frontier hero and offers closure to the greatest of all his mysteries: where he was buried. Part biography, part historical travelogue, and eloquently narrated using fresh sources, rare forensic data, and new field interviews, this is more than just a search for a man’s bones. Fully re-creating Daniel’s lost world, noted historian and author Ted Franklin Belue journeys along the famous Pathfinder’s last trail, from Missouri and back to Kentucky, meeting a host of colorful characters. As little has been written about Boone’s western days, where he lived the longest, this work examines the legendary woodsman’s life as much as his death. “With vivid writing, and ample historic documentation, Ted Franklin Belue invites readers on an incredible journey that introduces them to a new slant on an old story about one of the greatest American frontier heroes. Belue tirelessly re-creates Boone’s lost world and follows his last trail in the year of his death’s bicentennial, teasing us with a provocative question: Where does Daniel Boone rest, in Missouri or Kentucky?” —KYForward*

*Daniel Boone is often known for a coonskin cap, but more than that, he was one of America's greatest explorers! Readers will learn about Daniel's adventurous life as he hunted and trapped animals, created a Wilderness Road, and rescued his daughter from Shawnee Indians! This fascinating book has been translated into Spanish and features informational text, lively images and drawings, and a helpful glossary, index, and timeline of Boone's life.*

*The Instant New York Times Bestseller National Bestseller "[The] authors' finest work to date." —Wall Street Journal The explosive true saga of the legendary figure Daniel Boone and the bloody struggle for America's frontier by two bestselling authors at the height of their writing power—Bob Drury and Tom Clavin. It is the mid-eighteenth century, and in the thirteen colonies founded by Great Britain, anxious colonists desperate to conquer and settle North America’s “First Frontier” beyond the Appalachian Mountains commence a series of bloody battles. These violent conflicts are waged against the Native American tribes whose lands they covet, the French, and the mother country itself in an American Revolution destined to reverberate around the world. This is the setting of Blood and Treasure, and the guide to this epic narrative is America’s first and arguably greatest pathfinder, Daniel Boone—not the coonskin cap-wearing caricature of popular culture but the flesh-and-blood frontiersman and Revolutionary War hero whose explorations into the forested frontier beyond the great mountains would become the stuff of legend. Now, thanks to painstaking research by two award-winning authors, the story of the brutal birth of the United States is told through the eyes of both the ordinary and larger-than-life men and women who witnessed it. This fast-paced and fiery narrative, fueled by contemporary diaries and journals, newspaper reports, and eyewitness accounts, is a stirring chronicle of the conflict over America’s “First Frontier” that places the reader at the center of this remarkable epoch and its gripping tales of courage and sacrifice.*

*" The embodiment of the American hero, the man of action, the pathfinder, Daniel Boone represents the great adventure of his age—the westward movement of the American people. Daniel Boone: An American Life brings together over thirty years of research in an extraordinary biography of the quintessential pioneer. Based on primary sources, the book depicts Boone through the eyes of those who knew him and within the historical contexts of his eighty-six years. The story of Daniel Boone offers new insights into the turbulent birth and growth of the nation and demonstrates why the frontier forms such a significant part of the American experience.*

Colonel Daniel Boone's Autobiography by Daniel Boone, illustrated, dictated by Colonel Boone to John Filson, and published in 1784. Colonel Boone has been heard to say repeatedly since its publication, that "it is every word true." Daniel Boone was an American pioneer, explorer, woodsman, and frontiersman, whose frontier exploits made him one of the first folk heroes of the United States. Boone is most famous for his exploration and settlement of what is now Kentucky, which was then part of Virginia but on the other side of the mountains from the settled areas. As a young adult, Boone supplemented his farm income by hunting and trapping game, and selling their pelts in the fur market. Through this occupational interest, Boone first learned the easy routes to the area. Despite some resistance from American Indian tribes such as the Shawnee, in 1775, Boone blazed his Wilderness Road through the Cumberland Gap in the Appalachian Mountains from North Carolina and Tennessee into Kentucky. There, he founded the village of Boonesborough, Kentucky, one of the first American settlements west of the Appalachians. Before the end of the 18th century, more than 200,000 Americans migrated to Kentucky/Virginia by following the route marked by Boone.

Supported with copious maps, illustrations, endnotes, and a detailed chronology of Boone's life, Frontiersman provides a fresh and accurate rendering of a man most people know only as a folk hero—and of the nation that has mythologized him for over two centuries.

The Biographical Memoir of Daniel Boone: The First Settler of Kentucky, written in 1833, is an embellished account of Daniel Boone's life by Timothy Flint. Like other authors, Flint interviewed Boone for details, but he added his own version of events, making Boone fight bears, escape rampant Indians on a swinging vine, and forming him into an all-around backwoodsman hero. The retelling made the book one of the best-selling biographies of the 1800s, was the inspiration for literary figures like Davy Crockett, Don Juan, and Tarzan, and continues to influence the public picture of the nature man type even today.TIMOTHY FLINT (1780-1840) was a clergyman and scientist from Massachusetts. He graduated from Harvard in 1800 and became a pastor for the Congregational Church in Lunenburg, Massachusetts in 1802. Because of the many chemistry experiments he conducted (which no one understood), Flint was accused of counterfeiting money, to which he responded with a slander lawsuit. As a result, he left his congregation to travel along the Ohio and Mississippi Rivers as a missionary for almost eight years. In addition to clergy work, Flint edited and contributed to Knickerbocker and Western Review magazines and wrote several books, essays, and short stories, most of which focused on backwoods and missionary life.

This two-part tale features reminiscences in the legendary frontiersman's own words and a profile of his entire life, with exciting accounts of blazing the Wilderness Road and serving as a militiaman during the Revolutionary War.

A Picture Book of Daniel Boone

*Relates episodes from the life of Daniel Boone, a talented hunter and woodsman who helped explore the American West.*

*One of the most famous figures of the American frontier, Daniel Boone clashed with the Shawnee and sought to exploit the riches of a newly settled region. Despite Boone's fame, his life remains wrapped in mystery.The Boone legend, which began with the publication of John Filson's The Adventures of Col. Daniel Boone and continued through modern times with Fess Parker's Daniel Boone television series, has become a hopeless mix of fact and fiction. Born in 1819, archivist Lyman Draper was a tireless collector of oral history and is responsible for much of what we do know about Boone. Particularly interested in frontier history, Draper conducted interviews with the famous and the obscure and collected thousands of manuscripts (he walked hundreds of miles through the South to save historical materials during the Civil War). In an 1851 visit with Boone's youngest son, Nathan, and Nathan's wife, Olive, Draper produced over three hundred pages of notes that became the most important source of information about Daniel. The interviews provide a wealth of accurate, first-hand information about Boone's years in Kentucky, his capture by Indians, his defense of Fort Boonesboro, his lengthy hunting expeditions, and his final years in Missouri. My Father, Daniel Boone is an engaging account of one of America's great pioneers, in which Nathan makes a point of separating fact from fiction. From explaining the methods his father used to track game to detailing how land speculation and legal problems from title claims caused Boone to leave Kentucky and take up residence farther west, Nathan Boone's portrait of his father brings a crucial period in frontier history to life.*

*The name Daniel Boone conjures up the image of an illiterate, coonskin cap-wearing patriot who settled Kentucky and killed countless Indians. The scarcity of surviving autobiographical material has allowed tellers of his story to fashion a Boone of their own liking, and his myth has evolved in countless stories, biographies, novels, poems, and paintings. In this welcome book, Meredith Mason Brown separates the real Daniel Boone from the many fables that surround him, revealing a man far more complex -- and far more interesting -- than his legend. Brown traces Boone's life from his Pennsylvania childhood to his experiences in the militia and his rise as an unexcelled woodsman, explorer, and backcountry leader. In the process, we meet the authentic Boone: he didn't wear coonskin caps; he read and wrote better than many frontiersmen; he was not the first to settle Kentucky; he took no pleasure in killing Indians. At once a loner and a leader, a Quaker who became a skilled frontier fighter, Boone is a study in contradictions. Devoted to his wife and children, he nevertheless embarked on long hunts that could keep him from home for two years or more. A captain in colonial Virginia's militia, Boone later fought against the British and their Indian allies in the Revolutionary War before he moved to Missouri when it was still Spanish territory and became a Spanish civil servant. Boone did indeed kill Indians during the bloody fighting for Kentucky, but he also respected Indians, became the adopted son of a Shawnee chief, and formed lasting friendships with many Shawnees who once held him captive. During Boone's lifetime (1734--1820), America evolved from a group of colonies with fewer than a million inhabitants clustered along the Atlantic Coast to an independent nation of close to ten million reaching well beyond the Mississippi River. Frontiersman is the first biography to explore Boone's crucial role in that transformation. Hundreds of thousands of settlers entered Kentucky on the road that Boone and his axemen blazed from the Cumberland Gap to the Kentucky River. Boone's leadership in the defense of Boonesborough during a sustained Indian attack in 1778 was instrumental in preventing white settlers from fleeing Kentucky during the bloody years of the Revolution. And Boone's move to Missouri in 1799 and his exploration up the Missouri River helped encourage a flood of settlers into that region. Through his colorful chronicle of Boone's experiences, Brown paints a rich portrayal of colonial and Revolutionary America, the relations between whites and Indians, the opening and settling of the Old West, and the birth of the American national identity. Supported with copious maps, illustrations, endnotes, and a detailed chronology of Boone's life, Frontiersman provides a fresh and accurate rendering of a man most people know only as a folk hero -- and of the nation that has mythologized him for over two centuries.*

*The story of Daniel Boone is the story of America—its ideals, its promise, its romance, and its destiny. Bestselling, critically acclaimed author Robert Morgan reveals the complex character of a frontiersman whose heroic life was far stranger and more fascinating than the myths that surround him. This rich, authoritative biography offers a wholly new perspective on a man who has been an American icon for more than two hundred years—a hero as important to American history as his more political contemporaries George Washington and Benjamin Franklin. Extensive endnotes, cultural and historical background material, and maps and illustrations underscore the scope of this distinguished and immensely entertaining work.*
