modification.

The book is constituted in four chapters, each of which addresses a specific aspect of the the physical realities of the Islamic city.

The first chapter introduces issues that pertain to the dialectic relationship between buildings, cities, and civilizations and

Read Book Z Purlin Design Example Bing

highlights the typological processes involved. The second chapter involves a typological analysis of the Islamic houses which formed the structure of many cities including Fez, Mostar, Aleppo, and Algiers--among others. Chapter 3 addresses the physical aspects of

Read Book Z
Purlin Design
Example Bing
Dirff

the building tissue in the Islamic city and the dialectic relations between the building tissue and the larger contextual fabric. In chapter 4, the city is analytically described as an urban organism; it also involves methods of interpretation while at the same time concluding with the
