Gorgeous artwork by Italian illustrator Sara Ugolotti depicts dragons, forests, pirates, merfolk, lollipop trees, lemonade tides, and more as a child journeys through page upon page of the written word.

Now a Lifetime series! “Hypnotic and scary.” —Stephen King “I am RIVETED, AGHAST, AROUSED, you name it. The rare instance when prose and plot are equally delicious.” —Lena Dunham From debut author Caroline Kepnes comes You, one of Suspense Magazine’s Best Books of the Year, and a brilliant and terrifying novel for the social media age. When a beautiful, aspiring writer strides into the East Village bookstore where Joe Goldberg works, he does what anyone would do: he Googles the name on her credit card. There is only one Guinevere Beck in New York City. She has a public Facebook account and Tweets incessantly, telling Joe everything he needs to know: she is simply Beck to her friends, she went to Brown University, she lives on Bank Street, and she’ll be at a bar in Brooklyn tonight—the perfect place for a “chance” meeting. As Joe invisibly and obsessively takes control of Beck’s life, he orchestrates a series of events to ensure Beck finds herself in his waiting arms. Moving from stalker to boyfriend, Joe transforms himself into Beck’s perfect man, all while quietly removing the obstacles that stand in their way—even if it means murder. A terrifying exploration of how vulnerable we all are to stalking and manipulation, debut author Caroline Kepnes delivers a razor-sharp novel for our hyper-connected digital age. You is a compulsively readable page-turner that’s being compared to Gone Girl, American Psycho, and Stephen King’s Misery.

A fun, fresh, timely debut novel about the uproarious adventures that befall the Palacio family during their disastrous illegal residence in Trinidad that poignantly captures the complexities of dysfunctional families and passionate (but sometimes messy) romance. After fleeing crumbling, volatile Venezuela, Yola Palacio wants nothing more than to settle into a peaceful new life in Trinidad with her family. And who cares if they’re there illegally—aren’t most of the people on the island? But life for the Palacios is far from quiet—and when Yola’s Aunt Celia dies, the family once again find their lives turned upside down. For Celia had been keeping a very big secret—she owed a LOT of money to a local criminal called Ugly. And without the funds to pay him off, Ugly has the entire family do his bidding until Celia’s debt is settled. What Ugly says, the Palacios do, otherwise the circumstances are too dreadful to imagine. To say that the year that follows is tumultuous for the Palacios is an understatement. But in the midst of the turmoil appears Roman—Ugly’s distractingly gorgeous right-hand man. And although she knows it’s terrible and quite possibly dangerous, Yola just can’t help but give in to the attraction. Where, though, do Roman’s loyalties lie? And could this wildly inappropriate romance just be the antidote to a terrible year of Ugly? Combining the spark of Imbolo Mbue with the irresistible wit of Maria Semple, One Year of Ugly brilliantly explores cross-cultural struggles and assimilation from a unique immigrant perspective and introduces us to an extraordinary new voice in contemporary fiction.

But when the school's elegant art teacher, Elisabeth Dahl, offers Dora a seductive alternative to her traditional domestic life, Dora finds that real change is far from easy. Meanwhile, her precocious only daughter, Cecilia, longs for a more traditional life, especially the formal education her new school can't offer. The New York Times Bestseller What if everything you think you know about addiction is wrong? Johann Hari's journey into the heart of the war on drugs led him to ask this question--and to write the book that gave rise to his viral TED talk, viewed more than 62 million times, and inspired the feature film The United States vs. Billie Holiday and the documentary series The Fix. One of Johann Hari's earliest memories is of trying to wake up one of his relatives and not being able to. As he grew older, he realized he had addiction in his family. Confused, not knowing what to do, he set out and traveled over 30,000 miles over three years to discover what really causes addiction--and what really solves it. He uncovered a range of remarkable human stories--of how the war on drugs began with Billie Holiday, the great jazz singer, being stalked and killed by a racist policeman; of the scientist who discovered the surprising key to addiction; and of the countries that ended their own war on drugs--with extraordinary results. Chasing the Scream is the story of a life-changing journey that transformed the addiction debate internationally--and showed the world that the opposite of addiction is connection.

The #1 NYT bestselling authors Preston & Child bring the true story of the ill-fated Donner Party to new life in this thrilling novel of archaeology, history, murder, and suspense. Nora Kelly, a young curator at the Santa Fe Institute of Archaeology, is approached by historian Clive Benton with a once-in-a-lifetime proposal: to lead a team in search of the so-called "Lost Camp" of the tragic Donner Party. This was a group of pioneers who earned a terrible place in American history when they became snow-bound in the California mountains in 1847, their fate unknown until the first skeletonized survivors stumbled out of the wilderness, raving about starvation, murder-and cannibalism. Benton tells Kelly he has stumbled upon an amazing find: the long-sought diary of one of the victims, which has an enigmatic description of the Lost Camp. Nora agrees to lead an expedition to locate and excavate it-to reveal its long-buried secrets. Once in the mountains, however, they learn that discovering the camp is only the first step in a mounting journey of fear. For as they uncover old bones, they expose the real truth of what happened, one that is far more shocking and bizarre than mere cannibalism. And when those ancient horrors lead to present-day violence on a grand scale, rookie FBI agent Corrie Swanson is assigned the case...only to find that her first investigation might very well be her last.

From four stunning and accomplished French women—a charming bestseller about how to slip into your inner cool and be a Parisienne. In short, frisky sections, these Parisian women give you their very original views on style, beauty, culture, attitude and men. The authors—Anne Berest, Audrey Diwan, Caroline de Maigret, and Sophie Mas—unmarried but attached, with children—have been friends for years. Talented bohemian iconoclasts with careers in the worlds of music, film, fashion and publishing, they are untypically frank and outspoken as they debunk the myths about what it means to be a French woman today. Letting you in on their secrets and flaws, they also make fun of their complicated, often contradictory feelings and behavior. They admit to being snobs, a bit self-centered, unpredictable but not unreliable. Bossy and opinionated, they are also tender and romantic. You will be taken on a first date, to a party, to some favorite haunts in Paris, to the countryside, and to one of their dinners at home with recipes even you could do -- but to be out with them is to be in for some mischief and surprises. They will tell you how to be mysterious and sensual, look natural, make your boyfriend jealous, and how they feel about children, weddings and going to the gym. And they will share their address book in Paris for where to go: At the End of the Night, for A Birthday, for a Smart Date, A Hangover, for Vintage Finds and much more.

A modern-day girl finds herself on the shore of Lake Ontario during the War of 1812, and as she and and Caroline Abbott experience life in this turbulent time, the reader is invited to choose how the twosome might help the Americans beat the British.

Having detailed the agonies of writing a book in his monologue Monster in a Box, Spalding Gray now gives us the monster itself: a convulsively funny, unexpectedly moving novel about a man eternally searching for a moment of protected pleasure even as he is permanently incapable of finding it. Brewster North witnesses his mother’s madness but misses her suicide; searches frantically for enlightenment in the Poconos and zipless sex in India; suffers family ennui in Rhode Island and a nervous breakdown in Amsterdam. In the process he emerges as a hilariously complex everyman. And as Gray narrates his hero’s free fall, he confirms his own stature as one of our funniest, most eccentric, and most engaging storytellers.

There are a lot of personality and intelligence tests out there designed to label you and put you in a particular box. But Dr. Caroline Leaf says there’s much more to you than a personality profile can capture. In fact, you cannot be categorized! In this fascinating book, she takes readers through seven steps to rediscover and unlock their unique design--the brilliantly original way each person thinks, feels, relates, and makes choices--freeing them from comparison, envy, and jealousy, which destroy brain tissue. Readers learn to be aware of what’s going on in their own minds and bodies, to lean in to their own experience rather than trying to forcefully change it, and to redefine what success means to them. Released from the suffocating box of expectations, they’ll embrace their true identity and develop a clear sense of divine purpose in their lives. Knowing and understanding our identity empowers our choices. Unlocking one’s you quotient is not optional--it is essential.

From the author of the New York Times bestseller Before the Fall, an intense, psychological novel about one doctor's suspense-filled quest to unlock the mind of a suspected political assassin: his twenty-year old son. As a rheumatologist, Dr. Paul Allen's specialty is diagnosing patients other doctors have given up on. His son, Daniel Allen has always been a good kid but, as a child of divorce, he is also something of a drifter. Which may be why, at the age of nineteen, he quietly drops out of Vassar and begins an aimless journey across the United States, shedding his former skin and eventually even changing his name. One night, Paul is home with his family when a televised news report announces that the Democratic candidate for president has been shot, and Daniel is the lead suspect. Convinced of his son's innocence Paul begins to trace his sons steps to see where Daniel, or perhaps Paul, went wrong, beginning a harrowing journey--about the responsibilities of being a parent and the capacity for unconditional love in the face of an unthinkable situation--that keeps one guessing until the very end.

In the compulsively readable sequel to her widely acclaimed debut novel, You, Caroline Kepnes weaves a tale that Booklist calls "the love child of Holden Caulfield and Patrick Bateman."
In Hidden Bodies, the basis for season two of the hit Netflix series, You, Joe Goldberg returns. Joe is no stranger to hiding bodies. In the past ten years, this thirty-something has buried four of them, collateral damage in his quest for love. Now he's heading west to Los Angeles, the city of second chances, determined to put his past behind him. In Hollywood, Joe blends in effortlessly with the other young upstarts. He eats guac, works in a bookstore, and flirts with a journalist neighbor. But while others seem fixated on their own reflections, Joe can't stop looking over his shoulder. The problem with hidden bodies is that they don't always stay that way. They reemerge, like dark thoughts, multiplying and threatening to destroy what Joe wants most: true love. And when he finds it in a darkened room in Soho House, he's more desperate than ever to keep his secrets buried. He doesn't want to hurt his new girlfriend—he wants to be with her forever. But if she ever finds out what he's done, he may not have a choice...

Rhyming text and illustrations show different animal mothers expressing love for their offspring.
