

## Winston Churchill An Intimate Portrait Leaders Of Our Time Series

A WALL STREET JOURNAL SUMMER PICK A WASHINGTON POST BESTSELLER Warrior and writer, genius and crank, rider in the British cavalry's last great charge and inventor of the tank, Winston Churchill led Britain to fight alone against Nazi Germany in the fall of 1940 and set the standard for leading a democracy at war. With penetrating insight and vivid anecdotes, Gretchen Rubin makes Churchill accessible and meaningful to twenty-first-century readers by analyzing the many contrasting views of the man he was not: he was an anachronism, he was a visionary; he was a racist, he was a humanitarian; he was the most quotable man in the history of the English language, he was a bore. Like no other portrait of its famous subject, *Forty Ways to Look at Winston Churchill* dazzles with a dazzling display of facts more improbable than fiction. It brings to full realization the depiction of a man too fabulous for any novelist to construct, too complex for even the longest narrative to describe, and too significant ever to be forgotten. A delightful and illuminating journey through the early years of Winston Churchill, "From Winston with Love and Kisses: The Young Churchill" weaves together strands of Churchill's early writing, mature recollections and reflections on childhood, and the comings and goings of Churchill's grandfather. Together with a rich store of images and ephemera from the family archives, this book provides an enthralling composite view of the lonely and sickly little boy who survived on sheer tenacity to become one of the greatest leaders of the twentieth century. Lavishly illustrated throughout and reproducing in facsimile many of the young Winston's letters and early artistic efforts, this captivating book brings us an intimate portrait of Churchill's youth.

For the first time in paperback, the highly acclaimed, remarkably intimate, and surprisingly revealing secret diary of the woman who spent more private time with FDR than any other person during his years in the White house. At once a love story and a major contribution to history, it offers dramatic new insights into FDR—both the man and the president. • Bestselling author: Geoffrey C. Ward is an award-winning biographer of FDR and the bestselling coauthor of many books with Ken Burns, including *The Civil War* and *Baseball: An American Past*. • Acclaimed: "A fascinating, very personal view of the man and his life" (USA TODAY). "A remarkable portrait" (The Washington Post). "A new mirror on Roosevelt" (The New York Times). "engrossing" (The New York Review of Books). • Intimate portrait of a president: "The most intimate portrait of a president ever published" (The New York Times). • Trusted Margaret "Daisy" Suckley completely—she was allowed to photograph him in his wheelchair, was privy to wartime secrets, and documented his failing health in great detail. • Major contribution to history: Daisy's diary offers unique insights into FDR's private life.

Winston Churchill and other wartime leaders, his decision to run for an unprecedented fourth term, and his hopes for the postwar world. The second edition in the landmark reissue of the diaries of Winston Churchill's doctor, devoted friend, and confidant, Lord Moran, present a frank and intimate portrait of the Prime Minister from the tumultuous post-World War II years all the way up to his death. In his unique position as a companion to Churchill throughout virtually his entire career as a statesman, Moran sheds new light on the controversies that precipitated Churchill's eventual fall from grace after the War, presenting an invaluable picture of a complex and contradictory individual: stubborn, defiant, yet possessing an undeniable strength and nobility. Moran chronicles not only the key political events of Churchill's last twenty years—his legendary Iron Curtain speech, his triumphant return to power in 1951, and his role in the unfolding political landscape of the Cold War era—but also Churchill's place as a Nobel Prize winning historian, voracious traveler, and enigmatic father and husband. What we get with the Churchill Diaries is an absolutely indispensable first-hand look at the most towering historical figures of the 20th century.

No Ordinary Time
The Travels of Winston Churchill
The Dream, 1947
Churchill's War Leadership
Churchill Fighting and Writing the Second World War
Churchill and the Islamic World
Churchill and Orwell

*Winston Churchill began his career as a junior officer and war correspondent in the North West borderlands of British India, and this experience was the beginning of his long relationship with the Islamic world. Overturning the widely-accepted consensus that Churchill was indifferent to, and even contemptuous of, matters concerning the Middle East, this book unravels Churchill's nuanced understanding of the edges of the British Empire. Warren Dockter analyses the future Prime Minister's experiences of the East, including his work as Colonial Under-Secretary in the early 1900s, his relations with the Ottomans and conduct during the Dardanelles Campaign of 1915-16, his arguments with David Lloyd-George over Turkey, and his pragmatic support of Syria and Saudi Arabia during World War II.Challenging the popular depiction of Churchill as an ignorant imperialist when it came to the Middle East, Dockter suggests that his policy making was often more informed and relatively progressive when compared to the Orientalist prejudices of many of his contemporaries.*

*My Darling Clementine: The story of Lady Churchill, first published in 1963, is a detailed look at the life of Clementine Churchill (née Hozier, 1885-1977) and her long (58 year) marriage to statesman Winston Churchill (1874-1965). Based on many years of interviews and research, the book paints an intimate portrait of the couple as the world went through the turbulent years of the 20th century. Clementine Churchill's influence on her husband was immeasurable, and as Winston stated, "... I could never have succeeded without her." Included are 16 pages of photographs. The book provides a uniquely moving and enthralling insight into the world of this inspiring woman.*

*This unique resource will be an enormous aid and impetus to Churchill studies. It lists over 600 works, with annotations, and includes sections listing an additional 5,900 entries covering book reviews, significant articles, and chapters from books. Separate author and title indexes will allow the user to locate specific entries. The book's aim is to direct students, researchers, and bibliophiles to the entire corpus of works about Churchill.*

*Drawing on Churchill's manuscripts and correspondence, David Reynolds paints an even more admirable portrait of the man*

A look at the towering twentieth-century leader and his lifestyle that goes beyond the political and into the personal. Countless books have examined the public accomplishments of the man who led Britain in a desperate fight against the Nazis with a ferocity and focus that earned him the nickname “the British Bulldog.” Churchill Style takes a different kind of look at this historic icon—delving into the way he lived and the things he loved, from books to automobiles, as well as how he dressed, dined, and drank in his daily life. With numerous photographs, this unique volume explores Churchill’s interests, hobbies, and vices—from his maddening oversight of the renovation of his country house, Chartwell, and the unusual styles of clothing he preferred, to the seemingly endless flow of cognac and champagne he demanded and his ability to enjoy any cigar, from the cheapest stogies to the most pristine Cubans. Churchill always knew how to live well, truly combining substance with style, and now you can get to know the man behind the legend—from the top of his Homburg hat to the bottom of his velvet slippers. “All readers will appreciate Singer’s highly intelligent observations about how Churchill’s style contributed to, and was ultimately an integral part of his brilliant career.” —Gentleman’s Gazette

Renowned Churchill historian Sir Martin Gilbert examines Winston Churchill’s War Leadership. Continue to Pester, Nag and Bite is the complete text of the 2004 Barbara Frum Historical Lecture, given at the University of Toronto. This annual lecture “on a subject of contemporary interest in historical perspective” was established in memory of Barbara Frum and will be broadcast on CBC Radio One’s Ideas. “The problem is not winning the war, but persuading people to let you win it.” —Winston Churchill Continue To Pester, Nag And Bite is a brilliant, in-depth look at Winston Churchill’s leadership during the Second World War, written by the world’s top authority on Churchill. By looking behind the public figure and wartime propaganda images, Gilbert reveals a very human, sensitive and often tormented man, who nevertheless found the strength to lead his nation forward from the darkest and most dangerous of times, towards the defeat of a tenacious enemy. Today’s readers will be fascinated to compare Churchill’s tactics and attitudes with those of modern-day leaders. By looking behind the public figure and wartime propaganda images, Gilbert reveals a very human, sensitive, and often tormented man, who nevertheless found the strength to lead his nation forward from the darkest and most dangerous of times, towards the defeat of a tenacious enemy.

Describes the early life and political career of the British prime minister.

Illustrated with photographs from the private family album, this book follows in the footsteps of some of Sir Winston Churchill's famous trips to the four corners of the world, by his granddaughter Celia Sandys. She visits South Africa, Morocco, France, the USA - amongst others - and recounts how Sir Winston's trips not only changed the course of world history, but helped to shape the man who has come to be known as 'our Greatest Briton'.

My Darling Clementine

Franklin & Eleanor Roosevelt: The Home Front in World War II

**A New York Times bestseller! A New York Times Book Review Notable Book of 2017 A dual biography of Winston Churchill and George Orwell, who preserved democracy from the threats of authoritarianism, from the left and right alike. Both George Orwell and Winston Churchill came close to death in the mid-1930's—Orwell shot in the neck in a trench line in the Spanish Civil War, and Churchill struck by a car in New York City. If they'd died then, history would scarcely remember them. At the time, Churchill was a politician on the outs, his loyalty to his class and party suspect. Orwell was a mildly successful novelist, to put it generously. No one would have predicted that by the end of the 20th century they would be considered two of the most important people in British history for having the vision and courage to campaign tirelessly, in words and in deeds, against the totalitarian threat from both the left and the right. In a crucial moment, they responded first by seeking the facts of the matter, seeing through the lies and obfuscations, and then they acted on their beliefs. Together, to an extent not sufficiently appreciated, they kept the West's compass set toward freedom as its due north. It's not easy to recall now how lonely a position both men once occupied. By the late 1930's, democracy was discredited in many circles, and authoritarian rulers were everywhere in the ascent. There were some who decried the scourge of communism, but saw in Hitler and Mussolini "men we could do business with," if not in fact saviors. And there were others who saw the Nazi and fascist threat as malign, but tended to view communism as the path to salvation. Churchill and Orwell, on the other hand, had the foresight to see clearly that the issue was human freedom—that whatever its coloration, a government that denied its people basic freedoms was a totalitarian menace and had to be resisted. In the end, Churchill and Orwell proved their age's necessary men. The glorious climax of Churchill and Orwell is the work they both did in the decade of the 1940's to triumph over freedom's enemies. And though Churchill played the larger role in the defeat of Hitler and the Axis, Orwell's reckoning with the menace of authoritarian rule in *Animal Farm* and *1984* would define the stakes of the Cold War for its 50-year course, and continues to give inspiration to fighters for freedom to this day. Taken together, in *Thomas E. Ricks's* masterful hands, their lives are a beautiful testament to the power of moral conviction, and to the courage it can take to stay true to it, through thick and thin. Churchill and Orwell is a perfect gift for the holidays!**

*Vivien Leigh's mystique was a combination of staggering beauty, glamour, romance, and genuine talent displayed in her Oscar-winning performances in *Gone With the Wind* and *A Streetcar Named Desire*. For more than thirty years, her name alone sold out theaters and cinemas the world over, and she inspired many of the greatest visionaries of her time: Laurence Olivier loved her; Winston Churchill praised her; Christian Dior dressed her. Through both an in-depth narrative and a stunning array of photos, *Vivien Leigh: An Intimate Portrait* presents the personal story of one of the most celebrated women of the twentieth century, an engrossing tale of success, struggles, and triumphs. It chronicles Leigh's journey from her birth in India to prominence in British film, winning the most-coveted role in Hollywood history, her celebrated love affair with Laurence Olivier, through to her untimely death at age fifty-three in 1967. Author Kendra Bean is the first Vivien Leigh biographer to delve into the Laurence Olivier Archives, where an invaluable collection of personal letters and documents ranging from interview transcripts to film contracts to medical records shed new insight on Leigh's story. Illustrated by hundreds of rare and never-before-published images, including those by Leigh's "official" photographer, Angus McBean, *Vivien Leigh: An Intimate Portrait* is the first illustrated biography to closely examine the fascinating, troubled, and often misunderstood life of Vivien Leigh: the woman, the actress, the legend.*

*"Perhaps it is a cliché that a politician thinks of the next election and a statesman of the next generation, yet my grandfather found merit in the maxim. He had known leaders he esteemed as the greatest of statesmen.Churchill, however, was the leader he admired above all...In hundreds of studies of Churchill, no one else, remarkably enough, has focused on Churchill's predictions and prophecies. James Humes has produced a book that is unique as well as necessary for an understanding of statesmanship." —David Eisenhower, author and senior fellow at the Foreign Policy Research Institute*
*Presents a social history of the United States in 1940, along with a moment-by-moment account of Roosevelt's leadership and the private lives of the president and First Lady, whose remarkable partnership transformed America. (This book was previously featured in Forecast.)*

An Intimate Portrait

Winston and Clementine

“ Engrossing...the first formal biography of a woman who has heretofore been relegated to the sidelines. ” —The New York Times From the author of the New York Times bestseller *A Woman of No Importance*, a long overdue tribute to the extraordinary woman who was Winston Churchill ’ s closest confidante, fiercest critic and shrewdest advisor that captures the intimate dynamic of one of history ’ s most fateful marriages. Late in life, Winston Churchill claimed that victory in the Second World War would have been “ impossible ” without the woman who stood by his side for fifty-seven turbulent years. Why, then, do we know so little about her? In this landmark biography, a finalist for the Plutarch prize, Sonia Purnell finally gives Clementine Churchill her due. Born into impecunious aristocracy, the young Clementine Hozier was the target of cruel snobbery. Many wondered why Winston married her, when the prime minister ’ s daughter was desperate for his attention. Yet their marriage proved to be an exceptional partnership. “You know,"Winston confided to FDR, "I tell Clemmie everything." Through the ups and downs of his tumultuous career, in the tense days when he stood against Chamberlain and the many months when he helped inspire his fellow countrymen and women to keep strong and carry on, Clementine made her husband ’ s career her mission, at the expense of her family, her health and, fatefully, of her children. Any real consideration of Winston Churchill is incomplete without an understanding of their relationship. Clementine is both the first real biography of this remarkable woman and a fascinating look inside their private world. "Sonia Purnell has at last long given Clementine Churchill the biography she deserves. Sensitive yet clear-eyed, Clementine tells the fascinating story of a complex woman struggling to maintain her own identity while serving as the conscience and principal adviser to one of the most important figures in history. I was enthralled all the way through." —Lynne Olson, bestselling author of *Citizens of London*

**#1 NEW YORK TIMES BESTSELLER \*** The author of *The Devil in the White City* and *Dead Wake* delivers an intimate chronicle of Winston Churchill and London during the Blitz--an inspiring portrait of courage and leadership in a time of unprecedented crisis "One of [Erik Larson's] best books yet . . . perfectly timed for the moment."--Time \* "A bravura performance by one of America's greatest storytellers."--NPR **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** The New York Times Book Review \* Time \* Vogue \* NPR \* The Washington Post \* Chicago Tribune \* The Globe & Mail \* Fortune \* Bloomberg \* New York Post \* The New York Public Library \* Kirkus Reviews \* LibraryReads \* PopMatters On Winston Churchill's first day as prime minister, Adolf Hitler invaded Holland and Belgium. Poland and Czechoslovakia had already fallen, and the Dunkirk evacuation was just two weeks away. For the next twelve months, Hitler would wage a relentless bombing campaign, killing 45,000 Britons. It was up to Churchill to hold his country together and persuade President Franklin Roosevelt that Britain was a worthy ally--and willing to fight to the end. In *The Splendid and the Vile*, Erik Larson shows, in cinematic detail, how Churchill taught the British people "the art of being fearless." It is a story of political brinkmanship, but it's also an intimate domestic drama, set against the backdrop of Churchill's prime-ministerial country home, Chequers; his wartime retreat, Ditchley, where he and his entourage go when the moon is brightest and the bombing threat is highest; and of course 10 Downing Street in London. Drawing on diaries, original archival documents, and once-secret intelligence reports--some released only recently--Larson provides a new lens on London's darkest year through the day-to-day experience of Churchill and his family: his wife, Clementine; their youngest daughter, Mary, who chafes against her parents' wartime protectiveness; their son, Randolph, and his beautiful, unhappy wife, Pamela; Pamela's illicit lover, a dashing American emissary; and the advisers in Churchill's "Secret Circle," to whom he turns in the hardest moments. *The Splendid and the Vile* takes readers out of today's political dysfunction and back to a time of true leadership, when, in the face of unrelenting horror, Churchill's eloquence, courage, and perseverance bound a country, and a family, together.

The intimate, untold story of Winston Churchill's enduring yet volatile bond with his only son, Randolph “ Ireland draws unforgettable sketches of life in the Churchill circle, much like Erik Larson did in *The Splendid and the Vile*. ” Kirkus • “ Fascinating... well-researched and well-written. ” —Andrew Roberts • “ Beautifully written... A triumph. ” —Damien Lewis • “ Fascinating, acute and touching. ” —Simon Sebag Montefiore We think we know Winston Churchill: the bulldog grimace, the ever-present cigar, the wit and wisdom that led Great Britain through the Second World War. Yet away from the House of Commons and the Cabinet War Rooms, Churchill was a loving family man who doted on his children, none more so than Randolph, his only boy and Winston's anointed heir to the Churchill legacy. Randolph may have been born in his father's shadow, but his father, who had been neglected by his own parents, was determined to see him go far. For decades, throughout Winston's climb to greatness, father and son were inseparable—dining with Britain's elite, gossiping and swilling Champagne at high society parties, holidaying on the French Riviera, touring Prohibition-era America. Captivated by Winston's power, bravery, and charisma, Randolph worshipped his father, and Winston obsessed over his son's future. But their love was complex and combustible, complicated by money, class, and privilege, shaded with ambition, outside expectations, resentments, and failures. Deeply researched and magnificently written, Churchill & Son is a revealing and surprising portrait of one of history's most celebrated figures.

A tie-in to the 60th anniversary of the current British monarch's ascension to the throne explores the private character of the queen behind her public persona, providing coverage of such topics as the circumstances of her early coronation, her relationship with international heads of state and her struggles with family challenges. (This book was previously listed in Forecast.)

An Intimate Portrait of an Epic Friendship

Orientalism, Empire and Diplomacy in the Middle East

Winston Churchill: An Intimate Portrait

A Brief Account of a Long Life

An Intimate Portrait of Queen Elizabeth II

**NEW YORK TIMES BESTSELLER** The most complete portrait ever drawn of the complex emotional connection between two of history ’ s towering leaders Franklin Roosevelt and Winston Churchill were the greatest leaders of “ the Greatest Generation. ” In Franklin and Winston, Jon Meacham explores the fascinating relationship between the two men who piloted the free world to victory in World War II. It was a crucial friendship, and a unique one—a president and a prime minister spending enormous amounts of time together (113 days during the war) and exchanging nearly two thousand messages. Amid cocktails, cigarettes, and cigars, they met, often secretly, in places as far-flung as Washington, Hyde Park, Casablanca, and Teheran, talking to each other of war, politics, the burden of command, their health, their wives, and their children. Born in the nineteenth century and molders of the twentieth and twenty-first, Roosevelt and Churchill had much in common. Sons of the elite, students of history, politicians of the first rank, they savored power. In their own time both men were underestimated, dismissed as arrogant, and faced skeptics and haters in their own nations—yet both magnificently rose to the central challenges of the twentieth century. Theirs was a kind of love story, with an emotional Churchill courting an elusive Roosevelt. The British prime minister, who rallied his nation in its darkest hour, standing alone against Adolf Hitler, was always somewhat insecure about his place in FDR ’ s affections—which was the way Roosevelt wanted it. A man of secrets, FDR liked to keep people off balance, including his wife, Eleanor, his White House aides—and Winston Churchill. Confronting tyranny and terror, Roosevelt and Churchill built a victorious alliance amid cataclysmic events and occasionally conflicting interests. Franklin and Winston is also the story of their marriages and their families, two clans caught up in the most sweeping global conflict in history. Meacham ’ s new sources—including unpublished letters of FDR ’ s great secret love, Lucy Mercer Rutherford, the papers of Pamela Churchill Harriman, and interviews with the few surviving people who were in FDR and Churchill ’ s joint company—shed fresh light on the characters of both men as he engagingly chronicles the hours in which they decided the course of the struggle. Hitler brought them together; later in the war, they drifted apart, but even in the autumn of their alliance, the pull of affection was always there. Charting the personal drama behind the discussions of strategy and statecraft, Meacham has written the definitive account of the most remarkable friendship of the modern age.

Universally acclaimed for their compelling narrative, their fresh insights, and their objective renderings of Winston Churchill's life, *The Last Lion* trilogy presents a revelatory and unparalleled portrait of this brilliant, flawed, and dynamic adventurer, aristocrat, soldier, and statesman. Born at the end of the 19th century when Imperial Britain still stood at the splendid pinnacle of her power, Churchill would witness the shift a few years later as the Empire hovered on the brink of a catastrophic new era. One of the greatest wartime leaders of our time, he would go on to stand alone, politically isolated in Parliament, as he took the lead in

warning of the growing Nazi threat, and would lead Britain to victory against Nazi Germany and the Axis powers in World War II. Now, celebrated historian William Manchester's landmark biographies are collected together for the first time, along with the eagerly anticipated final installment Churchill's last years in power. More than thirty years in the making, *The Last Lion* is the definitive work on this remarkable man whose courageous vision guided the destiny of a nation during darkly troubled times-and who looms as one of the greatest figures of our century.

Annotated Bibliography of Works About Sir Winston S. Churchill

Mr Churchill's Profession

Sir Winston Leonard Spencer-Churchill is known chiefly for his leadership of the United Kingdom during World War Two. He served as Prime Minister from 1940 to 1945 and again from 1951 to 1955. A noted statesman and orator, Churchill was also an officer in the British Army, a historian, writer and artist. To date, he is the only British Prime Minister to have received the Nobel Prize in Literature, and the second person to be recognized as an Honorary Citizen of the United States. During his army career, Churchill saw military action in India, the Sudan and the Second Boer War. He gained fame and notoriety as a war correspondent and through contemporary books he wrote describing the campaigns. He also served briefly in the British Army on the Western Front in World War One, commanding the 6th Battalion of the Royal Scots Fusiliers. At the forefront of the political scene for almost fifty years, he held many political and cabinet positions. After losing the 1945 election, he became Leader of the Opposition. In 1951 he again became Prime Minister, before finally retiring in 1955. Upon his death, the Queen granted him the honor of a state funeral, which saw one of the largest assemblies of statesmen in the world.This unique images title contains many rare and unpublished photographs of Churchill throughout his military and political career.

A powerful, emotional short story from the prime minister and Pulitzer Prize-winning author, detailing a conversation with the ghost of his beloved father. Legendary politician and military strategist Winston S. Churchill was a master not only of the battlefield, but of the page and the podium. Over the course of forty books and countless speeches, broadcasts, news items and more, he addressed a country at war and at peace, thrilling with victory but uneasy with its shifting role in global politics. In 1953, he was awarded the Nobel Prize for Literature for "his mastery of historical and biographical description as well as for brilliant oratory in defending exalted human values." During his lifetime, he enthralled readers and brought crowds roaring to their feet; in the years since his death, his skilled writing has inspired generations of eager history buffs. In this rare work of fiction, Churchill imagines a visit from the ghost of his father, Randolph. Churchill reveals to his father all that has happened in the world since his death in 1895, leaving out one crucial detail: his own critical role in determining the unfolding of world events. His yearning for his late father shines through his terse, careful prose, lending emotional weight and nostalgia to this unusual foray into fiction.

In this stirring book, Martin Gilbert tells the intensely human story of Winston Churchill's profound connection to America, a relationship that resulted in an Anglo-American alliance that has stood at the center of international relations for more than a century. Winston Churchill, whose mother, Jennie Jerome, the daughter of a leading American entrepreneur, was born in Brooklyn in 1854, spent much of his seventy adult years in close contact with the United States. In two world wars, his was the main British voice urging the closest possible cooperation with the United States. From before the First World War, he understood the power of the United States, the "gigantic boiler," which, once lit, would drive the great engine forward. Sir Martin Gilbert was appointed Churchill's official biographer in 1968 and has ever since been collecting archival and personal documentation that explores every twist and turn of Churchill's relationship with the United States, revealing the golden thread running through it of friendship and understanding despite many setbacks and disappointments. Drawing on this extensive store of Churchill's own words -- in his private letters, his articles and speeches, and press conferences and interviews given to American journalists on his numerous journeys throughout the United States -- Gilbert paints a rich portrait of the Anglo-American relationship that began at the turn of the last century. Churchill first visited the United States in 1895, when he was twenty-one. During that first visit, he was invited to West Point and was fascinated by New York City. "What an extraordinary people the Americans are!" he wrote to his mother. "This is a very great country, my dear Jack," he told his brother. During three subsequent visits before the Second World War, he traveled widely and formed a clear understanding of both the physical and moral strength of Americans. During the First World War, Churchill was Britain's Minister of Munitions, working closely with his American counterpart Bernard Baruch to secure the material needed for the joint war effort, and argued with his colleagues that it would be a grave mistake to launch a renewed assault before the Americans arrived. Churchill's historic alliance with Franklin Roosevelt during the Second World War is brilliantly portrayed here with much new material, as are his subsequent ties with President Truman, which contributed to the Truman Doctrine and the Marshall Plan. In his final words to his Cabinet in 1955, on the eve of his retirement as Prime Minister, Churchill gave his colleagues this advice: "Never be separated from the Americans." In *Churchill and America*, Gilbert explores how Churchill's intense rapport with this country resulted in no less than the liberation of Europe and the preservation of European democracy and freedom. It also set the stage for the ongoing alliance that has survived into the twenty-first century.

A fascinating new look at a neglected side of Winston Churchill - his life as a professional author - revealing how his most important literary work shaped his role as a world leader, and the history of the Second World War

The Splendid and the Vile

In Command of History

An Autobiography

From Winston with Love and Kisses

The Prophetic Statesman

Winston Churchill as I knew him

A candid autobiography by the daughter of Winston Churchill provides an intimate portrait of her father and discusses her dramatic life, marriages, Hollywood career, and personal tragedies

An epic standard in biography, the first volume in the complete and comprehensive life story of one of modern history's greatest figures. The first chapter of Sir Winston Churchill's eight-volume official biography as told through a rich treasure trove of personal letters. This volume covers the years from Churchill's birth in 1874 to his return to England from an American lecture tour, on the day of Queen Victoria's funeral in 1900, in order to embark on his political career. In the opening pages, the account of his birth is presented through letters of his family. The subject comes on the scene with his own words in a letter to his mother, written when he was seven. His later letters, as a child, as a schoolboy at Harrow, as a cadet at Sandhurst, and as a subaltern in India, show the development of his mind and character, his ambition and awakening interests, which were to merge into a genius of our age. An astounding narrative of a great man coming into his own and the times in which he lived, this portrait is a "milestone, a monument, a magisterial achievement . . . rightly regarded as the most comprehensive life ever written of any age." (Andrew Roberts, historian and author of *The Storm of War*) and the "most scholarly study of Churchill in war and peace ever written." (The New York Times).

"A richly textured and deeply moving portrait of greatness" (Los Angeles Times). In this masterful book, prize-winning historian and authorized Churchill biographer Martin Gilbert weaves together the research from his eight-volume biography of the elder statesman into one single volume, and includes new information unavailable at the time of the original work's publication. Spanning Churchill's youth, education, and early military career, his journalistic work, and the arc of his political leadership, Churchill: A Life details the great man's indelible contribution to Britain's foreign policy and internal social reform. With eyewitness accounts and interviews with Churchill's contemporaries, including friends, family members, and career adversaries, it provides a revealing picture of the personal life, character, ambition, and drive of one of the world's most remarkable leaders. "A full and rounded examination of Churchill's life, both in its personal and political aspects . . . Gilbert describes the painful decade of Churchill's political exile (1929-1939) and shows how it strengthened him and prepared him for his role in the 'hour of supreme crisis' as Britain's wartime leader. A lucid, comprehensive and authoritative life of the man considered by many to have been the outstanding public figure of the 20th century." —Publishers Weekly "Mr. Gilbert's job was to bring alive before his readers a man of extraordinary genius and scarcely less extraordinary destiny. He has done so triumphantly." —The New York Times Book Review

A delightful and illuminating journey through the early years of Winston Churchill. From *Winston with Love and Kisses: The Young Churchill* weaves together strands of Churchill's early writing, mature recollections and reflections on childhood, and the comments of the author, Churchill's granddaughter.

Together with a rich store of images and ephemera from the family archives, this book provides an enthralling composite view of the lonely and sickly little boy who survived on sheer tenacity to become one of the greatest leaders of the twentieth century. Lavishly illustrated throughout and reproducing in

facsimile many of the young Winston's letters and early artistic efforts, this captivating book brings us an intimate portrait of Churchill's youth.

Forty Ways to Look at Winston Churchill

*Letters offer an intimate portrait of a remarkable partnership*

*A unique and evocative portrait of World War II—and a charming coming-of-age story—from the private diaries of Winston Churchill's youngest daughter, Mary. “I am not a great or important personage, but this will be the diary of an ordinary person's life in war time. Though I may never live to read it again, perhaps it may not prove altogether uninteresting as a record of my life.” In 1939, seventeen-year-old Mary found herself in an extraordinary position at an extraordinary time: it was the outbreak of World War II and her father, Winston Churchill, had been appointed First Lord of the Admiralty; within months he would become prime minister. The young Mary Churchill was uniquely placed to observe this remarkable historical moment, and her diaries—most of which have never been published until now—provide an immediate view of the great events of the war, as well as exchanges and intimate moments with her father. But these diaries also capture what it was like to be a young woman during wartime. An impulsive and spirited writer, full of coming-of-age self-consciousness and joie de vivre, Mary's diaries are untrammelled by self-censorship or nostalgia. From aid raid sirens at 10 Downing Street to seeing action with the women's branch of the British Army, from cocktail parties with presidents and royals to accompanying her father on key diplomatic trips, Mary's wartime diaries are full of color, rich in historical insight, and a charming and intimate portrait of life alongside Winston Churchill during a key moment of the twentieth century. Fifty years after his passing, The Man Within is meant to reinvigorate the spirit of Winston Churchill—approachable rather than academic, lively rather than staid. This collection features exceptional black-and-white photos, many of which are previously unpublished, woven together with his own powerful words. It tells his story — his childhood, his family, his passions, his friends, his life—and has been chosen as the official commemorative book of the Churchill Centre on the fiftieth anniversary of his passing. A percentage of royalties goes to the Churchill Centre UK and to other Churchill 2015 charities.*
