Windows 10 is one of the most versatile OS Microsoft has ever made, and it's an operating system like no other. Instead of rolling out a completely overhauled OS every few years, Microsoft gives Windows 10 free yet very tangible updates semi-annually, the latest of which is the May 2020 Update. This approach allows the OS to consistently bring in new features and support with its semi-annual updates, allowing it to reach far beyond how traditional PCs work. And, it's worked out so well that Windows 10 has quickly taken Windows 7's mantle as Microsoft's most popular OS. This book includes hundreds of step-by-step and illustrated sets of instructions to teach you both the basics and the complexities of Windows 10 operation. Here is a Preview of what you will learn: -Manage the start-up menu and the Windows desktop-System maintenance -Get to know the programs that come with Windows 10-Setting up password-protection -Discover troubleshooting tips and privacy tricks-Managing media files - Downloading photos ...
