

Writings From Ancient Egypt Penguin Classics

The ancient world comes to life in the first volume in a two book series on the history of Egypt, spanning the first farmers to the construction of the pyramids. Famed archaeologist John Romer draws on a lifetime of research to tell one history's greatest stories; how, over more than a thousand years, a society of farmers created a rich, vivid world where one of the most astounding of all human-made landmarks, the Great Pyramid, was built. Immersing the reader in the Egypt of the past, Romer examines and challenges the long-held theories about what archaeological finds mean and what stories they tell about how the Egyptians lived. More than just an account of one of the most fascinating periods of history, this engrossing book asks readers to take a step back and question what they've learned about Egypt in the past. Fans of Stacy Schiff's Cleopatra and history buffs will be captivated by this re-telling of Egyptian history, written by one of the top Egyptologists in the world.

The surprising and compelling story of two rival geniuses in an all-out race to decode one of the world's most famous documents—the Rosetta Stone—and their twenty-year-long battle to solve the mystery of ancient Egypt's hieroglyphs. The Rosetta Stone is one of the most famous objects in the world, attracting millions of visitors to the British museum ever year, and yet most people don't really know what it is. Discovered in a pile of rubble in 1799, this slab of stone proved to be the key to unlocking a lost language that baffled scholars for centuries. Carved in ancient Egypt, the Rosetta Stone carried the same message in different languages—in Greek using Greek letters, and in Egyptian using picture-writing called hieroglyphs. Until its discovery, no one in the world knew how to read the hieroglyphs that covered every temple and text and statue in Egypt. Dominating the world for thirty centuries, ancient Egypt was the mightiest empire the world had ever known, yet everything about it—the pyramids, mummies, the Sphinx—was shrouded in mystery. Whoever was able to decipher the Rosetta Stone, and learn how to read hieroglyphs, would solve that mystery and fling open a door that had been locked for two thousand years. Two brilliant rivals set out to win that prize. One was English, the other French, at a time when England and France were enemies and the world's two great superpowers. The Writing of the Gods chronicles this high-stakes intellectual race in which the winner would win glory for both himself and his nation. A riveting portrait of empires both ancient and modern, this is an unparalleled look at the culture and history of ancient Egypt and a fascinating, fast-paced story of human folly and discovery unlike any other.

A collection of essays based on the latest historical research and archeological discoveries surveys the culture and religion of ancient Egypt.

Reissue of the legendary 3,500-year-old Papyrus of Ani, the most beautiful of the ornately illustrated Egyptian funerary scrolls ever discovered, restored in its original sequences of text and artwork.

The Seventy Great Mysteries of Ancient Egypt

Downriver Through Egypt's Past and Present

The Penguin Book of Myths and Legends of Ancient Egypt

From Herodotus to The Mummy, Western civilization has long been fascinated with the exotic myths and legends of Ancient Egypt but they have often been misunderstood. Here acclaimed Egyptologist Joyce Tyldesley guides us through 3000 years of changing stories and, in retelling them, shows us what they mean. Gathered from pyramid friezes, archaeological finds and contemporary documents, these vivid and strange stories explain everything from why the Nile flooded every year to their beliefs about what exactly happened after death and shed fascinating light on what life was like for both rich and poor. Lavishly illustrated with colour pictures, maps and family trees, helpful glossaries explaining all the major gods and timelines of the Pharoahs and most importantly packed with unforgettable stories, this book offers the perfect introduction to Egyptian history and civilization.

Activity book meets adventure in this series that is Choose Your Own Adventure meets I Survived meets doodle book! Doodle, decide, and demolish your way out of history's greatest events--the perfect book for fun and educational summer reading! Reader, beware! Once you open this book, there is NO turning back. You will have THREE chances to escape this ancient Egyptian tomb. You must choose a path first: Pharaoh: Want to be the top ruler of ancient Egypt? Choose this path and become one of history's greatest pharaohs. Pyramid worker: You've built some of the world's most amazing monuments. Will that help you escape before being turned into a mummy? Archaeologist: You make incredible discoveries, and you're about to enter an ancient, hidden tomb . . . but can you discover a way out? In the Escape This Book! series, YOU are the star of history! Doodle your way through adventures as you decide the best path for survival. Don't be afraid to rip or fold a page . . . your escape may depend on it! Looking for another escape? Don't miss Escape This Book! Titanic.

Writings from Ancient EgyptPenguin

"This anthology contains all the substantial surviving works from the golden age of Ancient Egyptian fictional literature (c.1940-1640 B.C.). Composed by an anonymous author in the form of a funerary autobiography, the Tale tells how the courtier Sinuhe flees Egypt at the death of his king. His adventures bring wealth and happiness, but his failure to find meaningful life abroad is only redeemed by the new king's sympathy, and he finally returns to the security of his homeland. Other works from the Middle Kingdom include a poetic dialogue between a man and his soul on the problem of suffering and death, a teaching about the nature of wisdom which is bitterly spoken by the ghost of the assassinated King Amenemhat I, and a series of light-hearted tales of wonder from the court of the builder of the Great Pyramid."--Jacket.

"This book will not only satisfy professional Egyptologists but also attract newcomers to the field."--Kent R. Weeks, author of The Valley of the Kings: The Tombs and the Funerary of Thebes West

Haunting accounts of real-life exorcisms through the centuries and around the world, from ancient Egypt and the biblical Middle East to colonial America and twentieth-century South Africa A Penguin Classic Levitation. Feats of superhuman strength. Speaking in tongues. A hateful, glowing stare. The signs of spirit possession have been documented for thousands of years and across religions and cultures, even into our time: In 2019 the Vatican convened 250 priests from 50 countries for a weeklong seminar on exorcism. The Penguin Book of Exorcisms brings together the most astonishing accounts: Saint Anthony set upon by demons in the form of a lion, a bull, and a panther, who are no match for his devotion and prayer; the Prophet Muhammad casting an enemy of God out of a young boy; fox spirits in medieval China and Japan; a headless bear assaulting a woman in sixteenth-century England; the possession in the French town of Loudun of an entire convent of Ursuline nuns; a Zulu woman who floated to a height of five feet almost daily; a previously unpublished account of an exorcism in Earling, Iowa, in 1928--an important inspiration for the movie The Exorcist; poltergeist activity at a home in Maryland in 1949--the basis for William Peter Blatty's novel The Exorcist; a Filipina girl "bitten by devils"; and a rare example of a priest's letter requesting permission of a bishop to perform an exorcism--after witnessing a boy walk backward up a wall. Fifty-seven percent of Americans profess to believe in demonic possession; after reading this book, you may too.

Discover the rich and complex history of the peoples of Africa, and the struggles and triumphs of Black cultures and communities around the world. With profiles of key people, movements, and events, The Black History Book brings together accounts of the most significant ideas and milestones in Black history and culture. This vital and thought-provoking ebook presents a bold and accessible overview of the history of the African continent and its peoples - from the earliest human migrations to modern Black communities and the African diaspora. Powerful images and innovative infographics bring to life the stories of the early kingdoms of Ancient Egypt, Nubia, and Carthage; the powerful empires of the Medieval and Early Modern eras; and the struggle against European colonizers. Black history and culture beyond the African continent is also explored in detail - including the Atlantic Slave Trade; the quilombos (slave resistance camps) of Brazil; the Harlem Renaissance and Jazz Age; the "Windrush" migration; Civil Rights and Black feminist movements; and Black Lives Matter. Using the "Big Ideas" series' trademark combination of authoritative, accessible text and bold graphics, The Black History Book examines the achievements and struggles of Black communities across the world up to the modern day, as well as the influence of Black cultures on art, literature, and music the world over.

Ancient Egyptso familiar and yet so distant. In this new compendium in the popular Seventy series, an international team of Egyptologists and archaeologists probes the most compelling mysteries in the light of recent research and discoveries. First, there are the puzzles that set the ancient Egyptians apart from other cultures. Where did these people come from originally, and why did they believe their king was a god? Why did they mummify their loved ones in deathand then write letters to them? Some mysteries revolve around Egypt's relations with other peoples such as the lost African kingdoms of Yam and Punt, the Israelites and their exodus to the Promised Land, or the Sea People warriors of the ancient Mediterranean. Even today, Egyptologists continue to unearth new mysteries: evidence that Tutankhamun was murdered, unexplained shafts inside the Great Pyramid that seem to align with the stars, and a massive mausoleum built for the sons of Rameses II. All the famous people and places of ancient Egypt are discussedRameses the Great, Cleopatra, Akhenaten, the Great Pyramid, the Valley of the Kingsas well as fascinating but shadowy figures such as Senenmut, Smendes, and Khababash. Hundreds of evocative photographs and specially commissioned diagrams, maps, plans, and reconstructions complement the intriguing texts. 420 illustrations, 354 in color.

Fifteen Hundred Years of Supernatural Encounters

"It is not enough to have a good mind: it is more important to use it well" René Descartes was a central figure in the scientific revolution of the seventeenth century. In his Discourse on Method he outlined the contrast between mathematics and experimental sciences, and the extent to which each one can achieve certainty. Drawing on his own work in geometry, optics, astronomy and physiology, Descartes developed the hypothetical method that characterizes modern science, and this soon came to replace the traditional techniques derived from Aristotle. Many of Descartes' most radical ideas—such as the disparity between our perceptions and the realities that cause them—have been highly influential in the development of modern philosophy. This edition sets the Discourse on Method in the wider context of Descartes' work, with the Rules for Guiding One's Intelligence in Searching for the Truth (1628), extracts from The World (1633) and selected letters from 1636-9. A companion volume, Meditations and Other Metaphysical Writings, is also published in Penguin Classics.

The 100 biographies included here give voice not only to ancient Egypts rulers but also to the people who built the great monuments, staffed government offices, farmed, served in the temples, and fought to defend the countrys borders. Illustrated.

"The fifth revised edition was published in Great Britain as The new Penguin history of the world by Penguin Press/Allen Lane, 2012"--Title page verso.

Nobel laureate Naguib Mahfouz reaches back millennia to his homeland's majestic past in this enchanting collection of early tales that brings the world of ancient Egypt face to face with our own times. From the Predynastic Period, where a cabal of entrenched rulers banish virtue in jealous defense of their status, to the Fifth Dynasty, where a Pharaoh returns from an extended leave to find that only his dog has remained loyal, to the twentieth century, where a mummy from the Eighteenth Dynasty awakens in fury to reproach a modern Egyptian nobleman for his arrogance, these five stories conduct timeless truths over the course of thousands of years. Summoning the power and mystery of a legendary civilization, they examplify the artistry that has made Mahfouz among the most revered writers in world literature. Translated by Raymond Stock

The Book of the Dead

How a Lost Civilization was Rediscovered

The Race to Decode the Rosetta Stone

Selections from one of the greatest essayists of the Graeco-Roman world Plutarch used an encyclopedic knowledge of the Roman Empire to produce a compelling and individual voice. In this superb selection from his writings, he offers personal insights into moral subjects that include the virtue of listening, the danger of flattery and the avoidance of anger, alongside more speculative essays on themes as diverse as God's slowness to punish man, the use of reason by supposedly "irrational" animals and the death of his own daughter. Brilliantly informed, these essays offer a treasure-trove of ancient wisdom, myth and philosophy, and a powerful insight into a deeply intelligent man. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

In A History of Egypt, Jason Thompson has written the first one-volume work to encompass all 5,000 years of Egyptian history, highlighting the surprisingly strong connections between the ancient land of the Pharaohs and the modern-day Arab nation. No country's past can match Egypt's in antiquity, richness, and variety. However, it is rarely presented as a comprehensive panorama because scholars tend to divide it into distinct eras—prehistoric, pharaonic, Greco-Roman, Coptic, medieval Islamic, Ottoman, and modern—that are not often studied in relation to one another. In this daringly ambitious project, drawing on the most current scholarship as well as his own research, Thompson makes the case that few if any other countries have as many threads of continuity running through their entire historical experience. With its unprecedented scope and lively and readable style, A History of Egypt offers students, travelers, and general readers alike an engaging narrative of the extraordinarily long course of human history by the Nile.

In this book, philosopher Paul Brunton (1898-1981) encounters the mysteries and magic of Egypt in the 1930s, including an eerie yet illuminating night spent alone inside the Great Pyramid. Alongside his explorations of ancient Egypt's monuments and gods, Brunton encounters a variety of occultists, fakirs, and dervishes, and even manages to become initiated into the deadly art of snake charming. His frank interviews with Muslim leaders remain relevant today, and his description of the Hajj reflects the beauty and inspiring faith of Mohammad's true followers. Brunton's journey to discover the furthest reaches of what the mind and body are capable of--and to distinguish various forms of yoga and magic from true spirituality--lead him to the myth of Osiris and to the mystery that is the Sphinx itself. In the end, Brunton turns his attention to his own spiritual path, connecting all of his experiences into a single discovery: that we are more than the body and that the freedom of our spirit can be experienced here and now. This new edition has been updated to incorporate Brunton's final revisions and includes an introduction by the Paul Brunton Philosophic Foundation. "Paul Brunton was a great original and got to a place of personal evolution that illumines the pathways of a future humanity." --Jean Houston, author of A Passion for the Possible and A Mythic Life "Any serious man or woman in search of spiritual ideas will find a surprising challenge and an authentic source of inspiration and intellectual nourishment in the writings of Paul Brunton."--Jacob Needleman, author of What is God?

The celebrated, revolutionary novel from a pioneering Egyptian writer Tawfiq al-Hakim, now for the first time in Penguin Classics with a foreword by Egyptian writer Alaa Al-Aswany First published in Arabic in 1933, Egyptian playwright and novelist Tawfiq Al-Hakim's Return of the Spirit follows a patriotic young Egyptian and his extended family as they grapple with the events leading up to the 1919 Egyptian revolution. Though often cited as an apprenticeship novel in the vein of Joyce's A Portrait of the Artist as a Young Man with a touch of failed romance a la Goethe's Sorrow of Young Werther, Al-Hakim's classic is most recognized for being a trailblazing political novel that illustrates the way one man's spiritual awakening ties to a political awakening of a nation. While enthusiasm for the book was stifled in the mid-20th century due to a shift in Egyptian government rule, the 2011 Tahrir revolution in Egypt caused it to be examined anew as a strong expression of nationalist solidarity and an exposé of the heritage-stripping power of Western colonialism that resonates with 21st-century Egyptians. Return of the Spirit is considered Al-Hakim's most important novel despite writing more plays than novels, and his adept understanding of class and culture within Egyptian society has cemented his place as one of the country's most celebrated writers and cultural critics.

The Black History Book

Voices from the Other World

The walking dead from 15 centuries haunt this compendium of ghostly visitations through the ages, exploring the history of our fascination with zombies and other restless souls. Since ancient times, accounts of supernatural activity have mystified us. Ghost stories as we know them did not develop until the late nineteenth century, but the restless dead haunted the premodern imagination in many forms, as recorded in historical narratives, theological texts, and personal letters. The Penguin Book of the Undead teems with roving hordes of dead warriors, corpses trailed by packs of barking dogs, moaning phantoms haunting deserted ruins, evil spirits emerging from burning carcasses in the form of crows, and zombies with pestilential breath. Spanning from the Hebrew scriptures to the Roman Empire, the Scandinavian sagas to medieval Europe, the Protestant Reformation to the Renaissance, this beguiling array of accounts charts our relationship with spirits and apparitions, wraiths and demons over fifteen hundred years, showing the evolution in our thinking about the ability of dead souls to return to the realm of the living—and to warn us about what awaits us in the afterlife. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and

notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

"From the Bible through Dante and up to Treblinka and Guantánamo Bay, here is a rich source for nightmares." --The New York Times Book Review *Three thousand years of visions of Hell, from the ancient Near East to modern America From the Hebrew Bible's shadowy realm of Sheol to twenty-first-century visions of Hell on earth, The Penguin Book of Hell takes us through three thousand years of eternal damnation. Along the way, you'll take a ferry ride with Aeneas to Hades, across the river Acheron; meet the Devil as imagined by a twelfth-century Irish monk—a monster with a thousand giant hands; wander the nine circles of Hell in Dante's Inferno, in which gluttons, liars, heretics, murderers, and hypocrites are made to endure crime-appropriate torture; and witness the debates that raged in Victorian England when new scientific advances cast doubt on the idea of an eternal hereafter. Drawing upon religious poetry, epics, theological treatises, stories of miracles, and accounts of saints' lives, this fascinating volume of hellscape illuminates how Hell has long haunted us, in both life and death.*

Reproduction of the original: *The Book of the Dead* by E. A. Wallis Budge

'Man perishes; his corpse turns to dust; all his relatives pass away. But writings make him remembered' In ancient Egypt, words had magical power. Inscribed on tombs and temple walls, coffins and statues, or inked onto papyri, hieroglyphs give us a unique insight into the life of the Egyptian mind. Egyptologist Toby Wilkinson has freshly translated a rich and diverse range of ancient Egyptian writings into modern English, including tales of shipwreck and wonder, obelisk inscriptions, mortuary spells, funeral hymns, songs, satires and advice on life from a pharaoh to his son. Spanning over two millennia, this is the essential guide to a complex, sophisticated culture. Translated with an Introduction by Toby Wilkinson

Flaubert in Egypt

Big Ideas Simply Explained

Religion and Magic in Ancient Egypt

The History of the World

A History of Egypt

For more than 3,000 years, Egypt was a great civilization that thrived along the banks of the Nile River. But when its cities crumbled to dust, Egypt's culture and the secrets of its hieroglyphic writings were also lost. The Pharaohs of Ancient Egypt explains how archaeologists have pieced together their discoveries to slowly reveal the history of Egypt's people, its pharaohs, and its golden days.

Hatshepsut – her daughter of a general who usurped Egypt's throne – was born into a privileged position in the royal household, and she was expected to bear the sons who would legitimize the reign of her father's family. Her failure to produce a male heir was ultimately the twist of fate that paved the way for her improbable rule as a cross-dressing king. At just over twenty, Hatshepsut ascended to the rank of pharaoh in an elaborate coronation ceremony that set the tone for her spectacular reign as co-regent with Thutmose III, the infant king whose mother she out-maneuvered for a seat on the throne. A master strategist, Hatshepsut successfully negotiated a path from the royal nursery to the very pinnacle of authority, and her reign saw one of Ancient Egypt's most prolific building periods.

Flaubert's unforgettable memoirs of travels abroad At once a classic of travel literature and a penetrating portrait of a “sensitivity on tour,” Flaubert in Egypt wonderfully captures the young writer's impressions during his 1849 voyages. Using diaries, letters, travel notes, and the evidence of Flaubert's traveling companion, Maxime Du Camp, Francis Steegmuller reconstructs his journey through the bazaars and brothels of Cairo and down the Nile to the Red Sea. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

What is history and how should it be written? This important new anthology, translated and edited by Professor John Marincola, contains all the seminal texts that relate to the writing of history in the ancient world. The study of history was invented in the classical world. Treading uncharted waters, writers such as Plutarch and Lucian grappled with big questions such as how history should be written, how it differs from poetry and oratory, and what its purpose really is. This book includes complete essays by Dionysius, Plutarch and Lucian, as well as shorter pieces by Pliny the Younger, Cicero and others, and will be an essential resource for anyone studying history and the ancient world.

A Sensibility on Tour

A collection of rare texts from Ancient Egypt, newly translated for this essential edition The fascination that Ancient Egypt holds in our minds has many sources, but at the heart of it lie hieroglyphics. This extraordinary writing system was for many years seen as the ultimate puzzle, before finally being cracked in the 1820s. Preserved carved in stone or inked on papyri, hieroglyphic writings gave a unique insight into an awe-inspiring but also deeply mysterious culture. For this collection, Toby Wilkinson has translated a rich selection of pieces, ranging from accounts of battles to hymns to stories to royal proclamations. Entertaining and revelatory, this is an essential resource for studying one of humankind's great civilizations. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

From Herodotus's day to the present political upheavals, the steady flow of the Nile has been Egypt's heartbeat. It has shaped its geography, controlled its economy and moulded its civilisation. The same stretch of water which conveyed Pharaonic battleships, Ptolemaic grain ships, Roman troop-carriers and Victorian steamers today carries modern-day tourists past bankside settlements in which rural life – fishing, farming, flooding – continues much as it has for millennia. At this most critical juncture in the country's history, foremost Egyptologist Toby Wilkinson takes us on a journey up the Nile, north from Lake Victoria, from Cataract to Cataract, past the Aswan Dam, to the delta. The country is a palimpsest, every age has left its trace: as we pass the Nilometer on the island of Elephantine which since the days of the Pharaohs has measured the height of Nile floodwaters to predict the following season's agricultural yield and set the parameters for the entire Egyptian economy, the wonders of Giza which bear the scars of assault by nineteenth-century archaeologists and the modern-day unbridled urban expansion of Cairo – and in Egypt's earliest art (prehistoric images of fish-traps carved into cliffs) and the Arab Spring (fought on the bridges of Cairo) – the Nile is our guide to understanding the past and present of this unique, chaotic, vital, conservative yet rapidly changing land.

In ancient Egypt women enjoyed a legal, social and sexual independence unrivalled by their Greek or Roman sisters, or in fact by most women until the late nineteenth century. They could own and trade in property, work outside the home, marry foreigners and live alone without the protection of a male guardian. Some of them even rose to rule Egypt as ‘female kings’. Joyce Tyldesley's vivid history of how women lived in ancient Egypt weaves a fascinating picture of daily life – marriage and the home, work and play, grooming and religion – viewed from a female perspective, in a work that is engaging, original and constantly surprising.

From the winner of the Nobel Prize for Literature and author of the Cairo Trilogy, comes Akhenaten, a fascinating work of fiction about the most infamous pharaoh of ancient Egypt. In this beguiling novel, originally published in Arabic in 1985, Mahfouz tells with extraordinary insight the story of the "heretic pharaoh," or "sun king,"--the first known monotheistic ruler--whose iconoclastic and controversial reign during the 18th Dynasty (1540-1307 B.C.) has uncanny resonance with modern sensibilities. Narrating the novel is a young man with a passion for the truth, who questions the pharaoh's contemporaries after his horrible death--including Akhenaten's closest friends, his most bitter enemies, and finally his enigmatic wife, Nefertiti--in an effort to discover what really happened in those strange, dark days at Akhenaten's court. As our narrator and each of the subjects he interviews contribute their version of Akhenaten, "the truth" becomes increasingly evanescent. Akhenaten encompasses all of the contradictions his subjects see in him: at once cruel and empathic, feminine and barbaric, mad and divinely inspired, his character, as Mahfouz imagines him, is eerily modern, and fascinatingly ethereal. An ambitious and exceptionally lucid and accessible book, Akhenaten is a work only Mahfouz could render so elegantly, so irresistibly.

Lives of the Ancient Egyptians

From Earliest Times to the Present

The Writing of the Gods

A History of Ancient Egypt

The Penguin Book of Exorcisms

Escape This Book! Tombs of Egypt

The ancient Egyptians believed that the Nile – their life source – was a divine gift. Religion and magic permeated their civilization, and this book provides a unique insight into their religious beliefs and practices, from 5000 BC to the 4th century AD, when Egyptian Christianity replaced the earlier customs. Arranged chronologically, this book provides a fascinating introduction to the world of half-human/ half-animal gods and goddesses; death rituals, the afterlife and mummification; the cult of sacred animals, pyramids, magic and medicine. An appendix contains translations of Ancient Egyptian spells.

Norman Mailer's dazzlingly rich, deeply evocative novel of ancient Egypt breathes life into the figures of a lost era: the eighteenth-dynasty Pharaoh Rameses and his wife, Queen Nefertiti; Menenhetet, their creature, lover, and victim; and the gods and mortals that surround them in intimate and telepathic communion. Mailer's reincarnated protagonist is carried through the exquisite gardens of the royal harem, along the majestic flow of the Nile, and into the terrifying clash of battle. An extraordinary work of inventiveness, Ancient Evenings lives on in the mind long after the last page has been turned. Praise for Ancient Evenings "Astounding, beautifully written . . . a leap of imagination that crosses three millennia to Pharaonic Egypt."—USA Today "Mailer makes a miraculous present out of age-deep memories, bringing to life the rhythms, the images, the sensuousness of a lost time."—The New York Times "Mailer's Egypt is a haunting and magical place. . . . The reader wallows in the scope, depth, the sheer magnitude and yes—the fertility of his imagination."—The Washington Post Book World "An enormous pyramid of a novel [reminiscent of] Thomas Pynchon's Gravity's Rainbow and Carlos Fuentes's Terra Nostra."—Los Angeles Herald Examiner Praise for Norman Mailer "[Norman Mailer] loomed over American letters longer and larger than any other writer of his generation."—The New York Times "A writer of the greatest and most reckless talent."—The New Yorker "Mailer is indispensable, an American treasure."—The Washington Post "A devastatingly alive and original creative mind."—Life "Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance."—The New York Review of Books "The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book."—Chicago Tribune "Mailer is a master of his craft. His language carries you through the story like a leaf on a stream."—The Cincinnati Post

Known and loved throughout Egypt as a work that celebrates the national character, Nobel laureate Naguib Mahfouz's Thebes at War tells of a high point in Egyptian history—ancient Egypt's defeat of Asiatic foreigners who had dominated northern Egypt for two hundred years. With a visit from a court official and a provocative insult, the southern pharaoh's long simmering resentment boils over, leading him to commit himself and his heirs to an epic struggle for the throne. Filled with the grand clash of armies, staggering defeats, daring escapes, and glorious victories, and written at a time when Egypt was again under the sway of foreign powers, Thebes at War is a resounding call to remember Egypt's long and noble history.

NEW YORK TIMES BESTSELLER • "Magisterial . . . [A] rich portrait of ancient Egypt's complex evolution over the course of three millenniums."—Los Angeles Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Publishers Weekly In this landmark volume, one of the world's most renowned Egyptologists tells the epic story of this great civilization, from its birth as the first nation-state to its absorption into the Roman Empire. Drawing upon forty years of archaeological research, award-winning scholar Toby Wilkinson takes us inside a tribal society with a pre-monetary economy and decadent, divine kings who ruled with all-too-recognizable human emotions. Here are the legendary leaders: Akhenaten, the "heretic king," who with his wife Nefertiti brought about a revolution with a bold new religion; Tutankhamun, whose dazzling tomb would remain hidden for three millennia; and eleven pharaohs called Ramesses, the last of whom presided over the militarism, lawlessness, and corruption that caused a political and societal decline. Filled with new information and unique interpretations, The Rise and Fall of Ancient Egypt is a riveting and revelatory work of wild drama, bold spectacle, unforgettable characters, and sweeping history. "With a literary flair and a sense for a story well told, Mr. Wilkinson offers a highly readable, factually up-to-date account."—The Wall Street Journal "[Wilkinson] writes with considerable verve. . . . [He] is nimble at conveying the sumptuous pageantry and cultural sophistication of pharaonic Egypt."—The New York Times

The Penguin Historical Atlas of Ancient Egypt

An English Translation of the Chapters, Hymns, Etc., of the Theban Recension, with Introduction, Notes, Etc

The Egyptian Book of the Dead

The Penguin Book of Hell

11 carefully chosen stories provide a revealing glimpse into the lives and culture of the ancient Egyptians. Intended for a general reading public as well as serious students of Egyptology.

The first major literary presentation of Nostradamus's Prophecies, newly translated and edited by prizewinning scholars The mysterious quatrains of the sixteenth-century French astrologer Nostradamus have long proved captivating for their predictions. Nostradamus has been credited with anticipating the Great Fire of London, the rise of Adolf Hitler, and the September 11 terrorist attacks. Today, as the world grapples with financial meltdowns, global terrorism, and environmental disasters—as well as the Mayan prediction of the apocalypse on December 21, 2012—his prophecies of doom have assumed heightened relevance. How has The Prophecies outlasted most books from the Renaissance? This edition considers its legacy in terms of the poetics of the quatrains, published here in a brilliant new translation and with introductory material and notes mapping the cultural, political, and historical forces that resonate throughout Nostradamus's epic, giving it its visionary power. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

From its humble origins as a cluster of rival chiefdoms along the banks of the Nile, ancient Egypt rose to become one of the most advanced civilizations of its time. This atlas traces its turbulent history and remarkable cultural development, from the founding of Memphis around 5000 BC, through the territorial expansion and flourishing trade of the 'age of empire', to Greek domination and ultimate collapse. Political rivalries are charted through the successive dynasties, from the strife of the intermediate periods to the golden ages of prosperity and artistic glory under Akhenaten, Tutankhamun and Ramesses II. The latest archaeological evidence is used to cast new light on the vast architectural legacy of the world's first great nation state. The authoritative narrative, illustrated with over sixty full colour maps and over seventy plates, makes this an indispensable handbook for history students and enthusiasts alike.

Daughters of Isis

An English Transl. of the Chapters, Hymns, Etc., of the Theban Recension, with Introd., Notes, Etc
