

William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

SERIAL KILLER STORIES VOLUME 5: William Bonin And Alexander Pichushkin - 2 Books in 1 Featuring... *William Bonin *Alexander Pichushkin 2 Great Books in 1! William Bonin America: home of the free, land of the brave. Thousands of screaming fans pack into baseball games, football (not soccer!) stadiums, and rock concerts. Americans like loud music, fast cars, and women with more plastic in them than the cutlery they use at Fourth of July picnics. But America has another claim to fame. Killers. Sure, the rest of the world has turned in some iconic killers, from Jack the Ripper to Osama Bin Laden. But killers and serial killers, in general, are as American as apple pie. The F.B.I. theorizes that there are anywhere between twenty-five and fifty serial killers active in the United States of America

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

at any given time. They each murder an average of three people per year, and are active sometimes for decades. The F.B.I. goes on to clarify that a serial killer is defined as having killed two or more people in separate events and times. These aren't crimes of passion, where someone murders someone during an argument, or after catching their lover in bed with someone else. These are planned and calculated with a cold-blooded efficiency that reminds one of black-eyed sharks, slicing silently through the water to ambush their prey. With all of that said, it appears as though the golden age of American serial killers is over. That crime has steadily fallen since the 1970s and 1980s. Sure they're still around, men and (a few) women who take life after life with their knives and guns, but gone are the days of Bundy, Gacy, and their ilk. We'll take a look at one more, one not everyone is familiar with, but a man who carved a bloody path through multiple years as the 70s gave way to the 80s. His name was William Bonin, and they called him The Freeway Killer. Alexander Pichushkin Born into a poor family in a

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

cramped apartment in forgotten Moscow suburb Alexander Pichushkin would achieve something that none of his contemporaries in the Konkovo District would ever manage. His actions between 1992 and 2006 ensured that his name would go down in history. To some he is the Bitsevsky Park Maniac. To others he is the Chessboard Killer. To the people he grew up with he is Alexander Sasha Pichushkin an ordinary boy who would become one of Russias most feared serial killers. After his father left Alexander Pichushkin grew up in a single parent family. Initially a shy child a playground accident turned him into an angry young man, unable to control his temper. This event also helped to turn Pichushkin into an outsider. As the child became increasingly unhappy his mother, Natasha, ran out of options. It was then that her father, Alexander Pichushkin's grandfather, stepped in. For the next few years Pichushkin lived with his grandfather and learnt how to be a man. He also learnt how to play chess and drink vodka. After the death of his beloved grandfather and loyal pet dog

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

Pichushkin found himself to be increasingly isolated. By now he was once again living in a cramped apartment with his mother and half-sister. During this period Pichushkin took to drinking heavily and looking at pornography. It is reported that he also found enjoyment in scaring the young children who played in the nearby Bitsevsky Park. A few months after his 18th birthday Alexander Pichushkin committed his first murder, brutally killing a school friend, Mikhail Odichuk. Despite investigating the police did not have enough evidence to charge Pichushkin so he was allowed to go free. This is the true story of these brutal events, which later earned Pichushkin the label 'The Chessboard Killer'.

of Geralyn Barr DeSoto. Geralyn's clenched fist, frozen in death away from her body, held her secret. "Geralyn was trying to tell us something. She was telling us how hard she fought. She was telling us who her killer is. 'Right here,' she said. 'Right here I have the killer. Just open my hand. Just open my hand, and you'll know who did it to me.'" Two months later: "Charlotte Murray Pace fought from one room of that apartment to the other," Prosecutor John Siquefield told jurors as they blinked tears away. "She clawed, she hit, she fought. As her young, strong heart pumped its last blood out of the holes he cut out of her, she fought. And in the fight, he took her life, her body. But he could not take her honor. She preserved her honor by the way she lived and the way she died. That fight is not over, ladies and gentlemen of the jury. Charlotte Murray Pace has brought her fight to you." These crimes are vividly depicted in this first comprehensive book about Derrick Todd Lee. *I've Been Watching You—The South Louisiana Serial Killer* dramatically tells the story of Lee's life and follows the timeline of

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

his reign of terror over South Louisiana. Readers will become intimately acquainted with the seven victims who have been linked to Lee by DNA, along with the frustrated investigators who could not catch this diabolical killer. This recounting also details the murders of ten other women who were not connected by DNA, but whom these authors believe should be included on the list of Lee's victims due to strong circumstantial evidence. There are many unanswered questions regarding these series of killings. How did Lee find his victims, and why did he choose them? Why didn't the Multi-Agency Homicide Task Force believe he was the killer when his name was brought repeatedly to its attention? What evil possessed him to rape and murder so many women? All of these questions are answered as I've Been Watching You journeys for more than a decade through the small towns and swamps of South Louisiana to create a graphic accounting of Lee's vicious rapes and homicides. I've Been Watching You vividly paints the portrait of this monster and the beautiful women who died as a result of his twisted

compulsion to kill.

Lawrence Bittaker and Roy Norris, the Toolbox Killers, brought a level of terror that changed the way people carried out their daily lives. It was a time of innocence in California, where young girls could walk the streets or hitchhike along the freeways without a care or concern for their own safety, day or night. But that innocence and trust were to be shattered as five girls made the fatal mistake of accepting a ride from Bittaker and Norris. What started as a chance meeting in prison of these terrible men resulted in a murder spree that was planned right down to the finest details. They knew the type of victims they wanted, how they were going to abduct them, and what they were going to do to them. And they did everything they could to make their depraved fantasies come true. This true crime book includes chapters that explore the psychological make-up of these killers, and factors that may have influenced their twisted minds. How could these men inflict such horrific pain and suffering on their victims, and get away with it until five

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

victims are left dead and scattered in a desolate canyon? What would have happened if Bittaker and Norris had never met? These famous serial killers were organized and sexually sadistic, and were responsible for some of the most horrendous true murders involving unimaginable torture in history. This is one of those true crime stories that will make you question humanity, and look twice at those who live among us.

were his targets, and though some he allowed to live, there were many who were much less fortunate. Dismembered bodies were soon discovered, but nobody could identify who was responsible for such despicable acts of murder and horror. Until, one night while Rifkin was disposing of his 17th victim, he was finally caught. One of the most famous serial killers, Rifkin has shared some of his thoughts and feelings about the crimes he committed, yet he too still questions why he felt the way he did. He is perhaps one of the most interesting American serial killers to date, and his true crime stories are among the most disturbing. There have been few New York murders committed by serial killers, including Rifkin and the Long Island Serial Killer. Rifkin was at one time considered a suspect in the case of the Long Island Serial Killer, and this true crime book discusses his opinions of who the killer could actually be. If you are passionate about true crime serial killers, then you will absolutely enjoy this book. Of all the serial killer books out there, this one delves into the controversy surrounding the death penalty, and discusses whether monsters like Rifkin should be executed or allowed to live their days out in prison, when they stripped that opportunity from the innocent victims they slayed.

Find out about one of the most heinous serial killers in the USA's history, his way of operating, murders and what happened to him afterward. Randy Steven Kraft, a Southern California man who appeared to be a normal computer programmer, spent his evenings seeking hitchhikers and unsuspecting bar hoppers for sadistic thrills that only he enjoyed. He is Southern California's most prolific serial killer,

**Bookmark File PDF William Bonin The True Story Of The Freeway Killer

and possibly the most prolific serial killer in the modern United States. His 'kill list' a.k.a. as the scorecard has a total of sixty-five murders on it, but some claim he may have murdered as many as one hundred people - or even more. Randy Kraft killed many innocent men, and he's currently paying for his heinous crimes on death row in California's San Quentin State Prison. The authorities may never know how many people Kraft actually killed. Scroll back up and grab your copy today!

Bring your love of true crime into the kitchen with meals ranging from the bizarre (a single unpitted black olive) to the gluttonous (a dozen deep-fried shrimp, a bucket of fried chicken, French fries, and a pound of strawberries), inspired by Ted Bundy, John Wayne Gacy, and other notorious death row inmates. The perfect gift for murderinos and true crime fans, The Serial Killer Cookbook: Last Meals pairs serial killer trivia with the recipes of the meals these killers ate during their final hours. With full-color photos, chilling true crime facts, and easy-to-follow steps, you'll be cooking up killer meals in no time. This collection of recipes is both delicious and surprising, and spans breakfast staples to indulgent desserts, including: Seared Steak, Hash Browns, Toast, and Fried Eggs (given to but not eaten by Ted Bundy, serial killer) Chicken Parmesan and Alfredo Pasta (eaten by Ruth Snyder, murderer) Justice, Equality, and World Peace (eaten by Odell Barnes, murderer) Mac and Cheese (eaten by Gustavo Julian Garcia, murderer) And much more!

A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.

The “ extraordinary ” true story of the St. Louis, a German ship that, in 1939, carried Jews away from Hamburg—and into an unimaginable ordeal (The New York Times). On May 13, 1939, the luxury liner St. Louis sailed from Hamburg, one of the last ships to leave Nazi Germany before World War II erupted. Aboard were 937 Jews—some had already been in concentration camps—who believed they had bought visas to enter Cuba. The voyage of the damned had begun. Before the St. Louis was halfway across the Atlantic, a power struggle ensued between the corrupt Cuban immigration minister who issued the visas and his superior, President Bru. The outcome: The refugees would not be allowed to land in Cuba. In America, the Brown Shirts were holding Nazi rallies in Madison Square Garden; anti-Semitic Father Coughlin had an audience of fifteen million. Back in Germany, plans were being laid to implement the final solution. And aboard the St. Louis, 937 refugees awaited the decision that would determine their fate. Gordon Thomas and Max Morgan Witts have re-created history in this meticulous reconstruction of the voyage of the St. Louis. Every word of their account is true: the German High Command ’ s ulterior motive in granting permission for the “ mission of mercy; ” the confrontations between the refugees and the German crewmen; the suicide attempts among the passengers; and the attitudes of those who might have averted the catastrophe, but

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

didn't. In reviewing the work, the New York Times was unequivocal: "An extraordinary human document and a suspense story that is hard to put down. But it is more than that. It is a modern allegory, in which the SS St. Louis becomes a symbol of the SS Planet Earth. In this larger sense the book serves a greater purpose than mere drama."

Patrick Wayne Kearney had a grudge. The American serial killer had been small and scrawny as a kid, and his classmates bullied him mercilessly. As a result, Kearney took his rage out on young men who either made the mistake of hitching a ride with him or catching his eye at a gay bar or bathhouse. In the process, he became one of the most prolific serial killers in California history. This serial killer biography goes behind the scenes, exploring the background that led to Kearney's horrific acts as well as the swath of death that the man who would become known as the Trash Bag Killer would carve across California. In the world of true crime murder, Kearney was a monster who preyed upon unsuspected boys and young men, and after they were dead, he used their bodies for sexual satisfaction before dismembering them and bagging them neatly up in industrial-size garbage bags. With the innocent looks of an accountant, Kearney seemed like a normal guy, if you didn't hear the gunshots - or happen to look out your window while the serial killer was taking out the trash. In the 1970s, this serial killer had California on edge. Today, Kearney's true crime story will have you on the edge of your seat, wondering how one man could so easily conjure up the devil and bring him so dreadfully to life.

Among the annals of American serial killers, few were as complex and prolific as Joseph Paul Franklin. At a gangly 5'11, Franklin hardly looked imposing, but once he put a rifle in his hands and an interracial couple in his cross hairs, Joseph Paul Franklin was as deadly as any serial killer. In this true crime story you will learn about how one man turned his hatred into a vocation of murder, which eventually left over twenty people dead across America. Truly, Franklin's story is not only that of a true crime serial killer, but also one of racism

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

in America as he chose Jews, blacks, and especially interracial couples as his victims. Joseph Paul Franklin's story is unique among serial killers biographies because he gained no sexual satisfaction from his murders and there is no indication that he was ever compelled to kill. But make no mistake about it, by all definitions; Joseph Paul Franklin was a serial killer. In fact, the FBI stated that Franklin was the first known racially motivated serial killer in the United States: he planned to kill as many of his perceived enemies as possible in order to start an epic race war across the country. An examination of Franklin's life will reveal how he became a racially motivated serial killer and the steps he took to carry out his one man war against the world. Open the pages of this book to read a disturbing story of true crime murder in America's heartland. You will be disturbed and perplexed at Franklin's murderous campaign as he made himself a one man death squad, eliminating as many of his political enemies that he could. But you will also be captivated with Franklin's shrewdness and cunning as he avoided the authorities for years while he carried out his diabolical plot!

(a few) women who take life after life with their knives and guns, but gone are the days of Bundy, Gacy, and their ilk. We'll take a look at one more, one not everyone is familiar with, but a man who carved a bloody path through multiple years as the 70's gave way to the 80's. His name was William Bonin, and they called him The Freeway Killer. "How that man was able to go out to that storage shed, time after time, and bury one more dead boy is something I'll never understand. You get close to evil like that, no matter how long ago it was, and it never leaves you." Detective David Mullican, recollecting the Houston Mass Murders, April 2011 During the early 1970s, more than three dozen teenage boys went missing from the working-class neighborhood of Houston Heights, in the south of Texas. The parents of a number of these boys received strange postcards from their sons, telling them that they were fine and that they had found jobs somewhere else in the state, anywhere from Dallas to Austin. Then, in August 1973, the Houston Police Department made a shocking discovery; something that would later become known as the Houston Mass Murders. After further spine-chilling investigations, the police found that prior to the murders, in the late 1960s, a young man by the name of Dean Corll had been handing out free candy to teenagers in Houston Heights. This man - who was vice-president of his mother's candy company - was described by fellow residents as gentle, friendly and well-mannered. They

couldn't have been more wrong... The Candy Cards is the shocking true story of Dean Corll, a.k.a. The Candy Man, one of the deadliest serial killers in American history. Robert Browns thrilling account of this chilling story will have readers draw into to this story as much as any page turning crime thriller. Disclaimer: The material in this publication has a strong adult theme and is intended for an adult audience. Reader discretion is advised.

The prostitutes working New York City's Times Square were more than a little bit nervous. A deranged serial killer who apparently melted into the crowd was picking up hookers and sadistically torturing them, leaving some girls wondering if there was a real-life Dr. Frankenstein out there attempting to create his own personal plaything from pieces of his dismembered victims. Some working girls were butchered in seedy hotel rooms, their heads, hands or breasts sliced off, their remains then set ablaze in an effort to dispose of any incriminating evidence. Others narrowly escaped death, but only after enduring hours of terrifying torture that included brutal bite marks, surface knife slashes and stab wounds that all served as bloody foreplay for frenzied sexual assaults. Survivors were found bleeding and delirious, unable to remember much due to the cocktail of drugs they'd been given by their assailant. But their bodies told a horrific story that was almost worse than death, and the sadistic calling cards left by the

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

serial killer would eventually tie together victims in this true crime murder spree that crossed two states. It wasn't until one victim's screams grew loud enough that Richard Cottingham, an American serial killer who was part narcissist, part sadist and all evil, was finally caught by police as he fled his hotel room carrying his bag of torture devices. His capture allowed them to close the books on some of the most horrific murder cases in U.S. history. This serial killer biography not only unearths Cottingham's sick, twisted crime spree, it also delves into the murderer's psyche, attempting to reveal why an insurance company IT guy's seemingly normal life would devolve into madness. Among true crime stories, Richard Cottingham's is particularly brutal, and will likely make you look twice at your own coworkers, and wonder what sick secrets they might be keeping.

who aren't afraid control life itself."--Richard Ramirez Ten years after the murder spree that left thirteen people dead and paralyzed the city of Los Angeles with fear, his name is synonymous with Satanism, torture and sadistic murder. Yet despite the sensational nature of his crimes, no one has ever been able to tell the complex story of the killer whose seductive, brooding looks still draw women like moths to a flame--a man millions call the devil himself. Until Now. . . Painstakingly researched over three years, based on nearly one hundred hours of exclusive interviews with Richard Ramirez on California's Death Row, *The Night Stalker* is the definitive account of America's most feared serial murderer. From Ramirez's earliest brushes with the law to his deadliest stalking expeditions to the unprecedented police and civilian manhunt that resulted in one of the most sensational trials in California history, *The Night Stalker* is an eerie and spellbinding descent into the very heart of human evil. It is more than epic nonfiction at its brutally real--it is a true crime masterpiece.

True crime meets cultural history in this story of how America ' s interstate highway system opened a world of mobility and opportunity . . . for serial killers. Starting in the 1950s, Americans eagerly built the planet ' s largest public work: the 42,795-mile National System of Interstate and Defense Highways. Before the concrete was dry on the new roads, however, a specter began haunting them: the highway killer. He went by many names: the " Hitcher," the " Freeway Killer," the " Killer on the Road," the " I-5 Strangler," and the " Beltway Sniper. " Some of these criminals were imagined, but many were real. The nation ' s murder rate shot up as its expressways were built. America became more violent and more mobile at the same time. *Killer on the Road* tells the entwined stories of

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

America's highways and its highway killers. There's the hot-rodding juvenile delinquent who led the National Guard on a multistate manhunt; the wannabe highway patrolman who murdered hitchhiking coeds; the record promoter who preyed on "ghetto kids" in a city reshaped by freeways; the nondescript married man who stalked the interstates seeking women with car trouble; and the trucker who delivered death with his cargo. Thudding away behind these grisly crime sprees is the story of the interstates—how they were sold, how they were built, how they reshaped the nation—and how we came to equate them with violence. Through the stories of highway killers, we see how the "killer on the road," like the train robber, the gangster, and the mobster, entered the cast of American outlaws, and how the freeway—conceived as a road to utopia—came to be feared as a highway to hell.

"Strand . . . Explores the connection between America's sprawling highway system and the pathology of the murderers who have made them a killing ground. . . . The grim stories of murder on the highway may do for road trips what Jaws did for surfing. An interesting detour into a true-crime niche." Kirkus Reviews "Strand's cross-threaded tales of drifters, stranded motorists, and madmen got its hooks into me. Reading Ms. Strand's thoughtful book is like driving a Nash Rambler after midnight on a highway to hell."

—Dwight Garner, *The New York Times* "A titillating, clever volume that mixes the sweeping sociological assertions of an urban-studies textbook with the chilling gore of true-crime stories." —Bookforum "Ginger Strand is in possession of a sharp eye, a biting wit, a beguiling sense of fun—and a magnificent obsession." —Bloomberg

'Randy was one of the kindest men I ever knew. If he had something and someone needed it, he'd give it to them. So far as I know, he didn't have any special hobby, unless it was helping

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

other people. He made me feel like I was somebody, and the biggest majority of men seemed to want to make me feel so much lower than them, and all they wanted was to take me to bed. In five months, Randy and I never really had sex. He was a true gentleman.' said a former girlfriend of Randy Kraft who was very lucky to have gotten out of it alive. On the outside Randy Kraft was a normal fellow, a successful computer programmer and part time bartender operating in sunny Southern California. On the inside Kraft was a lethal sexual sadist that may have committed at least as many as fifty or sixty murders. His victims were all male, mostly homosexuals, who Kraft would torture and mutilate, sometimes while his victim was still alive. Apparently Kraft had a great deal of problems coming to grips with his own homosexuality, to say the least. What was the driving force behind his killings? Author Brian Lee Tucker, once again, delves into the 'behind the scenes' aspect of the story, using information from documented interviews, taped confessions, newspaper coverage, magazine articles, and court transcripts, provides an in depth, behind the scenes look into the life and mind of 'the Scorecard Killer, ' a man so cruel, sadistic, and remorseless, that upon his arrest, investigators discovered a coded list depicting cryptic references to his victims, 'scoring them' on their sexual performance before killing them.

Jeffrey Dahmer, Ted Bundy, John Wayne Gacy, The Hillside Strangler . . . serial murderers are the most horrific of all criminals. Kate Kray, whose marriage to gangster Ronnie Kray offered her access to a gruesome underworld few would dare to enter, peers into the minds of the worst killers to reveal the awful truth of their abominable acts. The extreme nature of their violence and their shocking lack of remorse makes for uncomfortable yet fascinating reading. From obsessive sexual predators and extreme sadists to cannibals and head

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

hunters, each type of psychopath is examined, their crimes told with grim frankness. Kate's connections allow her to ask uncomfortable questions few would dare to ask such men. Offering extraordinary insight into the motivations of violent perpetrators often portrayed as monsters, this book begs the question of whether such individuals can themselves be viewed as victims of a troubled past, or merely as exponents of pure evil.

In 1985, Charles Ng and Leonard Lake were spotted shoplifting. Ng escaped, but Lake's capture led police to a concrete bunker in the Sierra Nevada foothills, where they discovered the grisly evidence of an orgy of sex crimes, torture and murder that claimed at least sixteen victims. Lake committed suicide: Ng fled to Canada, where he was tracked down and extradited to California. This 14-year, \$10 million legal case was the costliest and longest criminal prosecution in California history.

Two-Faced Russian Monster: The True Story Of Andrei Chikatilo He was more than just a cold blooded killer; through intimacy issues and sexual desire, Andrei sexually assaulted and mutilated his victims. It was not uncommon to find victims with their eyes stabbed or gouged out. He even took to removing and sometimes eating his victim's sexual organs. To describe him as a monster barely seems to do him justice. Download your E book "Two-Faced Russian Monster: The True Story Of Andrei Chikatilo" by scrolling up and clicking "Buy Now with 1-Click" button!

Foot fetishes have been around ever since Victorian men longed for a glimpse of a pretty woman's ankle, but American serial killer Jerome Henry Brudos took his fetish for feet to a macabre new level. Ever since he discovered his first pair of heels at the neighborhood dump when he was five years old, those peep-toed black patent leather pumps aroused something sinister, especially after his abusive, razor-edged mother found them and burned his coveted shoes to a crisp while forcing him watched. What began as furtive clothesline thefts of ladies panties' and bras eventually evolved into a dark fantasyland that would require a human model to display his silky, sexy finds. Those models, of course, would never come out of

their sessions alive. It wouldn't take long until freckled, red-headed, flabby Jerry Brudos, now a husband and father of two, would find himself unable to control his desire to turn live women into human dolls, and a pretty girl selling encyclopedias door to door would become his first murder victim. From her, after snapping numerous photographs as he dressed and undressed her, he took his first trophy, a severed left foot, amputated while his victim was still alive. After disposing of her body, he delighted in slipping that foot into shoes from his collection, until it decomposed too much to bring him pleasure. Among true crime stories, the twisted tale of Jerry Brudos is especially terrifying, because he later laughed in interviews about the girls he strangled and raped after they were dead, and felt no remorse over taking souvenirs including crime scene photographs and several severed breasts. While Brudos was not as prolific as some American serial killers, His story goes down as one of the most bizarre in Oregon history, and will be a satisfying read for true crime addicts who enjoy not only the underbelly of murder, but how far detectives will go to catch a killer. Little Artie Shawcross bullied classmates, insulted teachers, started fires, tortured animals, and roved the woods of New York's

hardscrabble North Country with imaginary friends, talking in a high squawk. He also scored top grades, excelled in sports and shared his money and toys with the children who ridiculed him. From the second grade on, he was subjected to psychiatric examination, regularly confounding the experts. Years later, while serving in Vietnam, Arthur John Shawcross wrote bloodcurdling letters about his battlefield ordeals, then returned to Watertown to commit a string of arsons and burglaries. He served two years in prison, was paroled to his respectable parents - and murdered a boy and a girl. Back in the penitentiary, he proved as enigmatic as ever. Some counselors saw him as a Frankenstein monster, beyond hope, irredeemable. To others he was a troubled young man who could be saved. No two psychiatrists seemed to agree. Shawcross served fifteen years, then conned a parole board into an early release. He settled in Binghamton, but angry citizens learned of his bloody history and ran him out of town. After two smaller communities turned him away, desperate parole authorities finally smuggled the child-killer into Rochester in the dead of night - neglecting to alert the local police. Soon the corpses started turning up, locked in winter ice, covered by reeds in swamps, floating in streams. The

homicidal pedophile had changed his M.O., this time murdering diminutive women. As the body count grew, Rochester streets swarmed with police, and still the serial killer managed to snare his tenth victim, then his eleventh. Amazon.com Accounts of more famous serial killers like Ted Bundy or Jeffrey Dahmer may have ghoulish entertainment value, but I agree with writer Darcy O'Brien that this meticulously factual study of child sex-murderer Arthur Shawcross "comes closer to capturing the psychology of a serial killer than anything else I've ever read." The strength of this book (semi-finalist for a 1994 Edgar Award) comes first from the quality of the materials--including first-person interviews with the killer's wives, girlfriends, co-workers, police officers, therapists, and even a prostitute who "played dead" for Shawcross--and second, from Olsen's ability to weave the information into a highly readable story that reveals, above all, the ineffectiveness of our system of rehabilitation and parole. From Publishers Weekly An experienced and skilled writer, Olsen (Predator) proves himself equal to the formidable task of studying serial killer Arthur Shawcross. Born in 1945 in upstate New York, Shawcross was perceived as different even in childhood (his classmates dubbed him "Oddie," and

elementary school officials called for mental health evaluations). In the early '70s he murdered two children and was sentenced to up to 25 years in prison; he served less than 15 years before he was paroled in 1987. He was difficult to place--townspeople drove him out as soon as his past became known. After three such episodes, parole officials sent him surreptitiously to Rochester, N.Y., where he killed at least 11 prostitutes. He was arrested in 1990 and eventually sentenced to 250 years in prison. During the trial, he claimed that he had been physically and sexually abused by his mother (untrue, the authorities concluded) and that he had committed horrible atrocities in Vietnam (probably untrue). He did not fit the classic pattern of the sociopath, nor did he seem either schizophrenic or paranoid. It remained for psychiatrist Richard Kraus to hypothesize that physiology was the basis for Shawcross's behavior--he diagnosed Shawcross as suffering from a metabolic ailment known as pyroluria and an abnormal genetic constitution. Told by Olsen with contributions from others affected by Shawcross's crimes, the story is a triumph of true-crime writing.

True Stories of 20 Killers and Their 1000 Victims

DECAPITATION. DEATH. DESTRUCTION. A deadly game of depravity and destruction including two decapitations. Three key players. Two of those players dead. Only one remains. In Los Angeles, California, a series of murders occurred during the Summer of 1980 which left an indelible mark on countless individuals. This string of brutal and bloody crimes would make the already famous Sunset Boulevard AKA The Sunset Strip infamous and a place forever synonymous with the word EVIL. This true story blends statements to law enforcement and trial testimony with personal accounts from those who experienced the events first-hand. The psychology behind these violent crimes is explored, along with a look at the psychological state and the possible motives of the individuals. DOUG CLARK- Convicted of 6 murders CAROL BUNDY- Convicted of 2 murders including JACK MURRAY's JACK MURRAY- Murder victim (as well as the murderer?) The story

surrounding these three lethal lovers has made it a favorite of the media, which relishes in its shock value. The overweight nurse with thick glasses, who should have nurtured lives rather than take them, who stunned police when she gloated, "It's fun to kill." Two lotharios with a penchant for wearing women's undergarments and sadomasochism. They fed off each others' twisted desires and savagery. Fantasies gave way to nightmares, and anyone unfortunate enough to cross their path became a potential victim. Intense California heat bathed Sunset Boulevard with the stench of garbage and fear-- a smell that emanated relentlessly. It was the smell made by Death stalking the street in the form of The Sunset Strip Slayers. Get your copy today to explore the shocking reality that came from their dark fantasies.

When Chris Bryson was discovered nude and severely beaten stumbling down Charlotte Street in Kansas City in 1988, Police had no idea they were about to discover the den of one of the most sadistic American serial killers in recent history. This is the true historical story of Robert Berdella, nicknamed by the media the Kansas City Butcher, who from between 1984 and 1988 brutally raped, tortured and ultimately dismembered 6 young male prostitutes in his unassuming home on a quiet street in Kansas City. Based on the actual 720 page detailed confession provided by Berdella to investigators, it represents one of the most gruesome true crime stories of all time and is unique in the fact that it details each grizzly murder as told by the killer himself. From how he captured each man, to the terrifying

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

methods he used in his torture chamber, to ultimately how he disposed of their corpses - rarely has there ever been a case where a convicted serial killer confessed to police in his own words his crimes in such disturbing detail. Horrific, shocking and rarely equaled in the realms of sadistic torture - Berdella was a sexually driven lust killer and one of the most sadistic sex criminals ever captured. Not for the faint of heart, this is the tale of Robert "Bob" Berdella, the worst serial killer in Kansas City History and for those that are fans of historical serial killers, is a true must read.

Miscast in the media for nearly 130 years, the victims of Jack the Ripper finally get their full stories told in this eye-opening and chilling reminder that life for middle-class women in Victorian London could be full of social pitfalls and peril.

The story of the abduction, beating, and rape of a teenage boy, followed by the unsolved brutal murder of his assailant, is now a moving novel written by the man who survived this vicious attack.

20 Shocking True Crime Cases of Women Who Kill
William Heirens the True Story of the Lipstick Killer

The classic New York Times bestselling story of heroism and sacrifice--by the author of *Flags of Our Fathers*, *The Imperial Cruise*, and *The China Mirage*. This acclaimed bestseller brilliantly illuminates a hidden piece of World War II history as it tells the harrowing true story of nine American airmen shot down in the Pacific. One of them, George H. W. Bush, was miraculously rescued. What happened to the other eight remained a secret for almost 60 years. After the war, the American and Japanese governments conspired to cover up the shocking truth, and not even the families of the airmen were informed of what happened to their sons. Their fate remained a mystery--until now. *FLYBOYS* is a tale of courage and daring, of war and death, of men and hope. It will make you proud and it will break your heart.

Like *Forrest Gump*, Jim Munro grew up with multiple physical and mental handicaps to overcome. Unlike *Gump*, who was a

likable movie hero and was liked in real life, Jim Munro was never liked - not by his American parents who adopted him from a German orphanage and then discarded him, nor by those who knew about his lifestyle and association with Bill Bonin, California's Freeway Killer. To unravel Jim Munro for this book, it was necessary to include graphic descriptions of his activities and behaviors, including when he was in the wrong place at the wrong time with Bill Bonin and the body of one of Bonin's many young male victims. That mistake resulted in almost 40 years in prison at this writing, despite that he never killed or injured anyone. Accomplice or victim or both? You be the judge.

Over the course of twenty-five years, Dr. Helen Morrison has profiled more than eighty serial killers around the world. What she learned about them will shatter every assumption you've ever had about the most notorious criminals known to man. Judging by appearances, Dr. Helen Morrison has an ordinary life in the suburbs of a major city. She has a physician husband, two children, and a thriving psychiatric

clinic. But her life is much more than that. She is one of the country's leading experts on serial killers, and has spent as many as four hundred hours alone in a room with depraved murderers, digging deep into killers' psyches in ways no profiler before ever has. In *My Life Among the Serial Killers*, Dr. Morrison relates how she profiled the Mad Biter, Richard Otto Macek, who chewed on his victims' body parts, stalked Dr. Morrison, then believed she was his wife. She did the last interview with Ed Gein, who was the inspiration for Alfred Hitchcock's *Psycho*. John Wayne Gacy, the clown-obsessed killer of young men, sent her crazed Christmas cards and gave her his paintings as presents. Then there was Atlanta child killer Wayne Williams; rapist turned murderer Bobby Joe Long; England's Fred and Rosemary West, who killed girls and women in their "House of Horrors"; and Brazil's deadliest killer of children, Marcelo Costa de Andrade. Dr. Morrison has received hundreds of letters from killers, read their diaries and journals, evaluated crime scenes, testified at their trials, and studied photos of the

gruesome carnage. She has interviewed the families of the victims -- and the spouses and parents of the killers -- to gain a deeper understanding of the killer's environment and the public persona he adopts. She has also studied serial killers throughout history and shows how this is not a recent phenomenon with psychological autopsies of the fifteenth-century French war hero Gilles de Rais, the sixteenth-century Hungarian Countess Bathory, H. H. Holmes of the late nineteenth century, and Albert Fish of the Roaring Twenties. Through it all, Dr. Morrison has been on a mission to discover the reasons why serial killers are compelled to murder, how they choose their victims, and what we can do to prevent their crimes in the future. Her provocative conclusions will stun you.

William Bonin: This burning desire that had crawled inside his skull since an early age. His mother had cried when she had seen all the bodies of the dead neighborhood pets. It had not bothered him. For what was the flesh for, other than to bleed? Society would call him a monster, he would call

A True Story of Courage

Without Remorse

William Bonin And Alexander Pichushkin

In the early 1940s, the city of Chicago was in the midst of a one man crime wave. But this crime wave was unlike any other in Chicago history. It was not perpetrated by a seasoned gangster like Al Capone or sophisticated serial killer like John Wayne Gacy: the offender in question was an unassuming teenager named William George Heirens. Before Heirens' crime spree was over, he burglarized over 300 hundred homes and murdered three innocent people. In this true crime murder book you will learn the details of Heirens' rampage through the city of Chicago and what drove him to become one of the most disturbed psychopaths and sociopaths in the annals of all true crime stories. At first glance, as an American serial killer, Heirens may not appear as formidable as others since he only claimed three victims. He was also much younger the average serial killer and was a nice looking young man when he was arrested. But the truly frightening aspect of Heirens' story is how a seemingly

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

normal child, with a stable home, can evolve into a petty criminal and eventually to the status of serial killer. A close examination of Heirens' life will reveal that beneath the facade of normalcy lurked a vicious killer waiting to be unleashed on the hapless citizens of Chicago. This book will at times shock and disturb you, but you will not be able to put it down once you read the first page! Truly, you will see a youth who was well on his way to becoming a killer at an early age. So sit back and prepare to enter the mind of a truly disturbed youth as you read this unique Chicago serial killer's biography."

The Shocking True Crime Stories of the 12 Worst Serial Killers in American History David Berkowitz: Known as the "Son of Sam," Berkowitz was a deeply disturbed young man who prowled the streets of New York dispensing death with his .44 caliber revolver. William Bonin: One of a trio of deadly psychopaths who trawled the freeways of Southern California during the late 70's and early 80's. Bonin was a depraved child killer who abducted, raped and tortured more than 20

teenaged boys. The Boston Strangler: Albert De Salvo took the fall but most experts agree that he was not the Strangler. So who was the real killer? And how did he get away with the series of brutal murders that so terrified the citizens of Boston? Ted Bundy: Charming, intelligent and lethal, Bundy is America's most notorious serial killer, a deadly fiend who cut a swathe of destruction across the country, raping, killing and committing necrophilia on his young victims. Dean Corll: Along with two willing teenaged accomplices, Corll orchestrated what was at the time the biggest murder spree in American history, raping torturing and killing at least 25 young boys. Jeffrey Dahmer: Hideously depraved killer who preyed on young homosexual men in Milwaukee, Wisconsin, cannibalizing them and conducting bizarre experiments on their bodies. Albert Fish: He looked like a frail old man, but Albert Fish was actually a psychotic child killer and torturer, with a taste for human flesh. John Wayne Gacy: Cold-hearted killer who raped, tortured and strangled at least 33 young men, burying their

And the Freeway Killers

Angel of Darkness

In the 1970s and early '80s, southern California was shocked when dead boys began turning up with disturbing regularity alongside some of the picturesque state's most heavily traveled freeways. Victims of sadistic torture, the dead boys and young men had been raped and strangled, and their untimely deaths were eventually attributed to the Freeway Killer, an elusive psychopath whose trail of death would go down in California history as one of the worst true crime stories in the country. While the Freeway Killer ultimately turned out to be three different men, one of them was truck driver William Bonin, one of the most prolific and

Bookmark File PDF William Bonin The True Story Of The Freeway Killer Historical Serial Killers And Murderers True Crime By Evil Killers Book 10

sadistic among American serial killers. Bonin usually preferred to work with an accomplice, and the lust killer and his cronies brutally raped and tortured his victims - Bonin loved the sounds of their screams - before strangling them and dumping them on the side of the road like garbage. Bonin confessed to committing 21 murders in the span of just a year, although many experts believe he was responsible for the deaths of many more missing young men. He was executed in 1996, and in this detailed serial killer biography, you'll learn the background that might offer some understanding of what makes a man go off the rails and become a deranged lust killer. Of course, spine-tingling story of a man whose youngest victim was a 12-year-old who was waiting for a bus to take him to Disneyland might be one that causes you to sleep with the lights on for weeks after turning the final gruesome page.

LOVE GONE BAD. MURDER GONE WRONG. West Coast doctor Kenneth Stahl would do anything to free himself from his wife Carolyn. Then Adriana Vasco—Kenneth's former receptionist and mistress of nine years—obliged by introducing him to ex-con Dennis Earl Godley. The deal was set. Godley would murder Carolyn for thirty-thousand dollars. On the day after her 44th birthday, the trusting victim was lured to a lonely stretch of road. The deadly rendezvous took a shocking turn. Not only was Carolyn gunned down with a .357 Magnum, but

Kenneth would also be killed. The hit man's getaway driver was the other woman, Adriana Vasco. In a sensational trial, a tangled web of lies, sex, and betrayal unfolded as Adriana and Dennis turned against each other...and Michael Fleeman tells the whole shocking story in his true crime book Deadly Mistress. The "chilling" story of America's most notorious serial killer by the man who helped catch him—now updated with the latest DNA findings (Nashville Banner). He was a model citizen. A hospital volunteer. And one of the most sadistic serial killers of all time. But few people could see the cruel monster beneath the colorful clown makeup that John Gacy wore to entertain children in his Chicago suburb. Few could imagine what lay buried beneath his house of horrors—until a teenaged boy disappeared before Christmas in 1978, leading prosecutor Terry Sullivan on the greatest manhunt of his career. Reconstructing the investigation—from records of violence in Gacy's past, to the gruesome discovery of twenty-nine corpses of abused boys in Gacy's crawlspace and four others found in the nearby river—Sullivan's shocking eyewitness account takes you where few true crime books ever go: inside the heart of a serial murder investigation and trial. This updated edition features new revelations that have emerged using DNA evidence to confirm the identities of additional victims—and sixteen pages of dramatic photos. "An unnerving true crime story of murder, terror, and justice."

—Dallas Morning News “As with a good mystery story, to the very end of Killer Clown we find ourselves still rooting for good to triumph over evil, yet fearing that the dice may be loaded the other way.” —Chicago Tribune “Gripping study . . . for true crime addicts” —Publishers Weekly “You will learn more in this book about the daily activities of a police department than you will from any number of Ed McBain novels or episodes of Hill Street Blues.” —The Charleston News & Courier

The Darker Side of Evil debunks the popular myth that all serial killers are White. Quite to the contrary, a great many of the most prolific serial killers in American history are Black. Taking advantage of America's infatuation with murder, Hollywood has reaped untold millions from their constant portrayal of the Caucasian serial murderer. All the while media outlets refuse to acknowledge the existence of the African-American serial killer. The unwillingness of the media to recognize the existence of these predators not only allow them to hide in plain sight but may have cost many innocent victims their lives as a result.
