Great musicians and worship leaders are in high demand in the church today, but to be effective, they must first have the necessary tools, including theological, musical, and technical training. Worship Foundry is a self-contained mentorship program in book form, to help train and equip worshipers and leaders alike. Its pages encompass just what you need to be effective: becoming a strong, servant-leader with a solid connection to the heart of God Operating out of an effective mission and vision for ministry Choosing great teams: attracting and keeping worship ministry volunteers Developing effective, God-focused worship services that engage the congregation effective worship songs; working with and arranging for the band, vocals and choir; creating flow in the worship set Leading an effective rehearsal; raising up future leaders through mentoring, and much more! A foundry is a factory that produces metal castings. Effective churches understand the need for effective families. We know you're concerned with the state of family today. What if you could turn your church into a powerful family of families? Now you can! This comprehensive guide recognizes that each church and its families are unique. So it provides you a variety of clear and practical tips for:

Enriching family ministries - Connecting families to other families A- both inside and outside the church - Building a happier, healthier, and more effective church

(Worship Musician Presents). Whether you're in a band yourself or part of a ministry involved with teams, this book can help you on your journey. For 30 years, musician, songwriter, and worshipper Tom Lane has worked in the Christian worship music industry and alongside churches, ministries, and movements around the world associated with it. He encourages honesty and clear communication from all sides while aiming for the right thing to be a band that worships, first and foremost. Spiritual, relational, professional, and practical issues relevant for individuals and groups in worship ministry of any kind are addressed head on. Historically, bands have helped lead revolutions, crusades, and social movements. The role bands play in worship, though important, is not the pinnacle of the calling or mandate according to Jesus. While it's okay to have a good rock band and want to go places, many creatively gifted Christians miss the mark entirely and are derailed by their own quests for something other than God. Likewise, worship teams sometimes struggle with performance and not enough on relationships. This book will help lay the foundation for a healthier pursuit of creative dreams and a closer walk with God.

Stand on the shoulders of giants! Have you ever wished you could have a mentor like the Apostle Paul--someone trustworthy to guide your spiritual development and ministry? Tony Cooke, author, teacher, and student of church history, has assembled a panel of the greatest Christian spiritual leaders of all time, curating a profound, yet accessible, search of Paul shepherds you in the footsteps of spiritual giants like the Apostle Paul, Martin Luther, John Wesley, George Whitefield, Charles Haddon Spurgeon, and more. Discover... The values and priorities that create a successful life The power of living by example Timeless qualities of supernatural life and ministry Enduring wisdom on how to pray, evangelism, and preaching Pitfalls to avoid in life and ministry These men of God left an indelible footprint for the Kingdom of God on this world. Guided by their example, you can do the same!

Exploring Worship Third Edition

Training and Empowering Your Worship Band

This fully updated second edition is a selective annotated bibliography of all relevant published resources relating to church and worship music in the United States. Over the past decade, there has been a growth of literature covering everything from traditional subject matter such as the organ works of J.S. Bach to newer areas of inquiry including folk hymnology, women and African-American composers, music as a spiritual healer, to the music of Mormon, Shaker, Moravian, and other smaller sects. With multiple indices, this book will serve as an excellent tool for librarians, researchers, and scholars sorting through the massive amount of material in the field.

Malls, stadiums, and universities are actually liturgical structures that influence and shape our thoughts and affections. Humans--as Augustine noted--are "desiring agents," full of longings and passions; in brief, we are what we love. James K. A. Smith focuses on the themes of liturgy and desire in Desiring the Kingdom, the first book in what will be a three-volume set on the theology of culture. He redirects our yearnings to focus on the greatest good: God. Ultimately, Smith seeks to re-vision education through the process and practice of worship. Students of philosophy, theology, worldview, and culture will welcome Desiring the Kingdom, as will those involved in ministry and other interested readers.

Worship Matters (Foreword by Paul Baloche)

Fifty years after the promulgation of the Constitution on the Sacred Liturgy, a great moment has dawned in which a more dispassionate assessment of the reception of this important document has become imperative in order to enable the Church to undertake necessary steps in realizing the full potential of the renewal envisaged by the Council Fathers. The present study identifies peculiar and diverse challenges confronting the process of reception in the Nsukka Diocese/Nigerian Church today. However, the author acknowledges that the full reception of Sacrosanctum Concilium is still a work-in-progress. Worship in an interactive way! This down-to-earth guide will help your worship team work together to lead others in praise by discussing key elements from music to drama and showing you how to worship interactively as an authentic leader. Edited by Allison Siewert.

The new edition of this popular introduction explores the meaning of social deviance in contemporary society. It traces the path by which we create deviance: how we single out behavior, ideas, and appearances that differ from the "norm," label them as either offensive or acceptable, and then condemn or celebrate them. The book explains what kinds of behavior are banned and who bans them, exposing the important political influences underlying these processes. Refreshed with a new engaging, accessible style, the second edition features expanded treatment of the theories of deviance, new material on positive deviance, and updated references and contemporary examples throughout. At its core, Social Deviance looks at who becomes deviant and why. It delves into the multiple motives that cause rule-breakers to behave badly in the eyes of those they offend or creatively in the eyes of those they please, and it reveals the way deviants think about their actions, their moral identity, and their fellow moral outcasts.

Ministry Training Academies are dynamic ministries that train and release children to do ministry. They provide children with a unique opportunity to learn ministry through hands-on experience. Ministry Training Academies also help to fulfill the purpose of the local church. Given that children make up approximately 25% of the church population, it would be unlikely for a church to fulfill what God has called it to do unless children are engaged in helping fulfill that purpose. Can you imagine if every evangelical church equipped and released their children in ministry? Not only would there be radical changes in the church of Jesus Christ, there would be changes in homes, schools, and neighborhoods. Children who walk in newness of Christ as a believer AND partner with Him in ministry, will have a profound impact in their world. Let's stop doing ministry to our children and begin a chapter in church history where we begin doing ministry WITH children.

EXPLORING WORSHIP is a 240-page textbook that gives worshipers a balanced theology of worship, and trains your worship team in the art of leading worship. This book covers all the bases, both devotional and practical. Equip them with one of the most comprehensive tools available today for worship leaders, musicians, songwriters, and

singers. First written in 1986, Bob completely rewrote the book in 2018, producing this THIRD EDITION. This new edition is stronger than ever and relevant for today’s changing worship landscape. Used as a text internationally, Exploring Worship is a “must read” for worshipers. It lays a scriptural foundation for understanding what praise and worship really is, and then provides a practical framework for implementing praise and worship in the local church. This is one of the foremost worship texts used today by Bible Schools, Universities, and local church worship ministries.

Question: What is the God-given purpose of the local church? Answer: Relational discipleship. DiscipleShift walks you through five key "shifts" that churches must make to refocus on the fundamental biblical mission of discipleship. These intentional changes will attract the world and empower your church members to be salt and light in their communities. Over the last thirty years, many influential church leaders and church planters in America have adopted various models for reaching unchurched people. While many of these approaches have merit, something is still missing, something even more fundamental to the mission of the church: discipleship. Making disciples—helping people to trust and follow Jesus—is the church’s God-given mandate. Devoted disciples attract people outside the church because of the change others see in their Christ-like lives. And discipleship empowers Christians to be more like Christ as they intentionally develop relationships with non-believers. Through biblical and professional insights, Jim Putman and Bobby Harrington discuss the transformational effectiveness of making disciples and just how to do so, in practical terms. You’ll learn: The specific roles of a disciple-making pastor. The components of person-to-person discipleship. How each ministry in your church leads to discipleship. How to implement discipleship in your church. Disciple-making leaders will not produce perfect churches, but they will create effective churches.

Shaping a New Generation of Worship Leaders

Worship 4 Today is a three-part course specially designed to train and equip all who lead worship in the local church - those with prior experience or none, musicians and the non-musical, ordained or lay, those who lead the prayers, operate the technology, employ the creative arts, or participate in any other way. Developed and tested in the Diocese of Sheffield over the last five years, Worship 4 Today is now recognised as a national training resource and its publication is fully supported by the Liturgical Commission of the Church of England. The course:

- Nurtures a foundation of personal worship, developing new expertise and skills
- Provides a rich Biblical and historical background
- Builds understanding of different worship styles across the church

Part 2 focuses on developing key skills. It explores the role of music in worship using the Psalms, different worship patterns in the Church of England, and how to build a worship team in your local church.

Our culture has undergone a major shift: younger generations have less and less interest in the printed word as they become predominantly image oriented. In response, as congregations increasingly learn to be more sophisticated in using newer electronic technologies, they are finding themselves at different places in the quest to understand, acquire, manage, and benefit from the technology boom. Worship leaders in congregations already using some electronic media are realizing that they could be doing more with it, and are seeking new ideas. Congregational leaders scrambling to catch up with a worship committee that has decided it's time for a change aren't sure of the next steps. Or maybe there's been a gift to the congregation to be spent on electronics, and no one is quite sure how best to use the money. Michael Bausch's book grows out of several years' of conversation, personal experimentation, and experience with multimedia worship in one modest-sized, small-town church, while also drawing on the experiences and work of other churches learning to use electronic media in worship. Bausch balances concern for practical issues, such as finances and architecture, with attention to theological integrity and the challenges of sustaining media-enhanced worship. He skillfully shows how the artistic resources of the world around us can enhance our awareness of God's presence in worship.

As dance ministries and liturgical dance groups pop up throughout the world, misunderstandings arise from a lack of biblical knowledge. In The Guidelines to Starting and Maintaining a Dance Ministry in the Church, Dr. Denita Hedgeman educates ministries and leaders on the biblical foundations of dance ministry development to enhance worship, and helps established dance ministries find new life and inspiration. Not only addressing the practical application of dance ministries, Dr. Hedgeman gets to the heart of the matter, Is dance ministry fully accepted in the church today? providing readers with a functional, scripturally-based guide to worshipping God through the art of dance.

Here is practical, to the point teaching that makes the ministry of praise and worship approachable. Local churches will benefit immensely from these proven ideas and helpful tools.
