New York Times Bestseller Finalist for the Los Angeles Times Book Prize A Library Journal Best Science and Technology Book of the Year An exhilarating exploration of the science and wonder of global bird migration. In the past two decades, our understanding of the navigational and physiological feats that enable birds to cross immense oceans, fly above the highest mountains, or remain in unbroken flight for months at a stretch has exploded. What we've learned of these key migrations—how billions of birds circumnavigate the globe, flying tens of thousands of miles between hemispheres on an annual basis—is nothing short of extraordinary. Bird migration entails almost unfathomable endurance, like a sparrow-sized sandpiper that will fly nonstop from Canada to Venezuela—the equivalent of running 126 consecutive marathons without food, water, or rest—avoiding dehydration by "drinking" moisture from its own muscles and organs, while orienting itself using the earth's magnetic field through a form of quantum entanglement that made Einstein queasy. Crossing the Pacific Ocean in nine days of nonstop flight, as some birds do, leaves little time for sleep, but migrants can put half their brains to sleep for a few seconds at a time, alternating sides—and their reaction time actually improves. These and other revelations convey both the wonder of bird migration and its global sweep, from the mudflats of the Yellow Sea in China to the remote mountains of northeastern India to the dusty hills of southern Cyprus. This breathtaking work of nature writing from Pulitzer Prize finalist Scott Weidensaul also introduces readers to those scientists, researchers, and bird lovers trying to preserve global migratory patterns in the face of climate change and other environmental challenges. Drawing on his own extensive fieldwork, in *A World on the Wing* Weidensaul unveils with dazzling prose the miracle of nature taking place over our heads.

Everyone has scars. Some are just easier to see ... 16-year-old Ava Lee is heading back to school one year after a house fire left her severely disfigured. She's used to the names, the stares, the discomfort, but there's one name she hates most of all: Survivor. What do you call someone who didn't mean to survive? Who sometimes wishes she hadn't? When she meets a fellow survivor named Piper at therapy, Ava begins to feel like she's not facing the nightmare alone. Piper helps Ava reclaim the pieces of Ava Before the Fire, a normal girl who kissed boys and sang on stage. But Piper is fighting her own battle, and when Ava almost loses her best friend, she must decide if the new normal she's chasing has more to do with the girl in the mirror — or the people by her side. The beautiful, life-affirming debut from Erin Stewart that's being called the YA answer to *Wonder*. Perfect for fans of Jandy Nelson, Nicola Yoon and John Green. "A heartfelt and unflinching look at the reality of being a burn survivor and at the scars we all carry. This book is for everyone, burned or not, who has ever searched for a light in the darkness." – Stephanie Nielson, New York Times bestselling author of *HEAVEN IS HERE* and a burn survivor "A gripping story, which examines what it means to survive." - *i newspaper*

Michelle Ruiz Keil's YA fantasy debut about love, found family, and healing is an ode to post-punk San Francisco through the eyes of a Mexican-American girl. Seventeen-year-old Xochi is alone in San Francisco, running from her painful past: the mother who abandoned her, the man who betrayed her. Then one day, she meets Pallas, a precocious twelve-year-old who lives with her rockstar family in one of the city's storybook Victorians. Xochi accepts a position as Pallas's live-in governess and quickly finds her place in the girl's tight-knit household, which operates on a free-love philosophy and easy warmth despite the band's growing fame.

But on the night of the Vernal Equinox, as a concert afterparty rages in the house below, Xochi and Pallas perform a riot-grrrl ritual in good fun, accidentally summoning a pair of ancient beings bound to avenge the wrongs of Xochi's past. She would do anything to preserve her new life, but with the creatures determined to exact vengeance on those who've hurt her, no one is safe—not the family Xochi's chosen, nor the one she left behind.
