A Classical Tibetan Reader answers a long-standing need for well chosen readings to accompany courses in classical Tibetan language. Professor Bentor has built her Tibetan reader out of time-tested selections from texts that she has worked with while teaching classical Tibetan over the past twenty years. She has assembled here a selection of Tibetan narratives, organized to introduce students of the language to complex material gradually, and to arm them with ample reference materials in the form of glossaries customized to individual readings. Instructors will find this reader an invaluable tool for preparing lesson plans and providing high-quality reading material to their students. Students, too, will find the selections contained in the reader engaging. Even novice readers of Tibetan will feel welcomed and encouraged, thanks to the author's astute judgment of student capacity.

For many centuries Indian and Tibetan Buddhists have employed this collection of pithy, penetrating Dharma slogans to develop compassion, equanimity, lovingkindness, and joy for others. Known as the lojong—or mind-training—teachings, these slogans have been the subject of deep study, contemplation, and commentary by many great masters. In this volume, Traleg Kyabgon offers a fresh translation of the slogans as well as in-depth new commentary of each. After living among and teaching Westerners for over twenty years, his approach is uniquely insightful into the ways that the slogans could be misunderstood or misinterpreted within our culture. Here, he presents a refreshing and clarifying view, which seeks to correct points of confusion.

From the moment she stepped into a classroom as a teacher, Melinda Ehrlich was destined to write this book. With her trusty notepad at her side, she documented her experiences - from her students' zany antics to the bureaucratic directives that were issued. Her journals, filled with stories and anecdotes, have shaped this extraordinary memoir, painting a vivid picture of her life as a New York City English teacher. Ehrlich's positive approach and fiery spirit enabled her to thrive within the largest public school system in America. You will meet the vocational high school girls who couldn't open their notebooks until their hair and nails dried, the wannabe mobster who greeted Ms. Ehrlich with "Hi ya doll!" in the hallways, and the forger who insisted he and his mother shared identical signatures. But it wasn't all sunshine and daisies. She had her share of intense encounters with troubled students that tested the boundaries not only of education but of human perseverance and understanding. All of these and more make up the students she "couldn't erase." A lightning bolt of inspiration, Take Off Your Hat and Spit Out Your Gum is a must-read for the over three million teachers in the U.S. today. This is the remarkably entertaining story of a teacher who rode the rollercoaster for over 30 years and exited clicking her heels, still believing there's no place like school.

The verbal section of the GRE is essentially a vocabulary test. With a few exceptions, if you know the word, you will probably be able to answer the question correctly. Thus, it is crucial that you improve your vocabulary. Even if you have a strong vocabulary, you will still encounter unfamiliar words on the GRE. Many students write off questions, which contain words, they don't recognize. This is a mistake. This book introduces numerous techniques that decode unfamiliar words and prod your memory of words you only half-remember. With these techniques, you will often be able to squeeze out enough meaning from an unfamiliar word to answer a question correctly. Nevertheless, don't rely on just these techniques--you must study word lists. Obviously, you cannot attempt to memorize the dictionary, and you don't need to. The GRE tests a surprisingly limited number of words, and this book has 4000 prime candidates. Granted, memorizing a list of words is rather dry, but it is probably the most effective way of improving your performance on the verbal section. All the words you need for success on the GRE! Features: \* 4000 Words Defined \* Word Analysis section \* 200 Prefixes, Roots, and Suffixes \* Concise, practical definitions

Surprise! You've just been laid off from the teaching position in which you have so passionately invested your time, talents and heart for years! What now? Hundreds of thousands of American teachers have been laid off in the last four years as a result of the long term recession that continues to challenge the country's economy. In this book, one of those teachers shares what that experience was like for her, how she coped with unexpected unemployment, and what she learned about finding her way as a teacher without a classroom. Full of not only truthful reflection and encouragement for teachers facing similar situations, this book also offers practical tips for how to handle lay-off and unemployment, and how to prepare yourself as an education professional to expand your career outside your classroom. These are uncertain times, but teachers don't need to feel uncertain about their careers. There IS life as an education professional after lay-off!

Patrul Rinpoche, the beloved nineteenth-century master best known for Words of My Perfect Teacher, collected the teachings of the tenth-century adept Aro Yeshe Jungne and synthesized them into the short text translated here as Clear Elucidation of True Nature. How to put these essential teachings into practice is the subject of the lively commentary by the two Khenpo brothers, the late Khenchen Palden Sherab Rinpoche and Khenpo Tsewang Dongyal Rinpoche. The Dzogchen meditation instructions of the Aro lineage are divided into nine sets, or nine levels, with specific instructions for each on how to identify the nature of the mind, how to abide in it as a way of life, and how to liberate turbulent thoughts and emotions when they arise. The commentary unfolds this instruction into a broad general teaching suitable for beginners that serves as an introduction to Dzogchen meditation, to the Nyingma tradition, and to basic Buddhism.

A collection of essential instructions on the practice of Dzogchen, or The Great Perfection, from one of the great early 20th century Buddhist masters. Shechen Gyaltsap (1871-1926) was widely recognized as one of the greatest meditative and compassionate bodhisattvas in the history of Tibetan Buddhism. He lived a life of complete devotion and commitment to monastic discipline and study, and became the root teacher of Dilgo Khyentse Rinpoche, who said of Shechen Gyaltsap "worth more than all the gold in the entire world." This collection, intended for the advanced Buddhist practitioner who has received initiation from a qualified master, provides the essential instructions of Dzogchen, or Great Perfection, presented with simplicity that belies their profundity, the teachings give practical and pointed advice on how students should meditate and behave in ordinary life. The work begins with an extensive reflection on the problem of self-clinging and the analytical deconstruction of the self, and proceeds to more specific instructions for the mind practice itself.

The focus of this book is to bring clarity and understanding to the ministry of the teacher. Happiness is a state which everyone everywhere constantly strives for. Here, H.E. Tsem Rinpoche explains in very simple terms what causes our unhappiness. By highlighting our common misperceptions, he shows us how these misperceptions result in us creating our own suffering and how we can change them. With his trademark humour and candour, Rinpoche traverses from ancient Buddhist philosophy to modern psychology, as well as his own personal experience with his teachers and his painful relationship with his mother, in order to show us in the simplest terms how we can truly be happy.

Patrul Rinpoche makes the technicalities of his subject accessible through a wealth of stories, quotations, and references to everyday life. His style of mixing broad colloquialisms, stringent irony, and poetry has all the life and atmosphere of an oral teaching. Great care has been taken by the translators to render the precise meaning of the text in English while still reflecting the vigor and insight of the original Tibetan.

The acclaimed English translation of this masterpiece of world literature - prepared with the participation of the Dalai Lama One of the greatest works created by any culture and one of the most influential of all Tibetan Buddhist texts in the West, The Tibetan Book of the Dead has had a number of distinguished translations, but strangely all of these have been partial abridgements. Now the entire text has not only been made available in English but in a translation of quite remarkable clarity and beauty. A comprehensive guide to living and dying. The Tibetan Book of the Dead contains exquisitely written guidance and practices related to transforming our experience in daily life, on the processes of dying and the after-death state, and on how to help those who are dying. As originally intended this is as much a work for the living, as it is for those who wish to think beyond a mere conventional lifetime to a vastly greater and grander cycle. 'Extraordinary ... this work will be a source of inspiration and support to many' His Holiness the Dalai Lama

Words of Wisdom & Inspiration is a collection of over 100 thoughts and ideas, originally posted on social media, that are designed to encourage and strengthen believers. God has a plan and purpose for each and every person, but too often we lose sight of that because of the various things we experience day to day. A beautiful, evocative, and eminently useful array of texts sharing the foundational practices from Jigme Lingpa's Heart Essence transmission. These foundational practices have for over three centuries been one of the most widely practiced and beloved gateways to Dzogchen in Tibet. Like most Tibetan practices, these are chanted in solitary practice or in groups, their words supporting the vision, emotion, and understanding being cultivated. This compilation of texts includes the story, history, music, and commentaries to help practitioners more fully understand the elements of the practice. A link to downloadable audio of the chants in English is included, so that practitioners can absorb the meaning while also following along with the chants written in English and Tibetan.

The American spirit of self-reliance goes hand in hand with the mystical tradition of Zen -- yet it hasn't found its own bare wire. The best revolution, and the domain of the Zen adept, is an inner one. The Zen Revolution reads like a novel, each compelling chapter revealing another nuance -- the whole gamut, from origin to fiery culmination. Delving into both the spiritual and worldly aspects with equal candor, The Zen Revolution takes on the basic question of existence, perhaps the most important question we face. There's a new adventure in every chapter, leading to an eventual breakthrough -- something nearly unheard of in the Zen literature of the West

*Colorful stories about and profound teachings of Patrul Rinpoche, one of the most impactful teachers and thinkers in the Tibetan tradition from the nineteenth century. The life and teachings of the wandering yogi Patrul Rinpoche—a highly revered Buddhist master and scholar of nineteenth-century Tibet—come alive in true stories gathered and translated by the French Buddhist monk Matthieu Ricard over more than thirty years, based on the oral accounts of great contemporary teachers as well as written sources. Patrul's life story reveals the nature of a highly realized being as he transmits the Dharma in everything he does, teaching both simple nomads and great lamas in ways that are often unconventional and even humorous, but always with uncompromising authenticity.*

*A favorite of Tibetans and recommended by the Dalai Lama and other senior Buddhist teachers, this practical guide to inner transformation introduces the fundamental spiritual practices common to all Tibetan Buddhist traditions. The Words of My Perfect Teacher is the classic commentary on the preliminary practices of the Longchen Nyingtig—one of the best-known cycles of teachings and a spiritual treasure of the Nyingmapa school—the oldest Tibetan Buddhist tradition. Patrul Rinpoche makes the technicalities of his subject accessible through a wealth of stories, quotations, and references to everyday life. His style of mixing broad colloquialisms, stringent irony, and poetry has all the life and atmosphere of an oral teaching. Great care has been taken by the translators to render the precise meaning of the text in English while still reflecting the vigor and insight of the original Tibetan. A preface by His Holiness the Dalai Lama, insightful introductory essays, explanatory notes, and classic illustrations enhance this quintessential introduction to Tibetan Buddhist practice. This new edition includes translations of a postface to the text written a century ago (for the first printed edition in Tibetan) by the first Jamgon Kongtrul Rinpoche, and a new preface by the late Dilgo Khyentse Rinpoche. The notes, glossary and bibliography have been expanded and updated, Sanskrit names and terminology have been given their proper transliterated form, and the illustrations have been improved in quality and supplemented with new material.*
