"The Perfect Motorcycle" provides the definitive, step-by-step process any motorcyclist can use to identify, find, and purchase the right bike. The book's practical advice and proven techniques are accompanied by invaluable worksheets that save time and money.

With "an unforgettable cast of characters" (W.E.B. Griffin) and nonstop action, Mike Maden's Drone kicks off an explosive thriller series exploring the hard realities of drone warfare. Troy Pearce is the CEO of Pearce Systems, a private security firm specializing in drone technologies. A former CIA SOG operative, Pearce used his intelligence and combat skills to hunt down America's enemies—until he opted out, having seen too many friends sacrificed for political expediency. Now Pearce and his team choose which battles they will take on. Pearce is done with the United States government for good, until a pair of drug cartel hit men assault a group of American students on American soil. New U.S. president Margaret Myers secretly authorizes Pearce Systems to locate and destroy the killers wherever they are. Now Pearce and his team are in a showdown with the hidden powers behind the El Paso attack—unleashing a host of unexpected repercussions.

FROM THE BLOG OF CAM WALKER Our biology teacher, Mr. Mora, had been planning an ultra-cool field trip to Willow Key (which is kind of like the Everglades). One humongous problem: We couldn't raise enough money for our class to go. But then the richest guy in town, Mr. Chapman Thorpe, made us a proposal that changed everything. So we got to go to Willow Key (in an awesome seaplane!) and while down there we got to: **1 DIVE THE WRECK OF A SPANISH GALLEON AND FIND SOME CLUES TO A LONG-LOST TREASURE 2 HELP MR. MORA WITH HIS BOIMASS STUDY AND HELP PROTECT THE ENVIRONMENT OF WILLOW KEY 3 DISCOVER A HUGE SECRET ABOUT OUR FRIEND TY** oh, and I probably should mention that we ran into a bunch of really bad dudes who tried to prevent us from ever leaving Willow Key. But I'm getting ahead of myself....

Comprehensive Materials Processing provides students and professionals with a one-stop resource consolidating and enhancing the literature of the materials processing and manufacturing universe. It provides authoritative analysis of all processes, technologies, and techniques for converting industrial materials from a raw state into finished parts or products. Assisting scientists and engineers in the selection, design, and use of materials, whether in the lab or in industry, it matches the adaptive complexity of emergent materials and processing technologies. Extensive traditional article-level academic discussion of core theories and applications is supplemented by applied case studies and advanced multimedia features. Coverage encompasses the general categories of solidification, powder, deposition, and deformation processing, and includes discussion on plant and tool design, analysis and characterization of processing techniques, high-temperatures studies, and the influence of process scale on component characteristics and behavior. Authored and reviewed by world-class academic and industrial specialists in each subject field Practical tools such as integrated case studies, user-defined process schemata, and multimedia modeling and functionality Maximizes research efficiency by collating the most important and established information in one place with integrated applets linking to relevant outside sources

American married couple Dave and Amy Johnson go on a much-needed surf vacation to Costa Rica. A fateful chain of events, and the temptation of early retirement in paradise combine to draw them into the deadly world of international cocaine smuggling. Cocaine-smuggling submarines, illegal longline fishermen, sharks, Leatherback Turtles, the U.S. Navy, drug cartels, corrupt government officials, helicopter

dogfights, shoulder-fired missiles, gunfights, a monster bull, high-performance motocross bikes, giant wave surfing and more come into play as the Johnsons traverse the exotic landscapes of Costa Rica in an epic fight to survive when circumstances take a dark turn. Will their black belts in the Korean martial art of Taekwondo make the difference as the Johnsons are pursued by lethal assassins that include a professional Mexican luchador, a Brazilian Capoeira death match fighter and a machete-wielding Nicaraguan Contra guerilla? Nonstop action and nail-biting cliff hangers abound as the Johnsons' travails take them from Playa Grande, to Ollie's Point, to the Arenal Volcano and points in between. Early Retirement in Costa Rica is the perfect pulp fiction-meets-action adventure reading for your vacation getaway!
