(Book). Gretsch electric guitars have a style all their own a glitzy, wacky, retro charm that over the years has drawn players from all kinds of popular music, from timeless stars to unknown teens. The Beatles, Chet Atkins, Duane Eddy, and

Brian Setzer all made their mark with Gretsch, and new bands continually discover and fall in love with the Falcons, Gents, 6120s, Jets, and the rest. The Gretsch Electric Guitar Book comes right up to the present, including Gretsch's alliance to the powerful Fender company, a move that has done wonders for the reliability and playability of the modern Gretsch axe. Every great model is here, but the book also tells the story of the lesser-known guitars and the projects that almost never happened. There are archival and fresh interviews with Gretsch personnel over the years and with many leading Gretsch players, including Chet Atkins, Billy Duffy, Duane Eddy, and Brian Setzer. In the tradition of Tony Bacon's best-selling series of guitar books, his updated and revised story of Gretsch is three great volumes in one: a compendium of luscious pictures of the coolest guitars; a gripping story from early exploits to the most recent developments; and a detailed collector's guide to every production electric Gretsch model ever made.

Written by an expert of the ins and outs of viticulture in Burgundy and many other areas of the world, this new volume showcases the wine-growing culture of Burgundy. Sustainable Viticulture: The Vines and Wines of Burgundy covers the rich history and culture of the wine growing tradition of the region. The author, who has worked as a viticulturist in Burgundy, Switzerland, Germany, California, Australia, New Zealand and South Africa, tells the epic story of Burgundy, a 2000-year adventure with its ups and downs. The oldest vineyard discovered by archaeologists dates back to the first century A.D. By the third century, Burgundy wines were already famous in the Roman Empire. Burgundy was a powerful

state in the 15th century, which was also a golden age for its viticulture. The book covers: the red and white cultivars that are to be found in Burgundy the Appellations Contrôlées system the tasks the wine grower performs during the year the social life of wine growers the scourges the wine grower fears how religion has played a part in the history of viticulture the factors that contributed to making Burgundy wines famous what new challenges growers are facing today In this entertaining and informative book, the author's approach to viticulture reconciles the present, the past, and the future. The volume will appeal to wine buffs as much as it does to readers who wish to learn about viticulture. It's a serious book that doesn't take itself seriously.

No woman can resist this Winston. The New York Times bestselling author of Wild "writes about real people you'll fall in love with" (Stella Cameron). You met Joe Winston in Lori Foster's Wild. Now, the Winston brothers' seductive, bad-boy cousin is back and up against a woman who's immune

to his considerable charms—or so it seems . . . Irresistible force—meet immovable object Joe Winston has a routine with women: he exists; they swoon; roll credits. With his smoldering looks, macho style, and irrepressible charm, Joe can have any woman—except the one he really wants. Secretly, Luna Clark may lust after Joe, but she’s made it clear that she’s too smart to fall for him. He can just keep holding his breath, thank you very much. But now, Luna’s inherited two kids who need more than she alone can give in a small town that seems hell-bent on driving them away. She needs someone to help out . . . someone who can’t be intimidated . . . someone just like Joe. Becoming an instant family wasn’t exactly what Joe had in mind, but hey, it’s a start, and you can’t blame a guy for trying every angle. After all, where there’s a Joe, there’s a way . . . straight into a woman’s heart. In 1922, at the age of two, Petey's distraught parents commit him to the state's insane asylum, unaware that their son is actually suffering from severe cerebral palsy. Bound by his wheelchair and struggling to communicate with the people around him, Petey finds a way to remain kind and generous despite the horrific conditions in his new "home." Through the decades, he befriends several caretakers but is heartbroken when each eventually leaves him. Determined not to be hurt again, he vows to no longer let hope of lifelong friends and family torment him. That changes after he is moved into a nursing home and meets a young teen named Trevor Ladd; he sees something in the boy and decides to risk friendship one last time. Trevor, new to town and a bit of a loner, is at first weary of the old man in the wheelchair. But after hearing more of his story, Trevor learns that there is much more to Petey than meets the eye. Petey is a touching story of friendship, discovery, and the uplifting power of the human spirit.

How low can you go? The 5-string bass stretches the limits of normal bass playing to give you notes that are needed for many styles of contemporary music---including gospel, Latin, funk, metal, and pop. This book teaches you how to incorporate the 5th string into all these styles and more. You'll learn how the 5th string can open up new fingering possibilities and allow you to play a wider range of pitches economically---without moving your left hand up and down the neck. Opening your mind to these new possibilities is just a start; the bottom line of playing 5-string is playing notes you can really feel! All examples are notated in both standard music notation and TAB, and the CD included with the book allows you to hear the examples and play along.

From a New York Times–bestselling author: In fifteenth-century Scotland, an embattled knight meets his fate in a young beauty fleeing for her life. Eric Murray was the youngest of his brothers, determined to gain his rightful inheritance after thirteen years of bitter dispute with his father’s family. Starting out alone to confront his tight-fisted kinsmen, he encountered a chestnut-haired beauty set upon by thieves. When she begged for Eric’s protection for herself and her infant nephew, Eric promised to deliver them to the safety of her family. Bethia Drummond desperately tried to ignore her attraction to the azure-eyed stranger. Still, Eric Murray was Bethia’s only hope of escaping her ruthless kin who planned to kill her and her orphaned nephew, and claim their inherited land. Then Bethia learned that Eric, too, was seeking land and coin from his own kin—her family’s closest allies. How could she love a man she might one day be forced to stand against? And yet she could not ignore what her troubled heart knew—that this proud knight had more than inspired her deepest passions, he had become her very destiny.

Hundreds of powerful chants to bring you health, wealth, and happiness! Written and compiled by one of the foremost authorities on the occult, *The Magick of Chant-O-Matics* gives you nearly 300 chants to help you gain power, money, health, love, protection from evil—virtually anything you need. As Buckland demonstrates, the power to achieve what we want lies dormant in all of us, and even the simplest chant can act as a catalyst to draw it out. Want to get a better job, or that raise you deserve? End overeating, smoking, and other bad habits? Solve a family problem? Be irresistible to the opposite sex? When you follow the simple steps Dr. Buckland outlines, attaining them is almost automatic. Buckland provides scores of examples of how chants helped real-life modern-day people to successfully use the power or rhythm, rhyme, and the spoken word to achieve their goals.

Thousands of years ago, the High Priests of Egypt performed a special rite called a Final Initiation. Many of these secret ceremonies took place at the Great Pyramid, where initiates performed sacred rituals involving breathing, meditating, and chanting. Afterwards, the students were ready to enter the world as healers. The author of *Ancient Teachings for Beginners*, Douglas De Long demonstrates how to perform this Final Initiation rite and other methods for advancing one's psychic and healing abilities. These techniques-involving energy healing, chakra work, color, chanting, breathing-are designed to help one achieve spiritual, emotional, and physical well-being.

Optically stimulated luminescence (OSL) dating has proven to be extremely useful for establishing the Late Quaternary chronological framework in many areas of the Brazilian territory. In this region dominated by tropical climate, OSL dating can be more extensively applied than radiocarbon dating due to the generally low potential for the preservation of organic matter in sedimentary samples. This problem is especially critical in areas of the Amazonian lowlands, because of the hot climate and high precipitation rates. The abundance of quartz grains deposited in fluvial and aeolian environments over this region favours OSL dating. More than 20 years of continuous and collaborative work has resulted in the creation of an extensive OSL age database for Late Quaternary sedimentary deposits in the Amazonian lowlands. This effort has contributed to improving the paleoenvironmental and paleoclimatic reconstructions of this region within this period. This book discusses the state of art of OSL dating of Late Quaternary deposits in the Amazonian lowlands, focusing on providing an introduction to dating principles using OSL, and defining the application of OSL techniques as a dating method. It also offers a statistical study and calculation of equivalent dose and annual dose rates, details the sampling and experimental apparatus, and considers the difficulties and adaptation techniques in dating Late Quaternary strata in the Amazonian lowlands.

Can bitter rivals come to love each other? Fighting deep prejudice against her femininity, her choice of vehicle, and even her heritage, Camara Cole is determined to win the mud-bog racing championship this year. Her biggest competition seems also to be her worst enemy. Chase Lamar has been racing mud-boggers as long as Camara, and he grudgingly admits she's the best driver-mechanic he knows. Their rivalry has been long and bitter. But Chase is a new

Gamelan is the first study of the music of Java and the development of the gamelan to take into account extensive historical sources and contemporary cultural theory and criticism. An ensemble dominated by bronze percussion instruments that dates back to the twelfth century in Java, the gamelan as a musical organization and a genre of performance reflects a cultural heritage that is the product of centuries of interaction between Hindu, Islamic, European, Chinese, and Malay cultural forces. Drawing on sources ranging from a twelfth-century royal poem to the writing of a twentieth-century nationalist, Sumarsam

He then turns to accounts of gamelan theory and practice from the colonial and postcolonial periods. Finally, he presents his own theory of gamelan, stressing the relationship between purely vocal melodies and classical gamelan composition.
