

Writers Market 2018 The Most Trusted Guide To Getting Published

All students and professors need to write, and many struggle to finish their stalled dissertations, journal articles, book chapters, or grant proposals. Writing is hard work and can be difficult to wedge into a frenetic academic schedule. In this practical, light-hearted, and encouraging book, Paul Silvia explains that writing productively does not require innate skills or special traits but specific tactics and actions. Drawing examples from his own field of psychology, he shows readers how to overcome motivational roadblocks and become prolific without sacrificing evenings, weekends, and vacations. After describing strategies for writing productively, the author gives detailed advice from the trenches on how to write, submit, revise, and resubmit articles, how to improve writing quality, and how to write and publish academic work.

Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

Addie Greyborne loved working with rare books at the Boston Public Library—she even got to play detective, tracking down clues about mysterious old volumes. But she didn't expect her sleuthing skills to come in so handy in a little seaside town . . . Addie left some painful memories behind in the big city, including the unsolved murder of her fiancé and her father's fatal car accident. After an unexpected inheritance from a great aunt, she's moved to a small New England town founded by her ancestors back in colonial times—and living in spacious Greyborne Manor, on a hilltop overlooking the harbor. Best of all, her aunt also left her countless first editions and other treasures—providing an inventory to start her own store. But there's trouble from day one, and not just from the grumpy woman who runs the bakery next door. A car nearly runs Addie down. Someone steals a copy of Alice in Wonderland. Then, Addie's friend Serena, who owns a nearby tea shop, is arrested—for killing another local merchant. The police seem pretty sure they've got the story in hand, but Addie's not going to let them close the book on this case without a fight . . .

Social capital is a principal concept across the social sciences and has readily entered into mainstream discourse. In short, it is popular. However, this popularity has taken its toll. Social capital suffers from a lack of consensus because of the varied ways it is measured, defined, and deployed by different researchers. It has been put to work in ways that stretch and confuse its conceptual value, blurring the lines between networks, trust, civic engagement, and any type of collaborative action. This clear and concise volume presents the diverse theoretical approaches of scholars from Marx, Coleman, and Bourdieu to Putnam, Fukuyama, and Lin, carefully analyzing their commonalities and differences. Joonmo Son categorizes this wealth of work according to whether its focus is on the necessary preconditions for social capital, its structural basis, or its production. He distinguishes between individual and collective social capital (from shared resources of a personal network to pooled assets of a whole society), and interrogates the practical impact social capital has had in various policy areas (from health to economic development). Social Capital will be of immense value to readers across the social sciences and practitioners in relevant fields seeking to understand this mercurial concept.

Guide to Literary Agents 2020

The 2021 edition of firstwriter.com's bestselling directory for writers returns in a new, larger format, with more than twice as many listings of literary agents, literary agencies, book publishers, and magazines. It now contains over 3,000 listings, including revised and updated listings from the 2020 edition, and over 2,000 brand new entries. Finding the information you need is now quicker and easier than ever before, with new tables and an expanded index, and unique paragraph numbers to help you get to the listings you're looking for. A variety of new tables help you navigate the listings in different ways, including a new Table of Authors, which lists over 3,000 authors and tells you who represents them, or who publishes them, or both. The number of genres in the index has exploded from under 100 in the last edition to over 500 in this one. So, for example, while there was only one option for "Romance" in the previous edition, you can now narrow this down to Historical Romance, Fantasy Romance, Supernatural / Paranormal Romance, Contemporary Romance, Diverse Romance, Erotic Romance, Feminist Romance, Christian Romance, or even Amish Romance. The new edition includes: • 128 pages of literary agent and literary agency listings - that's more than the Writer's Market (75 pages) and the Writers' & Artists' Yearbook (39 pages) combined! • 82 pages of book publisher listings, compared to 91 pages in the Writers' & Artists' Yearbook - but with a page size more than 70% larger this is like getting an extra 50 pages. • 64 pages of magazine listings compared to 63 pages in the Writers' & Artists' Yearbook. Thanks to the difference in page size, this is the equivalent of 40 extra pages. All in a book that is 30% cheaper than the Writer's Market (\$29.99 RRP), and 50% cheaper than the Writers' & Artists' Yearbook (£25.00 RRP). International markets become more accessible than ever, with listings that cover both the main publishing centres of New York and London, as well as markets in other English speaking countries. With more and more agents, publishers, and magazines accepting submissions online, this international outlook is now more important than ever. There are no adverts, no advertorials, and no obscure listings padding out hundreds of pages. By including only what's important to writers - contact details for literary agents, publishers, and magazines - this directory is able to provide more listings than its competitors, at a substantially lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2022. This means you can get free access to the firstwriter.com website, where you can find even more listings, and also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets featured, saved searches, competitions listings, searchable personal notes, and more.
