"In Poetry Mentor Texts, Lynne and Rose show teachers how to use poems in both reading and writing workshops and across content areas. Written in a friendly, conversational tone, this practical book explores a variety of poetic forms, including poems that inspire response, list poems, acrostic poems, persona poems, and poems in two voices--versatile forms of poetry that can be used in every grade. Each of the poetic forms has its own chapter featuring five poems with applications for both reading and writing classrooms. Reading connections present skills and strategies that move students forward as readers, helping them to build fluency, vocabulary, comprehension, phonemic awareness, and phonics. Writing connections help students and teachers discover their own voices and grow as poets and wordsmiths as they explore out many poetic forms. Poems help students at all grade levels learn to better a

complex reading texts, offering them a chance to dig deeper and use higher-order thinking skills. Additionally, Your Turn writing lessons provide a scaffold for seamlessly moving from modeling to the shared or guided experience and the transition to independent work. The Treasure Chest offers a brief annotation of the poems discussed in each chapter as well as companion pieces that extend and enhance the work of the reading and writing classroom."--Publisher's description.

More children than ever before are entering school with minimal English skills or with a need for specialized instruction. In *Listening to Young Writers*, author Melissa Hare Landa presents an organized and comprehensive instructional approach to writing instruction that will move every young child to writing competency--especially those in Title I and ELL programs.

Describes techniques that teachers can use to increase their students' appreciation for writing and offers a detailed, week-by-week description of fourteen sessions designed to improve students' writing and reading skills.

Make words the core of classroom instruction and engagement; day by day, word by word. This practical resource is designed to help students discover why word choice and language matter as they build vocabulary across subject areas, gain confidence in word usage, and increase their

understanding of word patterns. This practical book shows you how to motivate students to become passionate about words and develop strategies to help them grow in language and learning skills. Ideal for new and experienced teachers, Word by Word is committed to helping students develop innovative ways to explore and make meaning with words.

"Good writing is more than we say; it is how we say it. This book shows how to master fifty key target skills that will improve their writing and raise their assessment scores."--Editor.

About the Authors

Essentials of Integrating the Language Arts, Fifth Edition, offers students all the practical tools they need to be effective language arts teachers, supported by the necessary theoretical foundation. Like its predecessors, this edition presents a comprehensive approach to teaching the language arts, balancing direct instruction in the communication arts and integrating the language arts with other content areas such as music, art, mathematics, social studies, and science. It explores the important topics of community and caregiver involvement in education and offers thoughtful coverage of diversity in the schools. Practical teaching ideas are found in every chapter. The 5th Edition reflects current teaching practices, field knowledge, and research. Significant changes include: A more streamlined approach to allow readers

to move quickly from learning chapter concepts and related theory and research to understanding how they are applied in classroom practices, activities, and strategies Discussion of standards, including the Common Core State Standards (CCSS), with the goal of showing readers how they can apply standards in the classroom to help meet their students' needs New teaching activities that support the chapter topics and align with the CCSS An appendix with more than 25 classroom assessment tools Discussion of current, quality children's and young adult literature, including informational texts, supported by an appendix of annotated lists of books by genre Key Features "In the Classroom" vignettes, describing real teachers implementing language arts strategies and activities with their students "RRP" (Read Research Practice) boxed features, offering ideas for activities and projects "Teaching Activities," which future teachers can use in their own classrooms "Field and Practicum Activities," which readers can use now in field and practicum settings Discussions of technology and websites, to help readers prepare to integrate technology in their own classrooms Writing is best taught through models. Showing K-8 students how other authors apply the writing-craft skills that you teach is a vital part of writing instruction. This innovative resource matches 24 fundamental writing-craft Target Skills to a wide selection of fiction and non-fiction books, providing a solid set of strong models for writing-craft instruction. Both trade books and texts available only from educational publishers are included. Most of these are picture books, which are particularly engaging for young readers. A Target Skill cross-index helps you reference models and multiple craft skills.

"How can you enhance the quality and effectiveness of instruction in both the content areas and in writing? By integrating content in both social studies and science with the strategies of writing that are so important for students to master as they craft nonfiction. This book shows teachers how to use mentor texts in an integrative approach for teaching both content and informational writing. As you explore the pages of this book, you'll find strategies for teaching writing craft fundamentals with step-by-step instructions that make writing instruction come alive in content-area classes. Models make the instructional strategies clear. The book also includes a variety of expository techniques and advice on preparing writers for success on performance-based tests."

"Exciting and engaging vocabulary instruction can set students on the path to a lifelong fascination with words. This book provides a research-based framework and practical strategies for vocabulary development with children from the

earliest grades through high school. The authors emphasize instruction that offers rich information about words and their uses and enhances students' language comprehension and production. Teachers are guided in selecting words for instruction; developing student-friendly explanations of new words; creating meaningful learning activities; and getting students involved in thinking about, using, and noticing new words both within and outside the classroom. Many concrete examples, sample classroom dialogues, and exercises for teachers bring the material to life. Helpful appendices include suggestions for trade books that help children enlarge their vocabulary and/or have fun with different aspects of words"--

This practical book provides teachers with techniques and suggestions to help dyslexic pupils. Written by a team of experienced practitioners who work in a specialist school, it offers clear guidance and tried and tested strategies to help those who need support in this area. The book addresses reading and spelling difficulties and also other aspects of

pupils' learning difficulties, including: accessing the curriculum; dyspraxia and motor development problems; learning mathematics; the use of ICT; developing phonological coding; and understanding dyslexics' behaviour. Teachers and teaching assistants working in specialist and mainstream primary and secondary schools should find the book useful. It is also relevant to those doing specialist courses in dyslexia.

The activities in this book will take the student through the step-by-step process of writing a personal essay - from choosing a topic to presenting a finished essay. A Teacher's Guide is included for most lessons and a Student Tip Sheet and a Sample Topics List will help make writing an essay a breeze.

Based on a profound understanding of the ways in which young children learn, this book shows teachers how to launch a writing workshop by inviting children to do what they do naturally - make stuff.

The second distinctive feature is the authors' contention that students become autonomous writers when they can regulate or manage the elements in their writing themselves. The authors' program for developing autonomous writers integrates teaching writing strategies concurrently with self regulating techniques. They provide verbatim accounts of teachers' use of the program with students, and examples of students' writing before and after the program. Chapters on how to evaluate the effectiveness of the classroom writing program, and 'The Trick of It' - tips for implementing the writing strategy teaching programs conclude the book.

The skills and strategies students practice to become proficient writers also nudge them closer to becoming proficient readers, so how can K-2 teachers connect reading and writing instruction in meaningful ways that allow students to go deeper in their thinking? This revised second edition provides tips, tools, and mini-lessons for integrating reading, writing, and speaking and listening. Each operational, print awareness, craft, and foundational writing mini-lesson identifies the connecting point to reading and speaking and listening with Target Skills " that can and should be revisited and

reinforced during your reading block and any content area. By design, these books are not printable from a reading device. To request a PDF of the reproducible pages, please contact customer service at 1-888-262-6135.

Stronger Writing Skills for Teens offers middle and high school teachers strategies, techniques, and materials for teaching adolescent writing. It focuses on quality writing instruction and presents the modes of writing as defined by Common Core State Standards, with strategies, tips, and suggestions for teaching each mode.

Nonfiction Matters

A guide to bringing nonfiction into the curriculum in third through eighth-grade classrooms, with strategies and ideas for

reading nonfiction, conducting research, and writing reports. In *We Can Do This!* writing expert and Stella Writes author Janiel Wagstaff pairs examples of student writing with writing lessons. Student writing samples are extremely powerful tools for boosting the growth of young writers and the student samples provided in this book serve as mentor texts and the basis for each lesson. The samples are mentors that are "doable" for students: they highlight skills, strategies, craft moves, and traits within the reach of their intended audience. As teachers and students study the examples, they will think, "I can do that!" Additionally, samples that reflect the most common errors or trouble spots are included, enabling teachers to explicitly teach to these points.

Making Poetry Matter draws together contributions from leading scholars in the field to offer a variety of perspectives on poetry pedagogy. A wide range of topics are covered including: - Teacher attitudes to teaching poetry in the urban primary classroom - Digital poetry and multimodality - Resistance to poetry in Post-16 English Throughout, the internationally recognised contributors draw on case studies to ensure that the

theory is clearly linked to classroom practice. They consider the teaching and learning challenges that poetry presents for those working with learners aged between 5 and 19 and explore these challenges with reference to reading; writing; speaking and listening and the transformative nature of poetry in different contexts.

"Chapter 1 contains a definition and explanation of genre-based strategy instruction with self-regulation for kindergarten through grade 2. In Chapter 2, we discuss writing purposes and the writing process, and we provide explanations about how to make connections between reading and writing under the larger umbrella concept of genre. In Chapter 3, we explain the strategy for teaching strategies, which is the instructional blueprint for using this book and for the development of additional genre-based lessons. Chapters 4 to 6 are instructional chapters and include the lessons and resources for responses to reading, opinion writing, procedural writing, and story writing. Chapter 7 includes guidelines for sentence writing and application of oral language in grammar instruction"--

How to Teach Story Writing at Key Stage 1 is a practical manual for teachers, to be used directly in the classroom. The book begins with a series of language games, designed to warm up creativity and strengthen the imagination. This is followed by a series of creative story workshops, based on the writer's own experience both as a teacher and poet running workshops in schools. These workshops focus on growing the roots of story writing through story telling and reading, and begin with the importance of learning a few well-known tales. There are ideas for drama, role-play and art, and a few model stories are provided for story telling. Other workshops explore simple ideas for creating new stories, based around simple familiar patterns. The book also offers advice on how to organize an
