Why Vote Leave

The first modern history of the 1975 European Referendum, ranging across 1970s Britain to assess why voters said 'Yes to Europe'.

Brexit will have significant consequences for the country, for Europe, and for global order. And yet much discussion of Brexit in the UK has focused on the causes of

the vote and on its consequences for the future of British politics. This volume examines the consequences of Brexit for the future of Europe and the European Union, adopting an explicitly regional and future-oriented perspective missing from many existing analyses.

Drawing on the

The majority of policymakers, academics, and members of the general public expected British citizens to vote to remain in the European Union in the 2016 referendum. This perception was
