Motocross is all about getting down and dirty and having fun doing it. In this photo-packed spin through the sport, readers can catch the thrill and at the same time learn all there is to know about motocross, from the basics to the finer points of the bikes, the riders, and the techniques of crashing without burning. Joe Bonello captures the different sides of the sport - Motocross, Supercross, Enduro, Hare Scrambles, Trials, ISDE, Supermoto, and Endurocross - with the breathstopping shots of the bikes in action. He sketches the history of motocross in words and pictures, profiles its heroes, surveys the magazines that provide in-depth coverage, and reviews the ten best ways if crashing. As part of the Motorbooks Gallery series, this title is filled with dozens of color photos from one of the sport's leading photographers, and is bound in a flexi-binding for durability and affordability.
