Helen Keller: The World at Her Fingertips

Helen Keller, Her Socialist Years

A biography stressing the childhood of the woman who overcame the handicaps of being blind and deaf.

An introduction to the life and legacy of Helen Keller and her teacher Annie Sullivan.

In this kids' biography, discover the inspiring story of Helen Keller, who overcame the odds by learning to understand and communicate with the world. Helen Keller lost her sight and hearing due to an early childhood illness and spent the first 6 years of her life unable to interact with other people. She remained isolated from the outside

world until Anne Sullivan came to work as her teacher. In this biography book for kids ages 8-11, learn all about Helen Keller's amazing life and achievements - how she learned to read Braille and speak, go to college, write books, and ultimately revolutionize the world through her activism on behalf of the deaf and blind. This new biography series from DK goes beyond the basic facts to tell the true life stories of history's most interesting people. Full-color photographs and hand-drawn illustrations complement thoughtfully written, age-appropriate text to create an engaging book children will enjoy reading. Definition boxes, information sidebars, maps, inspiring quotes, and other nonfiction text features add depth, and a handy reference section at the back makes this the one biography series every teacher and librarian will want to collect. Each book also includes an author's introduction letter, a glossary, and an index.

Robbed of three of her five senses at a young age, Helen Keller worked as a crusader for the education of the deaf and blind, and helped disabled people around the world find hope. At 19 months old, Keller suddenly lost her ability to see and hear, leaving her deaf, dumb, and mute. She was left to live in darkness and silence until a young teacher named Anne Sullivan used groundbreaking methods to teach Keller not only how to read and write, but even how to speak. An intelligent young woman, she was the first deaf-blind person to graduate from college. This miraculous woman's life became a symbol of triumph over adversity, and her story stands as a testament

to the idea that any obstacle can be overcome.

A Girl Named Helen

Blind Rage

The Story of My Life and Selected Letters

Young readers will discover how a young girl, trapped in silence and darkness, learns to love the world with the help of her mentor, Annie Sullivan.

Helen Keller was not always deaf and blind. She was born a healthy baby girl, but after a serious infection as a toddler, she lost both her hearing and sight. Doctors told her parents that she would never make anything of herself in a hearing and seeing world. Determined, her parents ignored the doctors and enrolled their daughter in Perkins School for the Blind, where she met her life-long companion Anne Sullivan. Ms. Sullivan is largely credited with teaching Helen language by spelling the names of objects onto her hand. Once she grasped the concept, Helen quickly learned to communicate through spelling and sign language. She began taking classes at Radcliffe College, where she became the first deaf-blind person to earn a Bachelor of Arts degree. Encouraged, she began advocating for deaf and blind people across the globe. She gave many speeches and wrote twelve books and numerous articles. When she passed away, she

was the most recognized and respected deaf-blind person in the world. All About Helen Keller introduces middle-grade readers to one of the greatest inspirational personalities of our time. Helen Keller's life is described in detail so that fourth to eighth grade readers can get to know her through her life and accomplishments. With two timelines, a glossary, a bibliography, and an index, All About Helen Keller is sure to win over even the most reluctant of readers. Let's take a jump into history and learn all about Helen Keller.

Learn about the inspiring life of Helen Keller in this early reader biography. When Helen Keller was a baby, she became sick and lost her ability to see and hear. Although many people doubted her ability to persevere, Helen did not let any obstacle stop her from achieving many things in her amazing life. This book covers some of the well-known and inspiring milestones of Keller's life—it's a great supplement for book reports on this iconic historical figure. It also covers some of the lesser-known fun facts—did you know that Helen Keller was a long-time dog lover? This biography reader includes a timeline, historical photographs, and information about Braille. Helen Keller: The World at her Fingertips is a Level Two I Can Read, geared for kids who read on their own but still need a little help. Whether shared at home or in a classroom, the engaging stories, longer sentences, and language play of

Level Two books are proven to help kids take their next steps toward reading success.

speaker, writer, and advocate for people with disabilities.

A biography telling the life of Hellen Keller, a blind and deaf woman who became an author and advocate for the blind. Written in graphic-novel format.

A biography of the blind and deaf woman who rose above her physical disabilities to international renown and helped other handicapped persons to live fuller lives.

As a baby, Helen Keller lost her hearing and sight to a rare illness. For five years, the world around her was a mystery. Then one day, her teacher taught Helen a single name, and her world started to grow. She went on to graduate from college, write books, and travel the country, speaking out for people with disabilities. Helen Keller's world never stopped growing. And her story is a reminder that behind every name is something precious, waiting to be discovered.

Desperate for work, she'd taken on a seemingly impossible job—teaching a child who was deaf, blind, and as ferocious as any wild animal. But if anyone was a match for Helen Keller, it was the girl who'd been nicknamed Miss Spitfire. In her efforts to reach Helen's mind, Annie lost teeth to the girl's raging blows, but she never lost faith in her ability to triumph. Told in first person, Annie Sullivan's past, her brazen determination, and her connection to the girl who would call her Teacher are vividly depicted in this powerful novel.

Inspired by the #1 New York Times bestseller *She Persisted* by Chelsea Clinton and Alexandra Boiger comes a chapter book series about women who stood up, spoke up and rose up against the odds--including Helen Keller! In this chapter book biography by acclaimed author Courtney Sheinmel, readers learn about the amazing life of Helen Keller--and how she persisted. Helen Keller lost her sight and hearing after a childhood illness, but she didn't let that stop her from learning to read, speak, and make a difference.

***All about Helen Keller***

***Crusader for the Blind and Deaf***

***The Radical Lives of Helen Keller***

***Helen Keller lost her ability to see and hear before she turned two years old. But in her lifetime, she***

learned to ride horseback and dance the foxtrot. She graduated from Radcliffe. She became a world famous speaker and author. She befriended Mark Twain, Charlie Chaplin, and Alexander Graham Bell. And above all, she revolutionized public perception and treatment of the blind and the deaf. The catalyst for this remarkable life's journey was Annie Sullivan, a young woman who was herself visually impaired. Hired as a tutor when Helen was six years old, Annie broke down the barriers between Helen and the wider world, becoming a fiercely devoted friend and lifelong companion in the process. In *Annie Sullivan and the Trials of Helen Keller*, author and illustrator Joseph Lambert examines the powerful bond between teacher and pupil, forged through the intense frustrations and revelations of Helen's early education. The result is an inspiring, emotional, and wholly original take on the story of these two great Americans.

Using simple language that beginning readers can understand, this lively, inspiring, and believable biography looks at the triumphant childhood of Helen Keller.

Though Helen Keller became deaf and blind after a childhood illness in 1882, she grew up to be a renowned author, activist, and speaker. With the help of her teacher, Anne Sullivan, Keller overcame major obstacles in her life and used them to become an advocate for those experiencing discrimination and hardship. This inspiring biography uses Keller's own words as a primary source, so that readers can

**better know and understand this amazing woman and leader.**

**A political biography that reveals new sides to Helen Keller Several decades after her death in 1968, Helen Keller remains one of the most widely recognized women of the twentieth century. But the fascinating story of her vivid political life—particularly her interest in radicalism and anti-capitalist activism—has been largely overwhelmed by the sentimentalized story of her as a young deaf-blind girl. Keller had many lives indeed. Best known for her advocacy on behalf of the blind, she was also a member of the socialist party, an advocate of women's suffrage, a defender of the radical International Workers of the World, and a supporter of birth control—and she served as one of the nation's most effective but unofficial international ambassadors. In spite of all her political work, though, Keller rarely explored the political dimensions of disability, adopting beliefs that were often seen as conservative, patronizing, and occasionally repugnant. Under the wing of Alexander Graham Bell, a controversial figure in the deaf community who promoted lip-reading over sign language, Keller became a proponent of oralism, thereby alienating herself from others in the deaf community who believed that a rich deaf culture was possible through sign language. But only by distancing herself from the deaf community was she able to maintain a public image as a one-of-a-kind miracle. Using analytic tools and new sources, Kim**

**E. Nielsen's political biography of Helen Keller has many lives, teasing out the motivations for and implications of her political and personal revolutions to reveal a more complex and intriguing woman than the Helen Keller we thought we knew.**
