Ways to screw up the MMA comeback I've been working so hard on:
1. Check out my trainer's little sister in front of him, which gets me hit in the head
2. Make excuses to stay at the gym afterhours so I can watch her face scrunch up while she balances the books
3. Forget that she's leaving at the end of the summer and we're supposed to be sticking to just friends
4. Get caught making out with her, earning even more hellacious training sessions, along with a warning to stay away
5. Switch my focus to proving Mine \*
Until We're More

Sherlock meets Veronica Mars meets Ferris Bueller's Day Off in this story of a wisecracking girl who meets a weird but brilliant boy and their roller-coaster of a semester that's one part awkward, three parts thrilling, and five parts awesome. When Philip Digby first shows up on her doorstep, Zoe Webster is not impressed. He's rude and he treats her like a book he's already read and knows the ending to. But before she knows it, Digby—annoying, brilliant and somehow...attractive? Digby—has dragged her into a series of grrit. A kidnapping that may be connected to the tragic disappearance of his own sister eight years ago. When it comes to Digby, Zoe just can't say no. Digby gets her, even though she barely gets herself. But is Digby a hero, or is his manic quest an indication of a desperate attempt to repair his broken family and exercise his own obsessive compulsive tendencies? A romance where the leading man is decidedly unromantic, a crime novel where catching the crook isn't the only hook, a friendship story where they aren't action and the most charismatic dynamic duo you've ever met.

In a fascinating and radical critique of identity and class, *Your Place or Mine?* examines the modern invention of homosexuality as a social construct that emerged in the 19th century. Examining "fairies" in Victorian England, transmen in early 20th century Manhattan, sexual politics in Soviet Russia as well as Stonewall's attempt to combine gay self-defence with revolutionary critique. Dauvé turns his keen eye on contemporary political correctness in the United States, and the rise of reactionary discourse. The utopian vision of *Your Place or Mine?* is vital to a just society: the invention of a world where one can be human without having to be classified by sexual practices or gender expressions. Where one need not find shelter in definition or assimilation. A refreshing reminder that we are not all the same, nor do we need to be.

From there, it's a Choose-Your-Own-Adventure – and there are many choices you can make. *Your Place or Mine?* is a detailed resource for separating parents. It will help you navigate the legal system, including negotiating a settlement, mediation, and litigation, and explains the nuances of different paths to dispute resolution. It also provides specific advice about what to include in a compassionate separation agreement, such as specifying how far parents can live from each other, where transitions take place, how to handle Kids' belongings, communication, future disputes, and introducing your child to a new partner. Schwartz introduces you to several families (including her own) with separated parents, as well as adults who were raised by co-parents, and offers their insights. She also provides accessible advice from psychologists on kids' mental health, as well as tips from family law lawyers, who share anecdotes about the world of co-parenting.

This title was first published in 2003. Xenotransplantation - the transplantatoin of animal organs into humans - poses a fascinating moral dilemma. Should this ability to extend the lives of millions of older people be permitted given that it might trigger a new pandemic similar to AIDS? This study examines the moral dilemma from a combination of humanistic, legalistic, bioethical, economical and technological perspectives. The first part of the book demonstrates that xenografts are the only realistic near-term technological answer to the organ shortage problem. The balance of the book is devoted to assessing whether doctrines such as the 'right to health care' trump the moral and ethical conundrums posed by xenotransplantation. The book concludes with a 'geoethical' solution that proposes authorization of xenotransplantation subject to the prior implementation of a new international organization for epidemiology and basic health care. It also suggests that the costs of operating such an organization could be covered by a global tax on xenografts.

A "how to" guide of simple recipes for bachelors who want to cook and romance their dates in the privacy of their own homes.

In this hilarious and heartfelt memoir, Haley McGee sets out to calculate—with mathematical precision—the exact cost of love, and whether all of her former relationships were worth it. Haley McGee is in debt. The solution? A yard sale of gifts from her ex-boyfriends. But when it comes to pricing, she gets stuck. Surely the ways we invest in our romantic relationships should be reflected in the price. But how? Is the mixtape from your first love worth more than the vintage typewriter from a philanderer? Does sitting on an X-Acto knife wedged between seats on a bus to see the boyfriend you lost your virginity to increase or decrease the value of the necklace he gave you? Should you be compensated for the miserable times or do they render an item worthless? Haley decides to gamble on a larger payout. She interviews her exes and enlists the help of a mathematician to create a formula—with eighty-six variables—for the cost of love. As she's searching for answers, the one that got away reappears with a new proposition. Female desire, heartbreak and the chance for integrity in the aftermath of both are held up in this whipsmart, original and daringly candid memoir. As Haley McGee interrogates her romantic triumphs and failures with unflinching detail and hilarity, her exquisite prose elevates this all too human conundrum: Is love worth it?

*Ireland's economy is being scrutinised daily by everyone from politicians to pub goers, but what about the deeper questions of Ireland's sense of identity and community? Socially, Ireland is in a period of rapid change – is it time to get behind the numbers and look at who we really are? In Your Place or Mine? sociologist Ethel Crowley looks at our attitudes to home, place, family, sexuality and community. Do we still need the traditional forms of connection to home, family, community and locality in the highly globalised society in which we live? Do we still like to stay within the heart of a familiar comfort zone or are we willing to push its boundaries? Your Place or Mine? captures some of the complexities of contemporary Ireland. What is the impact of globalisation and multiculturalism? Are community values really declining? Despite a more liberal attitude to sexuality, are we a liberal society? Ethel Crowley mixes warm-hearted biography and sociological rigour to create a set of reflections on finding our place in the world, as a country and as individuals. 'Crowley uses an exciting, innovative approach to identify and describe the cultural transformations of contemporary Ireland. Mixing personal memories with sociologically informed debate, she provides an insightful and imaginative explanation of how Ireland has combined the local with the global.'
