Exposes the agenda behind the bio-robotic grey aliens' genetic manipulation of certain human races •

Reveals the Grey's nature as sophisticated self-aware machines created by a long vanished extraterrestrial civilization • Explains how their quest to capture human souls appears in the historical record from biblical times • Explains how the phenomenon of racism is a by-product of their genetic tampering In 1997 Nigel Kerner first introduced the notion of aliens known as Greys coming to Earth, explaining that

# Where To Download Wicked Captor A Scifi Alien Warrior Romance Warrior Of Rozun Book 1

Greys are sophisticated biological robots created by an extraterrestrial civilization they have long since outlived. In this new book Kerner reveals that the Greys are seeking to master death by obtaining something humans possess that they do not: souls. Through the manipulation of human DNA, these aliens hope to create their own souls and, thereby, escape the entropic grip of the material universe in favor of the timeless realm of spirit. Kerner explains that genetic manipulation by the Greys has occurred since biblical times and has led to numerous negative qualities

# Where To Download Wicked Captor A Scifi Alien Warrior Romance Warrior Of Rozun Book 1

that plague humanity, such as violence, greed, and maliciousness. Racism, he contends, was developed by the aliens to prevent their genetic experiments from being compromised by breeding with others outside their influence. Examining historical records, Kerner shows that Jesus, who represented an uncorrupted genetic line, warned his disciples about the threat posed by these alien interlopers, while Hitler, a pure product of this alien intelligence, waged genocide in an attempt to rid Earth of all those untouched by this genetic tampering. Despite the powerful grip

the Greys have on humanity,  
Kerner says that all hope is  
not lost. Greys exist wholly  
in the material world, so if  
we follow the spiritual laws  
of reincarnation and karma,  
aiming for enlightenment and  
rising above the material--a  
state the Greys are unable  
to reach--we can free  
ourselves from their grasp.

I've been waiting for her my entire life, and I will not free her. But when something happens that puts her in danger, can I send her away, even when she no longer wants me to? What happens when the one guy you can't fall for is the only one you can't resist? As one of the new human cadets at an alien military academy, I knew I'd have to prove myself. Especially since I'm one of only a few females sent by Earth. I just didn't know that the one alien I want to impress would be the one who seems determined to hate me. I was sent here because I'm a champion pod racer, so why won't the big, gruff pod instructor let me show him what I can do? If he thinks ignoring me or assigning me after-hours work

If I'm being honest, the alien's huge muscles and gold tattoos have me thinking about riding more than pods when I'm around him, but no way can anything happen with one of my teachers. Right? Especially since I get the idea that the bad boy instructor is hiding something. Does his secret have something to do with the strange things happening at the academy? If there really is a traitor behind it all, could it be him?

Zoe McKinley has a boring life, an awful job, and a boss that throws staplers at her head. What could be worse? How about being abducted by Aliens? When Zoe is dragged aboard an extraterrestrial ship, she thinks she's been chosen as a concubine by the huge red-skinned male with horns and a devilish grin because he has a hard-on for Earth girls. But Sarden has worse plans for her--he wants to trade her to an alien petting zoo! Can Zoe convince him she's worth saving? And can Sarden keep from falling for the little Earth girl with the sassy attitude and the lush,

plus-sized curves? You'll have to read Abducted, book one in the Alien Mate Index series to find out.

She's everything I shouldn't want. I capture her anyway. What humans hail an invasion we call Garrison Earth: a mission to save our species from extinction. But while my warriors will soon have the stomachs of their new mates swell with daughters, I know this planet holds nothing for me. Until a fierce, red-haired female points her gun with her eyes blazing fire, and I know I have found my mate. A bullet and a tranquilizer pad later, I carry her in my arms. Against my better judgment. But who argues fate? With a mission at the brink of failure, I have no time to wait around until Eden is willing to bond. I took her freedom. Might have taken her family. Taking

# Where To Download Wicked Captor A Scifi Alien Warrior Romance Warrior Of Rozun Book 1

her body is my obligation. I am a male without conscience. Incapable of love. No one has ever pierced my cold heart. No one ever will. Not even her. Captured is the first book in this interconnected romance series, following the Vetustian invasion and how it changes Earth over the course of two decades. If you enjoy strong women, devoted aliens, fated mates, and hard-earned happily ever after's with no cliffhangers, you'll love Garrison Earth. Author Note: The entire Garrison Earth series touches on subjects such as captivity, drug abuse, forced prostitution, loss of loved ones, human trafficking, rough handling, and violence. Any reader uncomfortable with the harsh realities of an alien invasion should please consider before purchase. Hide and seek is a lot less fun in an

alien prison where the winner gets... me. Rian: I'm not a stranger to being behind bars, but this prison leaves a lot to be desired. There are zero communal showers, minimal locking cells, and the other prisoners are extremely hostile. That could be because they are aliens and this is a prison in another galaxy. Add in the fact that I'm a human female, and my life span has just dropped some serious time. I'm about to go down fighting when a scary blue alien with spikes decides he's my rescuer. Except he doesn't seem happy about my presence and, well, join the club, buddy. Mikko: After spending a third of my life in the Pit, I returned for some payback but instead find a human female fighting for her life. She's small, snarly, and irritatingly beautiful. When a coveted reward is

I'll escape again with my female, and then the real payback begins. Mikko is a SciFi Alien Warrior Romance featuring a prickly, snarky hero with a heart of gold and a heroine who loves as hard as she fights.

Though warned of the Tellurian slave's uncooperative nature, Guild Assassin Dzer-Jin Vonn is intrigued when the alluring redhead promises to obey him and be the best slave ever. Her prior owner misused her but did not quench her spirit; her tongue cuts with amusing precision.

Abducted from Earth by aliens, ripped from life as she knows it, she gives her new master only the label “ slave ”

to call her by. She's landed in a culture where violence is foreplay. Yet her sexy master stands apart from his peers; he shows compassion. When Dzer-Jin is challenged to slice her skin for public titillation, she agrees to the display with no bonds but trust. He earns status for her obedience but she frets he'll tire of his “ pet ” if she doesn't service his sexual appetites. The passion seething between them terrifies her. Is her desire to escape to Earth stronger than her need to serve Dzer-Jin's lust—or her own?
