Traces the personal crisis the author endured after the death of her mother and a painful divorce, which prompted her ambition to undertake a dangerous 1,100-mile solo hike that both drove her to rock bottom and helped her to heal.

A collection of stirring stories from women who found adventure and enlightenment in the wild takes readers on a raft through the dangerous rapids of a river in Borneo, hiking

the Appalachian Mountains alone, and scuba diving off the coast of Mexico. Original.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive.

We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Write to Celebrate, Heal, and Free the Wild Woman Within In her years as a writing coach, Judy Reeves has found twin urges in women: they yearn to reclaim a true nature

that resides below the surface of daily life and to give it voice. The longing to express this wild, authentic nature is what informs Reeves's most popular workshop and now this workshop in a book. Here, you will explore the stages that make up your life, from wild child, daughter/sister/mother, and loves and lovers, to creative work, friendships, and how the wise woman encounters death. Both intuitive and practical, Wild Women, Wild Voices responds to women's deep need for expression with specific and inspiring

activities, exercises, and writing prompts.

With true empathy, Reeves invites, instructs, and celebrates the authentic expression — even the howl — of the wild in every woman.

jungle. Had he shed civilization—or lost his mind? Global headlines suspected murder. Lured by these mysteries, New York Times bestselling author Carl Hoffman journeyed to find the truth, discovering that nothing is it seems in the world's last Eden, where the lines between sinner and saint blur into one. In 1984, Swiss traveler Bruno Manser joined an expedition to the Mulu caves of Borneo, the planet's third largest island. There he slipped into the forest interior to make contact with the Penan indigenous tribe of peace-loving nomads living among the Dayak people, the fabled "Headhunters of Borneo." Bruno lived for years with the Penan, gaining acceptance

as a member of the tribe. However, when commercial logging began devouring the Penan's homeland, Bruno led the tribe against these outside forces, earning him status as an enemy of the state, but also worldwide fame as an environmental hero. He escaped captivity under gunfire twice, but the strain took a psychological toll. Then, in 2000, Bruno disappeared without a trace. Had he become a madman, a hermit, or a martyr? American Michael Palmieri is, in many ways, Bruno's opposite. Evading the Vietnam War, the Californian wandered the world, finally settling in Bali in the 1970s. From there, he staged expeditions into the Bornean jungle to acquire

astonishing art and artifacts from the Dayaks. He would become one of the world's most successful tribal-art collectors, supplying sacred works to prestigious museums and wealthy private collectors. And yet suspicion shadowed this self-styled buccaneer who made his living extracting the treasure of the Dayak: Was he preserving or exploiting native culture? As Carl Hoffmann unravels the deepening riddle of Bruno's disappearance and seeks answers to the questions surrounding both, it becomes clear saint and sinner are not so easily defined and Michael and Bruno are, in a sense, two parts of one whole: each spent his life in pursuit of the sacred fire

indigenous people. The Last Wild Men of Borneo is the product of Hoffman's extensive travels to the region, guided by Penan through jungle paths traveled by Bruner and by Palmieri himself up rivers to remote villages. Hoffman also draws on exclusive interviews with Manser's family and colleagues, and rare access to his letters and journals. Here is a peerless adventure propelled by the entwined lives of two singular, enigmatic men whose stories reveal both the grandeur and the precarious fate of the wildest place on earth.

In this riveting, ambitious novel from James A. Michener, the renowned chronicler of epic history turns his extraordinary imagination to a world he knew better than anyone: the world of books. Lukas Yoder, a novelist who has enjoyed a long, successful career, has finished what he believes to be his final work. Then a tragedy strikes in his community, and he becomes obsessed with writing about it. Meanwhile, Yoder's editor fights to preserve her integrity—and her author—as her firm becomes the target of a corporate takeover; a local critic who

teaches literature struggles with his ambitions and with his feelings about Yoder's success; and a devoted reader holds the key to solving the mystery that haunts Yoder's hometown. Praise for The Novel "Michener explores some of the deepest issues raised by narrative literature."—The New York Times "A good, old-fashioned, sink-your-teeth-into-it story . . . The Novel lets us see an unfamiliar side of the author, at the same time portraying the delicate, complex relationship among editors, agents and writers."—The Philadelphia Inquirer "Michener loves literature, and his information about some of his favorite reading is almost as alluring as his explanation of how to handle a

Thirty-one exquisitely detailed portraits of creatures of the jungle, desert, forest, rivers, and oceans include a lion, wolf, otter, chimpanzee, and many others. Perforated pages, printed on one side only. In her debut novel, the bestselling author of Wild weaves a searing and luminous tale of a family's grief after unexpected loss. "Work hard. Do good. Be incredible!" is the advice Teresa Rae Wood shares with the listeners of her local radio show, Modern Pioneers, and the advice she strives to live by every day. She has fled a bad marriage and rebuilt a life

with her children, Claire and Joshua, and their caring stepfather, Bruce. Their love for each other binds them as a family through the daily struggles of making ends meet. But when they received unexpected news that Teresa, only 38, is dying of cancer, their lives all begin to unravel and drift apart. Strayed's intimate portraits of these fully human characters in a time of crisis show the varying truths of grief, forgiveness, and the beautiful terrors of learning how to keep living.

An informative book for middle-grade readers about sanctuaries across North America that rescue wild animals and provide them with safe places to live. Years ago, most major cities in North America had

zoos full of exotic or wild animals in tiny cages. It was also not uncommon for wild animals to be kept as pets or trained to perform in circuses. Today, we have a different way of looking at animals and deciding if and how they should be kept in captivity. There are still zoos and aquariums, of course, but the best ones are more concerned with protecting animals than putting them on display. There is also a different sort of organization--the animal sanctuary--which provides comfortable homes for animals that have been housed in unaccredited zoos or caught up in the illegal exotic-animal trade. Sanctuaries are never a substitute for the wild, but they are the next best thing. A Home Away from Hometells the true stories

of animals that live in sanctuaries across North America, from the tragic tale of Moby Doll, the first orca held in captivity in Vancouver, to the inspiring story of Thika, Toka, and Iringa, three elephants who travelled from a tiny zoo enclosure to a sprawling acreage in Sacramento, California. Often entertaining and sometimes sad, this book is an eye-opening read for children who care about the welfare of animals and want to know more about the organizations that help them.

to mount one of the most difficult shoots in Hollywood history. Production stalled several times, stars Tom Hardy and Charlize Theron clashed repeatedly in the brutal Namib Desert, and Miller's crew engineered death-defying action scenes that were among the most dangerous ever committed to film. Even accomplished Hollywood figures are flummoxed by the accomplishment: As the director Steven Soderbergh has said, "I don't understand how they're not still shooting that film, and I don't understand how hundreds of people aren't dead." Kyle Buchanan takes readers through every step of that moviemaking experience in vivid detail, from *Fury Road*'s unexpected origins through its outlandish casting process to the big-studio battles that nearly mutilated a masterpiece. But he takes the deepest dive in reporting the astonishing facts behind a shoot so unconventional.

With hundreds of exclusive interviews and details about the making of *Fury Road*, readers will be left with one undeniable conclusion: There has never been a movie so drenched in sweat, so forged in fire, and so epic in scope.

person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after

graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and

desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

True Life Histories of Wild Bill Hickok, Calamity Jane, Outlaw Towns, and Other Characters of the Lawless West

The true life histories of Wild Bill Hickok, Calamity Jane, and other residents of the lawless town known as Deadwood—the inspiration for the award-winning HBO® series and film. With a

cast of historically rich characters, The Real Deadwood explores the lives of Wild Bill Hickok, Al Swearingen, Seth Bullock, Calamity Jane, Sol Star, and a host of others who walked the streets of Deadwood. An historical crossroad of the American west, even Wyatt Earp came to Deadwood, only to bump heads with Sheriff Seth Bullock. Other celebrated visitors over the years include Buffalo Bill Cody, the Sundance Kid, Bat Masterson, and Teddy Roosevelt. Looking

at the world of primitive medicine, prostitution, and law from lawlessness, The Real Deadwood separates the facts from the fiction in its overview of a town violent enough to rival the likes of Tombstone, Dodge City, and Abilene. This is the true story of life on the frontier—when roughing it was truly rough. It's good versus evil and civilization versus anarchy. It's the real Deadwood.

Shares ten stories featuring legendary

places, events, and characters from the era of westward expansion.

A crime of gentility in Gramercy Park! The Sturtevant sisters, the park setting, could pass as a faded daquerreotype. Gramercy Park is still a private enclave in mid-New York, unsharing of secrets within codes of the society of the Five Hundred families. Mansions have features reflecting past, and present owners. This enclosure aches with regrets,

crying out for liberty to love wildly, to roam, to sing a self, or to commit a crime. Early on the residents judged the Player's Club in the quadrangle to be a bad mix. Esme and Cecilie live in a mansion opposite the Player's Club. Cecilie, the younger, weds a promising actor, Adam Addams, who was reared in the Club, the son of janitors. Convicted of her murder, he stands condemned, and awaits sentence set by a report from the probation department.

Dan Biggs, an officer, is burned out. Reports are ad hoc hurried tintypes, which belie the purpose of tailored sentencing. A devalued life devalues his own! Biggs is drawn like a fan to the theatricality of the crime. Among artists, he becomes an artist in mind, restoring depth to his emotional life. His report is a performance by a puppet theatre, which reenacts the wild truth of the crime. In a Court of Law? Outrageous! The denouement turns on the

meaning of a locket, and its pathos for Esme and Cecilie.

Wild Truth Bible Lessons

Here are twelve more active Bible lessons for junior high Sunday School or youth group that keep young teens' interest while involving them with the Bible. 12 lessons. For several hundred years, the West had been the land of dreams, an extraordinary

region of hope, expansion and opportunity where European countries—and then the young USA itself—sent their finest explorers to plant seeds in a seemingly untapped, open landscape. This spirit captured the popular imagination in the Wild West, those raucous 30 years between the end of the Civil War and the beginning of a new century. Within these pages, readers will explore true tales of rebels and heroes such as General George Custer, Buffalo Bill, Billy the Kid, Jesse James, Annie Oakley, and Sitting Bull, among others. The Wild West

was the American Dream on steroids. It was an age of gunfights and gold rushes, cowboys and Comanches, with the likes of Buffalo Bill, Jesse James and Billy the Kid making their names. It forged extraordinary legends and even bigger lies, with everything fueled by dime novels written back East that encouraged folks to grab their share of a promise that was difficult for this hard land to keep. This book looks at all these mythical characters, the start of the railroad across the nation, the cost it all dealt to the Native Americans whose land

was lost, and the way Hollywood still keeps the dream alive. As historian Richard White says, "People could go west and no matter their failures elsewhere, they had an opportunity to remake themselves. It's a symbol for a kind of individualism that actually doesn't exist in the West, but mythically it does."

The definitive true story of Wild Bill, the first lawman of the Wild West, by the #1 New York Times bestselling author of Dodge City. In July 1865, "Wild Bill" Hickok shot and killed Davis Tutt in Springfield,

MO—the first quick-draw duel on the frontier. Thus began the reputation that made him a marked man to every gunslinger in the Wild West. James Butler Hickock was known across the frontier as a soldier, Union spy, scout, lawman, gunfighter, gambler, showman, and actor. He crossed paths with General Custer and Buffalo Bill Cody, as well as Ben Thompson and other young toughs gunning for the sheriff with the quickest draw west of the Mississippi. Wild Bill also fell in love—multiple times—before marrying the true love of his

life, Agnes Lake, the impresario of a traveling circus. He would be buried however, next to fabled frontierswoman Calamity Jane. Even before his death, Wild Bill became a legend, with fiction sometimes supplanting fact in the stories that surfaced. Once, in a bar in Nebraska, he was confronted by four men, three of whom he killed in the ensuing gunfight. A famous Harper's Magazine article credited Hickok with slaying 10 men that day; by the 1870s, his career-long kill count was up to 100. The legend of Wild Bill has only grown since his

death in 1876, when cowardly Jack McCall famously put a bullet through the back of his head during a card game. Bestselling author Tom Clavin has sifted through years of western lore to bring Hickock fully to life in this rip-roaring, spellbinding true story. From the author of the bestselling Hatchet comes a true story of high-stakes wilderness survival! At the age of five Gary Paulsen escaped from a shocking Chicago upbringing to a North Woods homestead, finding a powerful respect for nature that would stay with him throughout his life. At

the age of thirteen a librarian handed him his first book, and there he found a lasting love of reading. As a teenager he desperately enlisted in the Army, and there amazingly discovered his true calling as a storyteller. A moving and enthralling story of grit and growing up, Gone to the Woods is perfect for newcomers to the voice and lifelong fans alike, from the acclaimed author at his rawest and realest.
