Poetry. Asian American Studies. Winner of the 2005 December Prize. Reading Tao Lin is like looking the wrong way down Frank O'Hara's ear trumpet at a 21st century Mayakovski IM-ing Lili Brik. This book is fun, smart, manic and ecstatic; it puts on a clean shirt before it loads the gun. "YOU ARE A LITTLE BIT HAPPIER THAN I AM has the energy and oddness of a thing that is rising very fast that is not supposed to be rising, or that is supposed to be rising but for a moment you forget that, and for a moment this ordinary thing looks very strange and exciting"--Deb Olin Unferth. People are too busy to trade their time to see another financial professional, all of whom look alike - so they believe. Clients screen calls. Prospects make excuses. Many hang up. Some politely just say no. But a no is a no - shrinking your potential success. Is it worse today than years past? Yes! A dramatic change has occurred. Prospects are becoming harder to access and clients harder to keep loyal. If you remain asleep at the wheel, the damage will be irreversible. That's a

hefty price to pay for not knowing the new rules for prospect attraction. In his latest book, Robert Krumroy delivers the new psychology for building deep client loyalty and creating a compelling personal prospect attraction for the financial professional. You will be introduced to the new prospect-attraction model, turning the old rules of engagement on their ear. "Many advisors think that prospect attraction is defined as sending pre-approach letters to initiate their introduction," he observes. "Some think it is perfecting their elevator speech. Others think it is their phone approach. Some think it's their quarterly financial newsletter. Some think it's about specializing. But it's none of these. It's about how you add unique and relevant texture to your prospect's personal world." Krumroy describes step by step how to become "a little bit famous" in your local market, sharing unique approaches for cutting through the skepticism prevalent among consumers today to gain welcomed access when requesting appointments or soliciting referrals. He explains what works and what doesn't through dozens of examples and true stories. This is the book that shows you:

- Where to find the most approachable affluent prospects
- How to heighten your prospect's awareness for you in ways that attract them to you.
- How to establish a business characteristic uniqueness that trumps the competition.
- How to engage meaningful prospect connection strategies, building competitive

preference for you within your market. · How to solve the "getting in" problem with affluent prospects, ones that you thought were impossible to access. · How to avoid ineffective marketing methods still being promoted today. Prospect attraction begins by delivering an experience that is creative, distinctive, and personally relevant. Attraction is not your product, nor your planning process. It's not even most differentiation strategies. Today's prospect wants more. They want YOU to be a "little bit FAMOUS!"

Did you know that you have a little bit of dinosaur in you? And it's your mother's fault. She fed you that cheese sandwich, which had a calcium atom that used to be in the bones of a T-rex. This humorous story follows a calcium atom as it journeys from dry bones to your jawbone! Inspired by U.S. environmentalist Aldo Leopoldo, this story follows a little bit of dinosaur , a calcium atom , as it travels over time from a dinosaur to a child. In his 1949 classic, A Sand County Almanac, Leopoldo beautifully discussed how man and nature are interconnected. This amazing circle of life is illustrated with humour and a touch of empathy. Sisters Elleen Hutcheson and Darcy Pattison team up to bring Leopoldo's circle of life to kids. Hutcheson is a high school biology teacher; five of Pattison's picture books have been named NSTA Outstanding Science Trade Books. Each is shaking her finger at their mother wondering why she fed them that cheese sandwich.

Logan has always been a stay-at-home bunny, too scared to join his best friend Luna in her adventures; but one day after she has stormed out he works up the courage to follow her--and when he finds that she is in trouble he even has the courage to save her.

An uplifting, lighthearted, and compelling memoir that recounts the author's lifelong spiritual journey. The grief from the passing of his mom is transformed to gratitude, forgiveness, and joy as he moves along the healing path with the help of his dog, Roy. Along the way, the author, Daniel Hertz, becomes a devoted meditation practitioner and an award-winning teacher and counselor. A pivotal part of the journey is a nearly monthlong stay at a mountain shrine in India where Hertz meets a swami who eventually arranges his marriage. The story merges lively classroom scenes from his thirty-one years as a teacher and counselor in the Minneapolis Public Schools with his twenty-six-year adventure as a student and faculty member at the Meditation Center in Minneapolis. Looking back over his life, Hertz sees that true healing began when he accepted that the one thing in life certain to happen is change.

An authentic coming-of-age story about finding magic in the every day--perfect for fans of Rebecca Stead, Joan Bauer, and Wendy Mass. Olivia and her mom have just moved in with her grandmother, and Olivia

has exactly zero friends at her new school. But after a strange message on the bathroom wall of a café catches her eye, Olivia decides that Birmingham, Alabama, may be a little more interesting than it seems. So begins a search for answers that takes her all over the city. Luckily, her mission isn't solitary for long, thanks to her newfound friendship with Amelia, a girl just odd enough to be intriguing. What the girls discover isn't the earth-shattering revelation they were hoping for, but it may be just as compelling. After all, sometimes the journey really is more important than the destination. Especially when it leads you back home.

**Books end but life goes on. Sometimes, we genuinely like books, but sometimes, we go through them just to kill time. Some books are like fireflies. They light our way in dark times. They give us power to live. They make us analyze, revive, and then identify all that is beautiful in life. And that beauty can ultimately be our destiny. Reserve a little corner for them in your heart so that the life you deserve never falls apart. You are the author of your life's story. Believe in yourself and take charge. Or her appearance on Pat Robertson's *The 700 Club*? *Kristin* is a wonderful collection of contradictions -- but everyone who's ever met her remembers her as the little girl with the big voice. At four foot eleven, Kristin Chenoweth is an immense talent in a petite but powerful package. In this lively, laugh-out-loud book, Kristin shares her journey from Oklahoma beauty queen to Broadway leading lady, reflecting on how faith and family have kept her grounded in the dysfunctional rodeo of show biz. The daughter of an engineer and a nurse, Kristin was singing in front of thousands at Baptist conventions by age twelve and winning beauty pageants by age twenty-two. (Well, actually she was second runner-up almost every freaking time. But, hey, she's not bitter.) On her way to a career as a professional opera singer, she stopped in New York to visit a friend and went on a whim to an audition. Through a combination of talent, hard work, and (she's quick to add) the grace of God, Kristin took Broadway by storm. But of course, into every storm, the occasional drizzle of disaster must fall. Filled with wit, wisdom, and backstage insight, *A Little Bit Wicked* is long on love and short on sleep; it's essential reading for Kristin's legions of fans and an uplifting story for anyone seeking motivation to follow his or her dreams -- over the rainbow and beyond.
